iv. Appropriation 13F – Global Intelligence and Security Society

- Motion to open
- Seconded and passed by all
- Authorship speech by Senator Mendivil
- Anything that was cut was because of our standing rules and because it was requested in budget
- We thought we could be helping them
- Questions:
- Senator Hodge How will the student be selected to go be chosen?
- Senator Montoya there is an interview process
- Senator Hartshorn How will we assure that they don't take credit for the class?
- Senator Briones They assured us that it won't be for a credit
- Senator Hartshorn why do they need all the other books ?
- Senator Briones they are building their library
- Senator Macherla Aren't these classes usually for a credit?
- Senator Briones we were told that they will be doing a research in Russia and retain international security
- Discussions:
- Senator Aufrichtig I was the founding father and I will be absenting from voting.
- They will not be doing this for a credit and it doesn't have to do with your major
- Senator Montoya I want to point out that this is for only one student
- Senator Hartshorn each student pays \$20 per fees and I am not sure giving all this money to one student will be in our best interest.
- Senator Hodge I was very concerned about this at first, however the finance committee did a good job and I think their recommendation is well
- Senator Aufrichtig it is not uncommon for us to fund one student to travel somewhere, we have done it before
- Senator Maestas all members can apply for this but only one can be chosen

- Senator E.Garcia motion to move back into questions
- Seconded and passed by all
- Back in Questions:
- Senator E.Garcia are they given funding from the Global Education Office?
- Senator Briones I don't think there is funding from GEO and they might receive other grants but not for this trip
- Senator Macherla how many students?
- Senator Briones: 30 Undergraduates
- Senator Hartshorn have they already chosen who is going?
- Senator Briones we didn't get very detailed answered but they are aware of the timeline of Senate
- Senator Hodge who will be selecting that one person?
- Senator Briones there will be selection committee which has the 4-voted officer and the advisor
- Senator E.Garcia why would the student take more a semester without receiving a credit?
- Senator Maestas for the certificate that will help them get better jobs
- Senator Sena isn't the certificate considered a credit hour?
- Senator Hartshorn was this organizations recently chartered?
- Yes
- Senator Hartshorn is this a onetime thing and can be in a budget?
- It might be a onetime thing for now but it will be an appropriation because it is travel
- Senator Briones I know that we all don't have the right information to pass or fail this. I think we need to respect their answers but we also don't know a lot about this
- Senator Maestas What we vote on today will set what we will be voting on in the future
- Senator Hartshorn reduces line 12 to \$0 because air fare is very expensive and I don't think this line should be a part of this appropriation
- Seconded
- Discussion
- Senator Padilla the dates of the trips are so much longer than 2 weeks. It is 6 weeks
- Senator Ben the original request was higher and we reduced what we thought were appropriate
- Senator Hodge we need to sometimes give our student organizations a chance. I still support the finance committee original recommendation.
- Senator Briones I feel more comfortable funding them per diem rather than the air fare
- Roll call

- Motion fails 1-16-0-2
- Senator Montoya reduces line 11 to \$400 I think this will be a good amount to fund them
- Senator Maestas friendly amendment to \$500
- Senator Montoya respectfully declines
- Senator Maestas I like the idea to fund the travel per diem and for them to fund the travels
- Senator E.Garcia I think I am in favor of this because we are still supporting them somehow.
- Senator Hodge my only concern would be that they might need to buy the ticket soon and they won't have enough time to fundraise it
- Senator Montoya on average if we were to fund plane ticket in the US it would be around \$400
- Senator Sena this is not a terrible price and tickets to Russia are only \$12000
- Senator Briones they can do a budget revision if they need to use that money right away.
- Senator Hodge I support this reduction
- Roll call vote
- Motion passes 15-2-0-2
- Senator Macherla This is a new organization that has never requested money before. We don't know where the line will be drawn if it is a certificate or a credit. If the student will be using this money for their own benefit, what is the point of funding them individually?
Maybe we can have a discussion with this group and get more information from them
I will be absenting from voting on this because I am a part of this organization
- Senator Aufrechtig I think we should fail and let the finance committee revisit this appropriation
- Senator Maestas We asked every question we could ask but they jumped around the questions and chose not to answer them
- Senator Briones they received an appropriation last spring.
- Senator Hodge I think we have reached a choice. It is not guaranteed that we will have any further information
- Senator Briones this is time sensitive
- Senator Maestas moves to approve the appropriation
- Roll call vote
- Appropriation fails 5-11-2-2

- The majority is for their travel.
- They do a lot of fundraising
- Questions:
- Senator Rios: how are they going to decide which 20 people will go?
- Senator Briones: not every 40 student goes to all games and tournaments
- Senator Hartshorn are the men and women's the same?
- Senator Ben they work together and their appropriation is the exact same but they are different clubs
- Senator Weis Do they pay a fee to join?
- Senator Ben they don't at the moment
- Discussion:
- Senator Aufrechtig increase line item 1 to \$300
- Senator Ben we reduced that per our standing rules
- Senator Aufrechtig standing rules don't apply here
- No second
- Senator Starkweather line item 6 to \$0
- This is because the trip will be in Santa Fe and it would be best to give them money to get there but not give them money to stay there because they could be staying with friends
- Discussion:
- Senator Maestas If we do cut that, we should still give them gas mileage
- Senator Briones we don't usually give people money to go to near trips. I encourage this
- Roll call vote
- Motion passes 18-0-0-2
- Senator Montoya increase line 5 to \$75
- Seconded and passed by all

 - Senator Briones they have received a budget last spring
 - Ryan: they have been around for 5 to 7 years
 - Discussion
 - Senator Aufrichtig this a great appropriation and we should fund it as it is.
 - Senator Maestas the speaker will be open to public so we can all benefit from it

b) Steering and Rules Committee

i. Bill 4F

- Moved and seconded to open
- Passed by all
- Authorship speech by Senator Macherla
- This was passed last semester but never made it to the President's office
- Your independent emails can be utilized but not your Position UNM email
- Questions
- Senator Briones: what about student chartered organization?
- Yes, absolutely. Student organizations can endorse people through forms

- Senator Maestas UNM sports team can't endorse?
- The members from their own social media can but not the official team page
- Senator E.Garcia we can hold senators or candidates accountable for athletics posting that on their page.
- Senator Wilks is this clarified in the elections code? I would like future senators to be aware of this
- Jac Hoswell candidates are held responsible for who campaigns for them
- Senator Maestas so is this an already standard by a university policy?
- Ryan: It is a policy
- Discussion:
- Senator Ben section G by addition of bullet point to read "on student organization sponsoring see election code article X section 1 sub section E"
- Questions
- Senator Briones: would this be consistency with the law book or would it make it more confusing
- AG to rewind a little bit, it is a policy so this will be confusing and I would be hesitant about it
If they have a UNM email, they aren't supposed to endorse it
- Senator Wilks their email that is owned by the university they can't use but can they use their social media? Yes
- Discussion:
- Senator Ben with the Ag's input I don't think that It addresses what need to be addressed
- Motion fails by all
- Senator Hodge with the confusion, I think it might be useful to take more time and work better on it.
- Senator Maestas moves to vote on the bill as It stands
- Seconded
- Roll call vote
- Bill fails 0-18-0-2

ii. Bill 5F

- Moved and seconded to open
- Seconded and passed by all
- Authorship speech by Senator Ben
- Some of the concerns were the voting time and voting locations.
- We canceled out early voting days and we changed it to be two voting days
- This will hopefully increase voter's turn out

- A major concern was the lack of Data so we continued other Universities to see how it worked out for them and they gave a great feedback about it.
- We believe that this is very beneficial
- Questions
- Senator Hodge how many people vote online rather than in person
- Senator Ben provided numbers
- Senator Briones do you have numbers for spring 2017?
- Senator Hartshorn we don't
- Senator E.Garcia will we not be calling Wednesday election day anymore?
- Senator Ben Monday to Wednesday will be called the voting period
- Senator Hartshorn both days will be elections day but the whole period will be called voting period
- Senator Sena is there a reason why there was no polling station on Monday
- Senator Ben elections committees don't have the amount of people to have 3 consistent days
- Discussion
- Senator Maestas I think this is great for voter's turnout. But candidates will be exhausted and will be missing school for 3 days
- Senator E.Garcia I feel a lot more comfortable with this bill. I was concerned about the exhausted candidate but I felt that this will engage more students
- Senator Starkweather I like this Bill and thanks for the author. I encourage the 24 hours online voting period
- Senator Hodge I am impressed by the statistics that were gathered. I don't think we need to make any considerations for exhaustion. Campaigning isn't required and running in the first place isn't necessary
- Senator Sena I think the three days window is very beneficial
- Senator Montoya I think that we should consider that we won't know how this will work until we try it and I am for trying it.
- Senator Briones the elections commission are very excited about it. It has my full support
- Senator Hartshorn thank you for all the support. Missing school is not allowed to campaign. The main reason is to increase voter's turn out
- Senator Rios If we are working to be a destination University we should work like one
- Senator Aufrechtig I am for this bill. This bill is a solution for a lot of the inconveniences

- Senator Maestas we don't have any statistics about what the students want. And I also think we should take into consideration the candidate's exhaustion
- Senator Sanchez everything has been about numbers. The only person benefiting is ASUNM. It all goes back to who has a better network This is not a popularity contest if you want that you can run for homecoming queen or king
- Senator Sena calls the question

- Discussion
- Senator Briones strikes everything after the bolded senate and insert the "The finance Chair will present the recommendations of the finance committee through a line item budget of the surplus of all legislative judicial and executive office to the president of the senate for approval no later than the sixth senate of the fall semester. A simple majority vote of the senate is required for approval "
- Seconded
- Questions:
- Senator E.Garcia can you explain what would be
- Senator Briones I believe that this is saying the same it is just a clearer way to say it. The finance committee should be the one hearing the balance forwards and they will bring it to full senate
- Senator E.Garcia will this be formatted like an appropriation bill or like a budget?
- Senator Briones that could be looked at and we can work it our
- Senator Macherla is this Senate or a full senate
- Senator Briones in the law book when it says Senate it means Full Senate
- Senator Macherla will there be any benefit in moving the deadline up or back?
- Senator Aufrichtig the reason why I extended was because of the issues of needing money before or later. Red Rally didn't even spend most of their money on red rally.
- Senator Macherla why was it originally the third week

- Senator Aufrichtig it was mostly to put pressure on the directors to get their paperwork in on time
- Senator E.Garcia as it stands, will that put the deadline to where it can be put on the Agenda.
- Senator Briones it will have to go through the 6th full senate meeting
