A brief History of title nine and a background of Dean Torrez's background and education

- ❖ Dean Torrez Touch on some of the main concerns of the University
- ❖ UNM is only the 2nd University to be investigated like this the first is Montana
- ❖ Enforcing of disability type issues
- ❖ There is a 37 pg. Report from the DOJ
- ❖ Status of compliance
- ❖ UNM actively changing things
- ❖ Policy and procedures needed improvement
- ❖ Dean of Students taking many measures
- ❖ Office Equal Opportunity investigating entities
- ❖ How does the DOS office and Lobo Respect help Students?
- ❖ How are we doing things?
- ❖ How to work with survivors
- ❖ ASUNM Senators how can we use you to help us spread the word.
- ❖ Infinitely complex systems
- ❖ Being informed of Lobo Respect as student leaders
- ❖ LGBTQ RC, WRC, Lobo Respect, and other non mandatory Reporting Sites
- ❖ UNM making the contract where the DOJ outlines what UNM has to do to be compliant with the law
- ❖ This could have mass repercussions on the student populations
- Questions From the Senators?
- Senator Romero: Thank you for coming and what can the University can do to victims previously?
- Dean Torrez: I hope that any of those cases we can learn from and not make the same mistakes. We are constantly learning and evolving.
- Senator Romero: Seen improvements day to day can cases be reopened
- Dean Torrez: Depends on the cases because they can be really complex.
- Senator Williams Besides the 3 resources centers. Who else are mandatory reporters?
- Dean Torrez Yes there is some debates on who is and how title 9 coordinates.
- Senator Williams: Keywords?
- Dean Torrez: DOJ we're not training staff well enough and there are not magic words. What happens if it is in a paper? They have to explain when they have to report it.
- Senator A. Moore: Question of curriculum implementation what would it look like?
- Dean Torrez: Excellent question. New Student Orientation trains more than 3000 students and we are sending training materials to DOJ. But the real question is, Is our training going to be effective?
- Senator Romero: What is the cost of implementing the training
- Dean Torrez: \$20,000 already purchased by former Dean. Cost of live implementation. Could not quantify it. We need at least 5-10 full time staff.
- Senator A. Moore: RA last year what other student positions are mandatory reporters.
- Dean Torrez: Mandatory because you're a student employee
- Senator A. Moore: Are some given trainings and don't understand they are mandatory reporters.
- Dean Torrez: Doesn't know in definitively.

- xxi) Senator S. Moore start off with better note a senator that has done something exceptional and a great senator. Sade in her office hours and already working really hard and calling every and they shut her down and she was like a bulldog. And came in and I appreciate that. On another note if you are not really not knowledgeable about student orgs when you don't have the answer yourself go thought the law book and education yourself. We as a senators empower them to be that are why we have standing rules. Why it changes semester to semester.

We have different election cycles. Not a merit or use based value outlet. Educate yourself

xxii) Senator Romero thank you Rocky and Jac

xxiii) Senator Williams We need people to step it up it not good enough it not ok to be average in this room. Being busy is not an excuse every single person needs to step it up including myself. What can we do better? I am here to help. Thanks for asking questions. Make sure your asking appropriate questions. Do more research.
