- (65) Sen Miller I don't think it's outrageous a lot of people would appreciate see some for free sounds awesome
- (66) Senator Brooks I mixed on this also I wanna trust Hannah it's too much IDk enough we should fund them fully and if they bring more student s still 3500 dollars from student orgs
- (67) William couple points been to fiestas not be able to through something out their I have to look impacting student orgs giving back to them it not going to kill them if we cut women rugby they kicked out of the and they could get deters until they get back on Sen Aufrichtig feet and some years are total wiped out

- (68) Senator Douangkeo very long discussion about this 15,000 is already a lot more then most student orgs budgets we gave them extra they told us they could work with that I'm out of state and we have to make tough decisions fully fund it don't thinks that fair another reason we only support our selfs

- (16) Senator Brooks I think I agree it not outrageous
- (17) Sen Aufrichtig happy full future doctors
- (18) Senator Douangkeo all Sen Aufrichtig line items and from Sen Aufrichtig situations is specifics and with that in mind it are and coming to full senate and we fund this fully and will nelly fair and equitable and idea yes it is drawing a lot of students the reason 150 rule orgs ask a lot of money only line item and of the student orgs come in and we say follow it when we say follow it at the same time we see the bigger picture one goes beyond standing rules and stop other standing rules look it not easy it not fun say what we mean and say what mean
- (19) AG standing rules are for committees we are not going against standings and yours are different then finance. As AG encourage always look at the bigger picture in committees and in full senate your role you are a senator and looking
- (20) Sen Aufrichtig I'm really enjoying 1st week double standards are worrying we can through the I hope we can put yourself in other people shoes and keep coming up with these and bit us in our rear end better arguments
- (21) Senator Brooks please let the past go the committee are a recommendation and make many decisions and how finance go and s&r change all the time treat it like 150 not 10000 and fully at the extra I'm fine breaking finance even they don't apply and times when its not we arguing about 3500 we should keep the
- (22) Sen Miller we should promote giving opportunity 150 isn't going to break the bank a group of students who work hard let give them food
- (23) Sen B Garcia Why finance reduce to 150
- (24) Vice President Feltz Standing rules
- (25) Senator Landgraf what they are doing 5000 fundraising we would be foolish and if they were to do this send two people somewhere else 2,400 else for those don't always hold up vote yes
- (26) Sen Williams remind everyone four separate student originizations more than 150
- (27) Senator Stepanek I agree with Senator Landgraf Sucks to suck
- (28) Sen Aufrichtig let them eat cake funding our student org in the 21st upmost important rather to see that the don't have what they need and host as many people I want them to have every have their cake and eat it too

- (41) Sen Sanchez yes the jerseys nice and we have the them there and show their talent s maybe 75% and showcase how goof they are
- (42) Senator Brooks if there are playing with jerseys with blood we should fund them something and represent unum in a good way and hope to work with some their senates to get then there and keep coming through the process and not not fund for us and be the best team they can possibly be
