         Senate to order at 6:00 pm.
   b. Roll Call

         passed unanimously.

      ● MOTION to approve the agenda. The MOTION was seconded and passed

2) Preliminary Business
   a. Guest Speaker: President Stokes
      ● Good evening everyone! I am glad to see everyone. I have been told by
         many people that UNM day at the Legislature was very fun. We had
         some great opportunities to talk to legislators and there was a great deal
         of excitement about what is going on at UNM. My one year anniversary
         is coming up soon. This was my first UNM day and I am glad to start it so
         positively. Last Friday I was at Santa Fe again to for the hearing of the
         student regent. Melissa C. Henry is our student regent and I am very
         excited to see what she is going to bring to us. We asked ASUNM and
         GPSA to solicit people to apply and go through a vetting process. From
         both offices I received three names, and frankly any one of the six of
         them would have been an excellent choice for regent. I have had a few
         people in my traveling office hour ask me if I could explain the regent
         selection process. They did not know that the President only really has a
         choice in who the student regent is. One of the things I have been
         working on is campus safety. There has been a serious reduction in auto
         thefts. We have been working with APD, put up cameras, and have had a
         lot more patrol. I have created a campus security group that is being co-
         chaired by some leaders on campus. I have been receiving your ASUNM
         resolutions and I want to let you know that I do read what I receive. I
want to thank you for your commitment to the student fee process. I know how much work goes into that process. I want to thank Becka Myers for the work she has done as well. It has not always been rosy and we have been making good work. We still have some major budget holes to fill. We do expect some new money based on what we are seeing at the legislature now. We are hoping to receive more money for raises as well. It has been awhile since our staff and professors have seen a raise, so this will be great. Our budget summit is scheduled for Friday, April 5. UNM’s birthday is February 28. I am going to Washington D.C. next week to meet with our Congressional delegate. I am leaving Washington D.C. just so I can be back here in time for UNM’s birthday. Root beer floats at my house will be on April 25.

● Questions:
● Senator Silva: Thank you for coming. I really appreciate you coming to ASUNM. I also appreciate your travelling office hours. Besides the state funding for faculty and staff, what other things are you going to do to promote faculty retention?
  ○ We have individuals who are really dedicated to supporting faculty beyond just compensation. We have discovered that retention is about the climate of support in a department, so we have a lot of initiatives about faculty support.
● Senator Assed: Thank you for coming. With enrollment drop, there was some talks about having a committee to fix that. How is that going and how can we be apart of that?
  ○ We have had an enrollment task force already at work and they are looking at how we market financial packages to recruit students. They are looking at a pretty broad range of reasons why enrollment changes. I hope they are getting input from students. I would hope there is an opportunity to be apart of this process. This is high priority. I hope that this drop in enrollment will wear off. We are in a search for someone to work at the enrollment office.
● Senator Varela: What is your opinion on differential tuition?
  ○ That is a very complicated subject. The value is that it lets us charge closer to the true cost of what a program is. I do not know how understandable this is to students. We want to be able to share very clearly what people should expect to pay for different major programs. I think that it should be fair and easily understood. In the places I have been before everyone paid almost the same tuition. I know at a time where it is hard to raise tuition in general.
● Senator Montoya: Within ASUNM, we come into these positions with big ideas. Sometimes it feels like we are limited as students. What is your
opinion on how ASUNM can make changes on campus, and how we as senators can make change?

○ I see that the student voice is really important to our administration and our board. I think the new Board of Regents is very attuned to student’s voices. I think that one thing that could happen is that if there is something that really matters, feel free to approach me about that. Sometimes I receive a resolution but receive no follow-up for it.

● Senator Lucas: Thank you for coming tonight. I have looked through some statistics that have gone through CAPS and I have also been an orientation leader. I know sometimes it is hard to cater to the needs of non-traditional students. I am curious if there is anything going on right now to cater to non-traditional or transfer students.

○ I do not know what is going on with CAPS, but there has been a lot of discussion on the needs of non-traditional transfer students. They have different challenges than typical freshmen. This has also been talked about in the enrollment task force. I am not sure all we are doing, but I know this is a very serious topic.

● Senator Silva: You have been in New Mexico for almost a year. What has been your favorite part so far?

○ I continue to be amazed at the diversity of everything in New Mexico. There is diversity in landscapes, people, and ideas. I also love the sky. I really appreciate the light.

● Senator Goranson: What is your favorite New Mexican restaurant in Albuquerque?

○ I go to Frontier all the time. We go to Weck’s a lot for breakfast. I have been to several, but I have not picked my favorite yet. What is your favorite?

➢ Senator Goranson: Monroe’s!

b. ASUNM President’s Report

● From the Dean of Students office: if you file your own taxes, the Center for Financial Capability is helping students file their taxes.

● Budget Leadership Team: We are still crafting the budget and they are extremely preliminary numbers. We presented our numbers in November and we still have not heard back yet.

● *went over PowerPoint on the Budget Process*

○ Senator Woodworth: From the information just given, I support the block tuition because I think this is going in the direction that UNM is going. I would be more than happy to pay more for an upper division class if it meant that professors would do their job better.

○ Senator Roybal: When I first came to UNM, paying upper division premiums was not told to us at all during NSO.
Senator Stearns: I think block and differential would be my top two.

- Legislative session: SB 80 - unclaimed prize money would go into the scholarship fund (in support); SB 283 was created to basically eliminate the 30% transfer and putting a cap on the administrative cost. Over a few years, this should go down to 15%; HB 127 would make this to about $1,500, this would increase distribution for the endowment fund for students to pay for college

- Senator Silva: What is this scholarship?
  - I believe it is from the taxes you file.

- Provost and EVP searches are happening, similar to the Presidential search that happened last year.
- We have 5 new regents! I am excited to work with them.
- They are changing policy 220: Freedom of Expression and Dissent.
- There is a President and Vice President Q&A will be on 2/26 at 7 pm in the Atrium.

c. ASUNM Vice President Opening Remarks

e. Joint Council
• If you want to be added to the Joint Council email list, please let me know. This week, there is not a whole lot to report. In terms of legislation and appropriation, there was nothing said. I would appreciate if you came with questions in the future.

f. Boards and Committees
• Senator Silva: Today was the SUB Board meeting. One of the art pieces from the art scholarship presented today and it was phenomenal. We are looking to replace the roof. The roof has not been updated in awhile.

g. Public Comment
• UNM Women’s Rugby: We are here in support of our appropriation. We have added a new head coach and have had an applicant for an assistant coach. We have three new All-American nominees this season. We have our first tournament this weekend on Johnson Field. We passed a resolution with ASUNM to gain entrance into the Athletic Department, maybe in the future we might go for that again. We have cut our budget down a lot. We are mainly asking for tournament fees and travel. We are also asking for money for a videographer. We also requested money for food for our tournament this weekend, but since we won’t get it in time, so we don’t need that money.
• UNM World Affairs Delegation: We are UNM’s model United Nations team. Our activity is designed to give students a model simulation of the United Nations. We travel to conferences at the collegiate level, as well as host conferences at the high and middle school level. The bulk of our appropriation is for travel to Madrid, Spain for the Harvard World Model United Nations conference. We need to raise about $12,000. We are requesting for one airplane ticket, per diem, and two travel days. We are also requesting money for the day-to-day operations of our club. We are also requesting money for the transportation passes while we are in Madrid. We are traveling with 15 undergraduate students. We have also gone through GPSA.
  • Senator Goranson: How will you choose which member gets the plane ticket?
We are bringing one student from the alternate list to go.

Mountaineering Club: We are a really great group that provide resources to students to be safe and have fun in the mountains. We have had several people graduate and become mountain guides. We are a very open group and will take people who have never been hiking before. We only charge $30 for our fines. Students can learn to be skilled outdoorsmen.

h. ASUNM Senators

Senator Silva: It has been a productive meeting so far, just try to stay energized and pay attention. Make sure you are focused.

3) Business

a. Finance Committee

Senator Gallegos: We had our first round of budget hearings last weekend and we have more this weekend. Please come and watch!

i. Appropriation 17S - World Affairs Delegation (WAD)

Sponsorship Speech: Senator Roybal: They are an active MUN team and are attending WorldMUN in Spain. They are traveling from March 15-23. They do a lot of fundraising, especially bake sales. They have a selection process for the team going to WorldMUN. They are bringing 15 students. They did not send a quote ahead of time, but did bring the quote to the committee meeting.

Questions:

Senator Goranson: What was the quote for?

Senator Roybal: It was for airfare.

Discussion:

Senator Jaffe: This seems like a really cool group. I think it is important to support them.

Senator Silva: I am confused about the airfare. I think that this is similar to LoboTHON. They did not bring a quote. I know they ended up bringing a quote. I want to make sure we aren’t being unfair to all groups.

Senator Gallegos: They have submitted appropriations before and previously it has been permitted to bring a quote to the hearing. This rule is newly implemented. The intention behind the change was so the committee has time to review them ahead of time.

Senator Assed: I feel like since they provided a quote before the committee and it was reliable, they shouldn’t be penalized for it.

Senator Goranson: I think because they provided a reliable we should give it to them.
○ Senator Roybal: I think that we are showing some student groups leeway, and it is in our standing rules.
○ Senator Assed: Yes it is in the Finance standing rules, but they do not apply here.
○ Senator Silva: Even though the rules don’t apply here, we have them for a reason. I think in order to be fair to all student organization, it needs to be penalized in some aspect.
○ Senator Romero: I think there is a major difference between this group and LoboTHON. This group brought the quote to us in committee.
○ Senator Varela: Does anyone know why the quote wasn’t provided.
○ Senator Montoya: They did not know if they would be able to use the airfare line item because of the confusion. They also had been submitting appropriations based on the old rules.
○ Senator Silva: MOTION to reduce line item 23 to $1,000. The MOTION was seconded.

➢ Senator Goranson: Why only $400?
■ This is a new standing rule, but I feel like there should be some penalization for it.
➢ Discussion:
➢ Senator Goranson: I don’t agree with this reduction because this group was not penalized in committee.
➢ Senator Assed: I do not agree with this because I feel like $400 is a random amount.
➢ Senator Varela: I disagree with this reduction because they really try to not rely on us. They were really prepared.
➢ Senator Roybal: This was clearly written in the standing rules. With the $400 reduction, should we give a full 50% reduction?
➢ Senator Stearns: I think if we were to be reduced we should follow the rules.
➢ Senator Silva: I would be open to a friendly amendment to change the reduction. I appreciate this organization, but we should
➢ Senator N. Gonzalez: I feel like $400 is a random number. This should not be compared to LoboTHON.
➢ Senator Terrazas: We have to look at them as a separate student org. I feel like we have to follow the new rule. I do respect the finance committee.

➢ Senator Montoya: The way we have been doing appropriations in the past, and they realized they have been requesting the money wrong. They were able to bring an alternate so this plane ticket is their ability to bring them. They found this out very recently.

➢ Senator Jaber: Whether we fail this motion or not, we should either reduce it by half or fund it in full.

➢ Senator A. Gonzales: We keep comparing this to LoboTHON, I feel like we should penalize them as well.

➢ Senator Jaffe: If they were going off of the old standing rules, it is our responsibility as well to reach out to them.

➢ Senator Romero: I think it is our job to inform the organizations. I again do not think this is similar to LoboTHON.

➢ Senator Woodworth: I think this conversation is becoming circular. If they have followed the rules in the past, it shows they can be trustworthy. This organization is really representing UNM well.

➢ Senator Lucas: I understand the controversy behind this, however, if we cut this, one student will not have this opportunity.

➢ Senator Jaber: Friendly amendment to reduce to $700.

■ The author accepts.

➢ A roll call vote was conducted and the MOTION passed with a vote of 10-8-0-1.

○ Senator Montoya: I don’t think ASUNM needs to treat every organization the same. We should treat them as an individual because every group is unique.

○ Senator Goranson: I think these decisions should be made in committee.

○ Senator Goranson: MOTION to vote on the appropriation. The MOTION was seconded.
A roll call vote was conducted and the appropriation passed with a vote of 16-1-1-2.

ii. Appropriation 18S - UNM Mountaineering Club
- **Sponsorship Speech:** Senator Romero: They are a great organization. They are bringing 18 people to Colorado to ski. They are doing a climbing trip to Utah over spring break. They are requesting money for a guide.
- **Questions:**
  - Senator Goranson: Did people volunteer to go on the trip?
  - Senator Varela: It is voluntary.
  - Senator Assed: Why is there an increase in Line Item 1?
  - Senator Gallegos: They needed two units instead of one.
- **Discussion:**
  - Senator Goranson: I feel comfortable funding them in full.
  - Senator Romero: MOTION to vote on the appropriation. The MOTION was seconded.

iii. Appropriation 19S - Women’s Rugby
- **Sponsorship Speech:** Senator N. Gonzalez: They asked for funding for 4 tournaments and a banquet. They asked for food, but want to reduce that by $200. They have 25 members on their team and they are all undergrads. They do fundraise.
- **Questions:**
  - Senator Torres: Are they bringing one bus?
  - Senator N. Gonzalez: Yes.
  - Senator Vigilant: Why do they need computer and printer supplies?
  - Senator N. Gonzalez: It is a videographer to help promote what they are doing.
  - Senator Jaber: Why is line item 2 increased and more than other travel per diems?
  - Senator N. Gonzalez: They miscalculated their travel days vs. overnight days.
  - Senator Lucas: Why is the videographer under computer and printer?
  - Senator Gallegos: We did not change it.
- **Discussion:**
  - Senator Roybal: For their conference fees, they said they have registered, but they haven’t paid.
  - Senator Jaber: MOTION to reduce line item 1 to $0. The MOTION was seconded and passed unanimously.
  - Senator Goranson: I think I am comfortable funding this in full.
• Senator Romero: They came in and did a tremendous job with their appropriation. I am comfortable funding this in full.
• Senator Romero: To my understanding, our largest groups who ask for appropriations have already gone through.
• Senator Goranson: Shouldn’t we move to reduce the conference fees to $250.
• Senator A. Gonzalez: Please keep in mind how much money we have left.
• Senator Jaber: MOTION to reduce line item 4 to $250. The MOTION was seconded and passed unanimously.
  ○ Questions:
  ○ Senator Varela: Why $250?
    ➢ Senator Jaber: Standing rules.
  ○ Discussion:
  ○ Senator Romero: I wonder how much the conference fees were originally.
  ○ Senator Goranson: With these numbers, half of that is $325.
  ○ Senator Jaffe: Friendly amendment to change the amount to $325.
    ➢ The author accepts.
  ○ The MOTION passed unanimously.
• Senator Goranson: MOTION to vote on the appropriation. The MOTION was seconded.
  ○ A roll call vote was conducted and the appropriation passed with a vote of 17-0-1-2.

b. Steering and Rules Committee
• We had 4 pieces of legislation go through. If you have any questions before full Senate, anyone in our committee can answer it.
  i. Bill 3S - Defines the responsibilities of the Governmental Affairs positions
     • Sponsorship Speech: Senator Silva: This bill puts job duties for the projects coordinator. In committee, we took out “taking part in legislator meetings” as a precaution.
     • Questions:
     • Senator Goranson: Why “conduct media and research audits” removed from projects coordinator?
       ○ Senator Silva: They wanted to widen it to research in general.
     • Senator Varela: Are “legislator meetings” one on one?
       ○ Senator Silva: That is part for UNM Day and part capital outlay.
     • Senator Roybal: Why is it important to put the projects coordinator in the lawbook?
Senator Silva: Right now there is no description in the law book. It also helps the agency grow.

- **Discussion:**
  - Senator Montoya: This would make this more official as well as giving projects coordinator a more clear role. This would prevent putting a lot of work on one position.
  - Senator Goranson: I would like to thank the people who wrote this.
  - Senator Goranson: MOTION to vote on the bill. The MOTION was seconded.
  - A roll call vote was conducted and the bill passed with a vote of 16-0-2-2.

ii. **Bill 4S - Defines grammatical mistake in our definitions code**

- **Sponsorship Speech:** Senator Lucas: This bill defines grammatical mistake which is a follow up from Bill 2S.
- **Questions:**
- **None**
- **Discussion:**
  - Senator Montoya: This bill looks perfect based on what we talked about last meeting with Bill 2S.
  - Senator Romero: I think is a great way to clear things up.
  - Senator Romero: MOTION to vote on the appropriation. The MOTION was seconded.
  - A roll call vote was conducted and the appropriation passed with a vote of 18-0-1-1.

iii. **Condolence 1S - Recognizes the loss of former Lobo and two time ASUNM President Francisco Mario Ortiz**

- **Sponsorship Speech:** Senator Jaffe: This is remembers and recognizes the loss of Francisco Ortiz and recognizes all he did during ASUNM and his life in general.
- **Questions:**
- **None**
- **Discussion:**
  - Senator Goranson: I think it is important to recognize those in the UNM community who have made a difference.
  - Senator Silva: MOTION on line 33 to capitalize ‘p’ in “President”. The MOTION was seconded and passed unanimously.
  - Senator Romero: MOTION to vote on the condolence. The MOTION was seconded.
  - A roll call vote was conducted and the condolence passed with a vote of 18-0-0-2.
iv. Resolution 25 - ASUNM strongly urges UNM administrative leaders of food services to begin to take concrete steps to make the transition to stop serving meat raised with the routine use of medically important antibiotics in all non-chain dining areas

• Sponsorship Speech: Senator Montoya: This resolution is concerning the routine use of antibiotics in the meat we use here at UNM. An individual emailed me with her concerns. We wrote this together. I recently came into contact with UNM Foods about this resolution, and basically Chartwells has already incorporated this. I think this still serves a good point to inform everyone. I would like to add a clause recognizing their initiatives.

• Questions:
• None

• Discussion:
  - Senator Montoya: MOTION on line 60 to add “WHEREAS, UNM Chartwells has already made strides to phase out chicken and turkey that have been raised with restricted use of antibiotic drugs out of their meal production and is currently in the process of doing the same with pork and beef; and”. The MOTION was seconded and passed unanimously.
  - Senator Montoya: MOTION to on line 83 to strike “have completed phasing” and add “to continued to...phase”. The MOTION was seconded and passed unanimously.
    • Senator Torres: Friendly amendment to strike the first “to”.  The author accepts.
  - Senator Montoya: MOTION to strike out “and” and add “, UNM Student Body”. The MOTION was seconded and passed unanimously.

  - Senator Roybal: I would like to commend the author.
