3) New Business
   a. American Institute of Aeronautics and Astronautics
      i. Sen. Lutz: MOTION to open American Institute of Aeronautics and Astronautics
         1. MOTION is seconded and passed
            a. Sponsorship Speech: Hello! We listed meeting flyers to better advertise our meetings, we want to increase our reach. In the past few years, we’ve brought in about 5 or 6 speakers per year (scientists, professors) to give students reasons to be interested in Aerospace. Other clubs have very detailed posters, and ours is not that great. We want to advertise more around campus, as we are here for all majors. We are requesting money for rocket building kits to get some hands on experience and build interest.
            b. Questions:
i. Sen. Lopez: Could you elaborate more on student instructional materials?
   1. I am not sure what that section means, it might be for the rocket building kits.

ii. Sen. Lutz: Do you guys charge membership fees?
    1. We do not

iii. Sen. Rivera: What exactly is speaker support?
     1. To get the speakers and other odds and ends

iv. Sen. Lopez: Do you have a national organization and do you receive any funding? How much money?
    1. We do have a national chapter, but we are closer to our local chapter. We receive about $700.

v. Sen. Rivera: Have you tried requesting money from GPSA, as you have a few grad students?
   1. Not to my knowledge

2. Sen. Lutz: MOTION to table AIAA
   a. MOTION is seconded and passed

   a. Discussion:
      i. Sen. Lopez: They said that the kits were more important
      ii. Sen. Rivera: The honorarium was pretty vague
      iii. Sen. Lutz: I want to hear discussion about meeting flyers and meeting poster, I don’t know if we could combine that because they seem the same. The student support line item seems pretty vague.
      iv. Sen. Lopez: We did cut the copying services to $35, so combining these would be difficult.
      v. Sen. Rivera: I agree
      vi. Sen. Lopez: MOTION to decrease student support to $0.
         1. MOTION is seconded
         2. Sen. Lutz: I would like to hear more discussion, as this line item is vague, I don’t think we should cut them fully.
         3. Sen. Rivera: At the very least, we should cut this by a significant amount. I would be willing to decrease or defund it
4. Sen. Chioda: Although it is vague, we should not cut it completely because they do not have membership fees
5. Sen. Lutz: We should cut it in half
6. Sen. Lutz: Friendly MOTION to reduce line item 15 to $150
   a. Author accepts
      i. MOTION is seconded and passed
4. MOTION to table
   a. MOTION is seconded and passed
5. MOTION to open (9/29)
   a. Discussion:
      i. Sen. Lutz: MOTION to reduce line item 11 to read $35
         1. MOTION is seconded and passed
      ii. Sen. Lutz: I want discussion on education and instructional materials, and the difference between advertising and copying services.
      iii. Sen. Lopez: They cared more about the rocket building kits
      iv. Sen. Lopez: MOTION to reduce line item 15 to read $0
         1. MOTION is seconded and passed
   b. Sen. Lopez: More discussion on copying services please
6. MOTION to table
   a. MOTION is seconded and passed
b. American Institute of Architectural Students
   i. Sen. Lopez: MOTION to open
      1. MOTION is seconded and passed
   a. Sponsorship Speech: We are American Institute of Architecture students, and there is an organization for actual architecture prof. We are the only AIS org in NM, and so we play a huge role in connecting people to the national organization. We are trying to connect students to actual architecture in the real world and what things they will need to develop to go out into the field. We do go to different firms, and we have an architecture ball. We do many events to meet architectures. We do fundraise quite a bit.
   b. Questions:
      i. Sen. Lopez: Could you go more into the installation committee and what it does? Is there a selection process for members?
1. The committee was started for events like fiestas so that we can have booths and that the booths are accessible for everyone. We design for the community. Anyone can sign up, but there is a selection. The committee gives hands on experience.

ii. Sen. Lutz: How much money is in the fund for graduate students? Did you ask money from GPSA? Do you charge membership dues? How often are your meetings?

1. I do not know about the graduate side. I think they did, but I do not have enough information. We charge membership dues, but they usually go to nationals. Executive meetings are every other week and general meetings are usually once a month. It is a way to check attendance.

iii. Sen. Rivera: What goes into the balls that you need to plan? Where is the ball usually held? Do you know why it isn’t held on campus?

1. It is an architecture team that architecture schools all over the country do. It is a way to bring architecture students together. The goal is to represent different eras. It is usually not on campus, and I don’t really know why.

iv. Sen. Lopez: What are the magazines used for?

1. The magazines are usually in our book sections, it is mostly for everyone as magazines are vital to the industry.

2. Sen. Lutz: MOTION to table
   a. MOTION is seconded and approved

3. Sen. Lutz: MOTION to open
   a. Discussion: 9/28

   i. Sen. Lutz: Maybe Joanna can also help, but with the installation committee, they requested in the Spring for a requisition, but did not have enough time to get the money they needed for Fiestas. I want to hear discussion on office supplies, the difference between this and advertising?
ii. Sen. Lopez: I agree that we should talk more about where we want to put “large posters” and office supplies are capped, so we should work on that.

iii. Sen. Chioda: I also think we should cut line item 17 because it’s outside standing rules.

iv. Sen. Lutz: Line item 17, MOTION to reduce total to $200 on detail sheet 2
   1. MOTION seconded and passed

v. Sen. Lutz: Line item 11, MOTION to reduce advertising to $50
   1. MOTION seconded and passed

vi. Sen. Lutz: Line item 14, MOTION to reduce to $50

vii. Sen. Rivera: Would like to hear discussion on ball?

viii. Sen. Chioda: Mostly requesting so much because of the venue and other operation costs

ix. Sen. Rivera: They talked about having a venue outside of campus. Why can't the venue be on campus?

x. Sen. Lutz: I think they host it off campus because it is a semi formal events and it is a large event so it is nicer and nicer. I want to hear discussion about where this money would specifically go?

xi. Sen. Lopez: I do agree that we should look at cutting it while we get to deliberations. Since this is $4,000 we definitely need to talk more.

xii. Sen. Chioda: I can see us cutting it, just hard because they need to rent a venue, especially with so many people comes.

xiii. Sen. Lutz: I think we should table this until the end and see how it goes.

b. MOTION to table
   i. MOTION seconded and passed

c. MOTION to open (9/29)
   i. MOTION is seconded and passed
      1. Discussion:
         a. Sen. Lopez: Sweeping MOTION to reduce 11, 15, 19 by $500
            i. MOTION is seconded and passed

d. Sen. Lutz: MOTION to table
   i. MOTION is seconded and passed
Sen. Lopez: MOTION to open

1. MOTION is seconded and approved

   a. Sponsorship Speech: We call ourselves ACHE. We try to help undergrads to bridge to gap to the professional careers. We also try to socialize to meet new people. We are asking for food for our meetings, once every two weeks. The unit is at 2 for other events. We are asking for some more money because we have grown a lot. We are asking for office supplies because we have a hands on engineering project that we will need supplies for. Our demonstration kits are for younger kids that come to the university. The kits this year are expensive, so we really only want one.

b. Questions:

   i. Sen. Rivera: Are the kits reusable? How much are membership dues?
      1. The fuel cell kit is reusable. $20 per person, but that usually cover shirts
   ii. Sen. Lutz: Congrats on the growth! Is 40 people the amount of people usually come to the meetings? Do you guys receive class credit for the Chem E-Car project?
      1. Yeah, 40 is the usual amount. We do not.
   iii. Sen. Chioda: How did you change your outreach to grow?
      1. We've been going to different into classes and introducing our club. We changed the meeting time to be more conducive.
   iv. Sen. Rivera: How many people comprise the Chemical Engineer department?
      1. Maybe about 150 people, it is hard to define who is in the department and who isn't.

2. Sen. Lutz: MOTION to table
   a. MOTION is seconded and passed.

   a. Discussion
      i. Sen Lutz: MOTION to reduce Line Item 11 so it reads $200.
      1. MOTION seconded and passed

4. Sen. Chioda: MOTION to table
   a. MOTION seconded and approved
5. Sen. Lutz: MOTION to open (9/29)
   a. MOTION is seconded and passed
6. Sen. Lutz: MOTION to table
   a. MOTION is seconded and passed

d. American Planning Association
i. Sen. Lopez: MOTION to open
   1. MOTION is seconded and passed
      a. Sponsorship Speech: We are a national organization of landscapers, environmental planners, etc. We have a UNM chapter that gets support with the national organization. We serve both graduate and undergraduate students. We want to connect more undergraduate students. We want to add a certification program for the planning in the school of Architecture and planning. We are also trying to set up an internship program so they can get certified. We are asking for money for office supplies, and we do have a few social events. We would like to have refreshments at the events that we are having. We are trying to ease the undergraduates into the field as it can be scary. It would be great to get funding for our undergraduate students, we have about 64 undergraduates and maybe 49 graduates. This organization has gotten people jobs.

   b. Questions:
      i. Sen. Lutz: Congrats on increase your undergraduate population. How much money do you get from GPSA and where does that money go? What kind of support do you receive from your national chapter? What are the mugs used for? How many people usually attend the indigenous planning month?
         1. We get about $2,500, it goes toward food and refreshments for our meetings. We want to spend that on conference fees. We receive donations if we help put on events for nationals. We may give the mugs away, or we might sell them. This is the first year we are holding our event.

2. Sen. Lutz: MOTION to table
   a. MOTION is seconded and passed
   a. Discussion:
i. Sen. Lutz: Point of information, does it matter which food one we cut?

ii. Sen. Lutz: MOTION to reduce line item 15, so it reads $0
   1. MOTION seconded and passed

iii. Sen. Lutz: I want to hear discussion on advertising, we need to reduce to $50.

iv. Sen. Rivera: I feel that given the fact that they may sell the mugs they are prioritizing, I suggest reducing this.

v. Sen. Lutz: Suggest reduce mugs to $50 and the other advertising line item to $0.

vi. Sen. Lutz: MOTION to reduce line item 13 so it reads $0.
   1. MOTION seconded and passed

vii. Sen. Lutz: MOTION to reduce line item 12 so it reads $50.
   1. MOTION seconded and passed

4. Sen. Lopez: MOTION to table APA
   a. MOTION seconded and passed

5. Sen. Lutz: MOTION to open (9/29)
   a. MOTION is seconded and passed
   
   i. Discussion:
   1. Sen. Lutz: This looks good to me, all necessary cuts were made

6. Sen. Lopez: MOTION to table
   a. MOTION is seconded and passed

e. Arts Entrepreneurship Club

   i. Sen. Lutz: MOTION to open
   1. MOTION is seconded and passed

   a. Sponsorship Speech: We are a new club! We provide resources to artist, we provide networking. Our membership is the highest right now, and our leadership is very good. We hold an arts career fair to provide networking for the people. We want $498, $125 for career fair, $225 is for UNM logo tablecloth, $20 for club logo stickers

   b. Questions:

   i. Sen. Lutz: Congrats on your success last year! Do you charge any membership dues? What does the
budget from Fine Arts go towards? What will you be doing to the stickers?
1. No we do not charge membership dues. Our budget from Fine Arts goes towards the fair. The stickers will be given out to the members.

ii. Sen. Flores: Where did you get your funding from previously?
1. The school of Fine Arts.

2. Sen. Lopez: MOTION to table
   a. MOTION is seconded and passed

   i. MOTION passed
   b. Sen. Lutz: MOTION to reduce line item 11 to read $200.
      i. MOTION seconded and passed
   c. Sen. Lutz: MOTION to reduce line item 12 so it reads $0.
      i. MOTION seconded and passed

ii. Sen. Lutz: MOTION to table
   1. MOTION seconded and passed

iii. Sen. Lutz: MOTION to open (9/29)
    1. MOTION is seconded and passed

iv. Sen. Lopez: MOTION to table
    1. MOTION is seconded and passed

f. Associated General Contractors
i. Sen. Lutz: MOTION to open
   1. MOTION is seconded and passed

   a. Sponsorship Speech: AGC has a national chapter and they work to help their chapters at schools. Our goal is to provide experience for our members. We try to get into contact with industry professionals to get a mentorship opportunity. We do have an annual competition, and this provides so much networking and improves our skill set. We want to hold an FE review for the exam. We would also like food for our general monthly meetings in which we prepare for our competition. We will need office supplies to prepare for our competition, we have to print out a lot of documents. We would like to fundraise for our competition coming up. We intent on having speakers come from the construction industry to motivate the students. For the FE exam, we want to provide a reference sheet. We would like a receipt book, and general office
supplies. Advertising is very important, we are reaching out to high schools.

b. Questions:
   i. Sen. Lopez: How much are membership dues? And where do they do?
      1. The dues are $15, but usually they are waived the first year. We pay for t-shirts and travel to competition.
   ii. Sen. Lutz: How much money do you get from outside sources? About how many people attend your meetings? Were you thinking about giving our the FE review books? What is going on in the advertising item?
      1. I think we get money from the School of Engineering. Our current account has $3,000. AGC is fundraised based, and we only have about $300. I’m not sure that we get money specifically from the School of Engineering. About 25 people attend our meetings. The books are very expensive, so we were going to keep them. I just noticed that.
   iii. Sen. Chioda: Would the FE receive books be a yearly thing or just a one time thing? Do you have any events planned yet?
      1. It would be nice to accumulate them, but they are expensive. We have ideas for our events, we want to do one with CNM.
   iv. Sen. Rivera: How important are the social events to your organization?
      1. They are pretty important, we have a Women in Construction meeting last Thursday. These social events help them put your foot in the door.

2. Sen. Lopez: MOTION to table
   a. MOTION is seconded and passed
   a. MOTION is seconded and passed

b. Discussion:
   i. Sen. Lopez: MOTION to reduce line item 20 by $5
      1. Sen. Lutz: Why?
2. Sen. Lopez: He is $5 over the office supply rule standing rules.

3. MOTION seconded and passed
   ii. Sen. Lutz: Would like to hear discussion about books. Said they want a large collection of books, but not necessary?
   iii. Sen. Chioda: Based on our discussion, for the practice exam books, they want to accumulate books, maybe suggest appropriation, so this would be a good place to cut.
   iv. Sen. Lopez: I think we should take more of a look, because the information gets updated every year, it could be important to have these every year. With rental services, I think there are other options.
   v. Sen. Lopez: MOTION to cut line item 16 to read $0
      1. MOTION is seconded and passed
   vi. Sen. Lopez: Suggestions for other cuts?
   vii. Sen. Lutz: I would suggest cutting under honorarium, because this could be done via appropriation.
   viii. Sen. Lopez: I agree that honorarium is a good place for potential cuts.
   ix. Sen. Lutz: MOTION to reduce line item 17 to read $0.
      1. MOTION seconded and passes

4. Sen. Lopez: MOTION to table AGC
   a. MOTION seconded and passed

5. Sen. Flores: MOTION to open (9/29)
   a. MOTION is seconded and passed
      i. Sen. Lutz: MOTION to reduce line item 15 to read $35
         1. MOTION is seconded and passed

6. Sen. Lutz: MOTION to table
   a. MOTION is seconded and passed

   g. Bangladeshi Student Association
      i. Sen. Lutz: MOTION to open
         1. MOTION is seconded and approved
            a. Sponsorship Speech: We want to promote the culture of our country. We do a large amount of programs and events. We are a pretty large community. We get a large amount (250-300) of people that come to our events. We do a lot of things, so that's why we need a lot of money.
b. Questions:

i. Sen. Lopez: Can you go more into how much you get from GPSA and what it goes to? How much do you get from self operating? What would you say would be the most crucial for the food?

1. We get around $700. The event depends on how much we will get. The two multicultural days are the most important for food.

ii. Sen. Lutz: What are the other supply costs for your major two Major cultural events? What are your other annual outreach events? How many ppl usually attend your monthly meetings? Do you charge for the events?

1. We need food and space rentals. Another annual outreach event is a barbeque. We do our programing in the African American Social Center. About 9 people usually attend our meetings. The charging for the events is not mandatory. Our barbeque is on October 6th.

iii. Sen. Rivera: What are the trainers for the performance for? What kind of outreach do you guys do for undergrads?

1. We do dances and such. As undergraduates, we do social events mostly.

iv. Sen. Flores: Do you guys need the musical and stage equipment every year?

1. Yes, it is a rental.

v. Sen. Rivera: Wouldn’t it be easier to buy the instruments instead of renting them?

1. It wouldn’t be easier because we rent a lot of stuff for our events.

2. Sen. Lopez: MOTION to table
   a. MOTION is seconded and approved

3. Sen. Flores: MOTION to open (9/28)
   a. Discussion:

   i. Sen. Lutz: MOTION to reduce line item 18 to $0
      1. MOTION seconded and passed

   ii. Sen. Lutz: Line item 21, MOTION to reduce to read $0.
1. MOTION seconded and passed

iii. Sen. Lutz: Line item 23, MOTION to reduce to read $600.
   1. MOTION is seconded and passed

   1. MOTION is seconded and passed

v. Sen. Lutz: MOTION to reduce line item 15 to read $50.
   1. MOTION is seconded and passed

vi. Sen. Lutz: MOTION to reduce line item 20 to read $50.
   1. MOTION is seconded and passed

vii. Sen. Lutz: would like to hear discussion for line item 14. The presenters talked about needed projector etc. that is overlapping another line item.

viii. Sen. Lopez: I would like to hear more discussion because there is still so much money in this.

ix. Sen. Rivera: Given that they are double dipping with line item 14, I would suggest cutting it entirely.

x. Sen. Chioda: Yes, they're asking for so much and because it is vague, I think we should cut it.

xi. Sen. Rivera: MOTION to reduce line item 14, to read $0.
   1. Questions:
   2. Discussion:
      a. Sen. Chida: I think this is necessary because they have the line items with what they need so we can cut this.

   3. MOTION is seconded and passed

xii. Sen. Lutz: I want to hear discussion on line item 24. In the description it says they want to print everything, but already have a line item for copying services.

xiii. Sen. Lopez: I do think we should cut the computer and printing supplies because there is one for copying services.

xiv. Sen. Lutz: MOTION to reduce line item 24 to read $0.
   1. MOTION is seconded and passed
xv. Sen. Lutz: I want to hear more discussion on copying services

xvi. Sen. Chioda: Based on previous senators, I believe that we should reduce it, but going from $800 to $35 is huge.

xvii. Sen. Rivera: There is a large graduate student population, and I think we should stick to standing rules, with some exceptions.

xviii. Sen. Flores: For line 103, they note for 70 copies and on the line items it states 80, so could potentially reduce this.

xix. Sen. Lutz: they stated they received $7,000 from GPSA
   1. Joanna: No one gets this much. For their magazine, they were recognized in Bangladesh. They also really do not do any fundraising, but they also do huge events.

xx. Sen. Lutz: Important to remember they do get money from GPSA, and entrance fees, so they have other sources. I think we should cut it, but not to $35.

4. Sen. Lopez: MOTION to table
   a. MOTION is seconded and passed

5. Sen. Lutz: MOTION to open (9/29)
   a. MOTION is seconded and passed
      i. Discussion:
         ii. Sen. Lutz: MOTION to reduce line item 12 to read $200
            1. MOTION is seconded and passed
         iii. Sen. Lutz: MOTION to reduce line item 13 to read $0
            1. MOTION is seconded and approved
         iv. Sen. Lutz: MOTION to reduce line item 16 to read $0
            1. MOTION is seconded and passed
         v. Sen. Lutz: MOTION to reduce line item 17 to read $350
            1. MOTION is seconded and passed

6. Sen. Lopez: MOTION to table
   a. MOTION is seconded and passed

h. Chair Romero: MOTION to recess until 1:15 pm

i. Chair Romero: MOTION to reconvene at 1:29 PM

j. Bengal United Sports Club
   i. MOTION to open
      1. MOTION is seconded and passed
ii. **Sponsorship Speech:** I am the President, and he is the undergrad representative. We are a sporting club that promotes sports from our culture. We play with other universities, and we have 50ish graduate students in the organization. Some of the events we do include a summer cricket tournament, soccer and indoor games. Last year we were champions in the NM cricket league. We went to play soccer with UC Boulder and Texas Tech. Right now, our team is playing and we are missing out on that. We are planning a soccer trip to GCU. We had budgets two years ago, but we did not have one last year, which was very difficult, so we are looking to get more money. We also do outreach events to reach other students on campus. Last year, there was a lack of communication, and we were unaware of the budgets so we did not get any money. We appreciate you being here on a Saturday, and were happy to answer questions.

iii. **Questions:**

1. Sen. Lutz: Have you requested money from GPSA?
   a. Of course, but as we understand, they only have one budget process, so it is difficult to get that.

2. Sen. Lutz: Do you charge membership fees?
   a. Yes we do, they are $5

3. Sen. Lutz: Do you charge admission to your events?
   a. No

4. Sen. Lutz: What is the operating supplies entail?
   a. We need to buy new tools and equipment for our sporting events.

5. Sen. Lutz: How often do you have meetings?
   a. We try once a month but sometimes it is not always that often, around 15 to 20 people are there.

6. Sen. Lutz: On the questionnaire it mentions 39 “other” members, what does that mean?
   a. Both alumni and community members.

7. Sen. Lopez: My question, on line item 18, “training supplies” what does this mean?
   a. Sometimes the requested budget is not sufficient so we like to use this money to have wiggle room for unexpected costs.

8. Sen. Rivera: With regard to materials, are these yearly things?
   a. Every year 40 to 50% of our equipment is ruined and damaged, so we have to buy some things every year.

9. Sen. Chioda: For line item 16, “coach” or trainor, is this a faculty member?
Sometimes we like to invite people from outside, so it is not a student.

10. Sen. Chioda: On line item 15, it reads stationeries and others?
   a. We like to buy papers, markers and such for tabling events

11. Chair Romero: We will get you your budget within the next few weeks. Email if you need anything.

iv. Sen. Lopez: MOTION to table Bengle United sports club
   1. Moved is seconded and passed

v. Sen. Lutz: MOTION to open (9/28)

   1. MOTION is seconded and passed
k. Black and Gold
   i. Sen. Lutz: MOTION to open Black and Gold
      1. Moved and seconded
   ii. Sponsorship:
      1. I am the president and this is the Vice President. This is a sub-club from the UNM army ROTC club. We are in charge of providing training for students so they can transform from a student to an officer of the US army. We are in charge of financing, and fundraising for the army ROTC. This is our first time requesting a budget. We are requesting $500. The hero's game is an activity where we need food which is simply a recruiting event and most current ROTC students are there. We also have gift cards for cadette of the month, so every semester we elect students and it is a competition, where they go up to the officers and answer questions about the army and if they win, they get a gift card. Also, want uniforms for DUKE city marathon, and the entrance fees was $1,000 that we paid for, but we have more students who want to participate so we need to buy them. We also are talking to SAC for a car smash, and we have a dine to donate at Panda Express and another one at chipotle. We are doing our best to do a lot of fundraising, but this year we have fewer donations, but more students so we are here.
   iii. Questions:
      1. Sen. Lopez: Through your programs, do any of the students receive any class credit?
         a. One part is the classroom, which is usually 3 credit hours, or individual study. They also have to take the lab which is 1 credit hour. We do things outside of the class as well. Those who are contracted have additional requirements. These classes are separate from us. Labs are funded by the US army, but these other additional training sessions and other workshops are separate.
      2. Sen. Lutz: Do you know how many graduates and undergraduates you have?
         a. Yes, we have 2 graduates and 110 undergraduates
      3. Sen. Lutz: Do you have any donations now and do you receive money from the Army?
         a. No, and we receive some donations by sending letters to parents
      4. Sen. Lutz: Do the students keep the uniforms? And how many people usually attend hero games?
a. Yes, they keep them. And everyone attends, approximately 112 people.

iv. Sen. Luz: MOTION to table Black and Gold
   1. Seconded and approved

v. Sen. Lutz: MOTION to open (9/29)
   1. Discussion:
      a. Sen. Lutz: I want to hear discussion about the shirt costs as the team will take these tshirts home.
      b. Sen. Rivera: I feel like we should reduce it all to line item 13.
      c. Sen. Rivera: MOTION to reduce line item 14 to $0
         i. MOTION is seconded and approved
      d. Sen. Lopez: I would like to hear discussion about what to do with the gift cards

vi. Sen. Lutz: MOTION to table
   1. MOTION is seconded and approved.

   i. Sen. Lutz: MOTION to open club soccer
      1. Seconded and approved

   ii. Sponsorship:
      1. No show

   iii. Discussion:
      1. Chair Romero: Since they are not here, we will make the necessary cuts.
      2. Sen. Chioda: I want to hear discussion on 20 and 21 because both are for food and refreshments.
      3. Sen. Lopez: In terms of what to fund, I suggest annual team banquet, so we should leave that and cut the rest.
      4. Sen. Flores: I agree with previous senators about funding money for the banquet.
      5. Sen. Rivera: Because food is capped at $200, it doesn't matter where we cut
      6. Sen. Rivera: MOTION to cut line item 20, so it reads $0
         a. Seconded and passed
      7. Sen. Lopez: MOTION to cut line item 21, so it reads $200.
         a. Seconded and passed
      8. Sen. Chioda: For coaching staff? Is that honorarium?
      9. Sen. Rivera: My interpretation is that they are supposed to be honorariums.
10. Sen. Lutz: My understanding that professional services can be used to hire a coach, assistant coach, athletic trainer etc.

11. Sen. Lopez: I want to hear discussion about soccer balls and bags, is this a yearly thing?

12. Sen. Flores: I want to know if the UNM club soccer team what is left from the team that got cut? Or does anyone else give them money?
   a. Joanna: Rec Services should be, but it's hard to know

13. Sen. Lutz: With the general operating costs, should we cut all the line items on this?

14. Sen. Flores: I would agree with previous senators. I think the balls and bags would last longer than one year. Maybe lines 11-14 could all be on an appropriation.

15. Chair Romero: They practice throughout the year and from my knowledge, the balls specifically are recurring.

16. Sen. Lutz: on their questionnaire, equipment is second on their list of importance. With the uniforms, I think we should leave the equipment because it is high in their order of importance.

17. Sen. Lopez: MOTION to table club soccer
   a. Seconded and Passed

iv. Sen. Lopez: MOTION to open (9/29)
   1. MOTION is seconded and passed
      a. Discussion:
         i. Sen. Lutz: I think we should try to have all of the equipment equal to $300
         ii. Sen. Rivera: We should try to zero in on what our professional services are
         iii. Sen. Lutz: MOTION on line items 15, 16, 18, 19, 20, 21 to read $0
            1. MOTION is seconded and passed
         iv. Sen. Lutz: MOTION on line items 12, 13, 14, 17 to read $0
            1. MOTION is seconded and passed
         v. Sen. Lutz: MOTION to reduce line item 11 to read $350

m. Delta Sigma Pi
   i. Sen. Flores: MOTION to open Delta Sigma Pi
      1. MOTION is Seconded and approved
   ii. Sponsorship: I am Erin White, VP finance. We are one of the first co-ed business organizations. We make business students into business
professionals. We learn both in and outside of the classroom. We host events for resume and cover letter building for all students. We are also a business organization that focuses on accounting, finance, marketing etc. We promote our students and their abilities to enter the workforce. This is a serious fraternity, not social. Apart from networking, we do social events such as roadrunner food bank and other charity works. This semester, we plan on helping with food banks, coat drives, and dog shelters. We are small and were trying to get the word out to students. We also want to go to the LEAD conference to network and learn more.

iii. Questions:

1. Sen. Lutz: How much are your membership dues?
   a. Chapter dues are $42.50 but each member is required to pay $75 that is used towards the students. That extra $25 is used for the banquet and pledges.

2. Sen. Lutz: How much have you received in donations this year?
   a. I am working on getting more sponsorships. We received $100 from an alumni and a $50 donation from another one.

3. Sen. Lutz: Where does this money go?
   a. We talk each week about possibly paying for promotional materials. With community service events we just have members donate their time.

4. Sen. Lutz: How many people attend the pledge initiation banquet?
   a. Around 35, so most members and all pledges attend, as well as alumni.

5. Sen. Lutz: You asked for conference registration fees. We cannot have this be on the budget, this is done through an appropriation.

6. Sen. Flores: Nice hearing from you. I noticed that you have 20 “other” members. Who are they?
   a. These are pledges, they are there for a semester and then get initiated after learning more.

   a. This semester, we are trying to make this more well known. If we know about someone who would be interested, they can apply or be referred.

8. Sen. Rivera: I was just curious about line item 13, this is divided up into units, each costing $10. What does this mean?
   a. It is required that we have the food estimated at $10 per person.

9. Sen: Lopez: When is the LEAD conference? We don't have much time so we need to check and see if this is possible to fund.
a. It is October 23rd

10. Sen. Lopez: Do you receive any funding from Anderson?
   a. No, we do not.

11. Sen. Lutz: Is $75 the fee per person to attend?
   a. Yes, this is the fee per student, but all additional fees are out of pocket for the students.

12. Sen. Lutz MOTION to table
   a. MOTION seconded and passed

iv. Sen. Flores: MOTION to open (9/29)
   1. MOTION is seconded and approved
      a. Discussion:
         b. Sen. Lutz: MOTION to decrease line item 13 to read $200
            i. MOTION is seconded and passed
         c. Sen. Lutz: MOTION to reduce line item 14 to read $50
            i. MOTION is seconded and passed
         d. Sen. Lutz: I would like to hear more about the conference registration
         e. Sen. Rivera: I would be comfortable reducing line item 11 by half.
         f. Sen. Rivera: I would be comfortable defunding line item 11
         g. Sen. Lopez: MOTION to reduce line item 11 so that it reads $0
            i. MOTION is seconded
               ii. Questions:
                  1. Sen. Chioda: Why would we decrease is completely?
                     a. They would not receive funding in time for the conference
               iii. Discussion:
                  1. Sen. Lopez: If we did give this to them in the appropriation they would not get it in time, but they would get it in time in the budget
                  2. Sen. Lutz: I am comfortable funding this so that they can go in the spring

   iv. MOTION is passed

2. Sen. Lutz: MOTION to table

n. Deutsch Klub
   i. Sen. Lutz: MOTION to open Deutsch Klub
      1. MOTION seconded and passed
   ii. Sponsorship: We are the German club, and we put on a variety of events throughout the year. We put on many vents. Some this year include roundtable discussion to talk about borders in society, as well as films, and filmmaker presentations. We also will host the DHR exhibition, and host a
German pin competition. We are hosting a ceremony for the 30th anniversary of the fall of the Berlin Wall, and other guest speakers. Last year we had events last year about nuclear energy and various films. Last year, we received $10,000 from the German Embassy. With our budget, we are requesting money for the events we are hosting. We have meetings every week for students to talk with professors and native German speakers. We are requesting food for these meetings and events. We also need money for the Berlin Wall exhibition. For the essay competition, we would like supplies for that. The roundtable discussion includes placards and signs. We also asking for advertising money for flyers to reach many students. We have a lot of faculty come and many students come to our meeting so they practice speaking german, so we would like to provide refreshments, so we have more people.

**iii. Questions:**

1. Sen. Lutz: My first question is that there are two “other” members, who are they?
   a. Mostly people who are not entirely committed but sometimes come.

2. Sen. Lutz: Do you charge membership dues?
   a. No

3. Sen. Lutz: Do you expect to get money from the German Embassy this year?
   a. We are expecting $9,000 but do not know for sure.

4. Sen. Lutz: What is the average attendance at weekly meetings?
   a. 15 to 20 people

5. Sen. Lutz: What materials do you want for the button and essay competition?
   a. We would like to produce the buttons for the department. For the essays we need paper and ink supplies.

6. Sen. Lopez: For your events, what is the typical attendance?
   a. For the movie days, we have them over several days, and on average we have 30-40 per showing, and lectures by professors are often held after.

7. Sen. Rivera: With regards to advertising, do you use flyers?
   a. Yes, and we advertise through various departments on campus.

**iv. Sen. Lopez MOTION to table**

**v. Sen. Flores: MOTION to open (9/28)**
1. MOTION is seconded and passed
   a. Discussion:
i. Sen. Lutz: MOTION to reduce line item 14 to read $50
   1. MOTION is seconded and passed
ii. Sen. Lutz: MOTION to reduce line item 15 to read $200
   1. MOTION is seconded and passed
iii. Sen. Lutz: I would like more discussion on the education and instructional materials, because why would they need money for an essay competition.
iv. Sen. Lopez: The funding is below our standing rules, but the wording is confusing.

vi. Sen. Flores: MOTION to table
   1. MOTION is seconded and passed
vii. Sen. Lopez: MOTION to open (9/29)
    1. MOTION is seconded and passed
    a. Discussion:
       i. Sen. Lutz: I would like to hear more discussion on printing supplies, as it seems pretty vague.
       ii. Sen. Chioda: The essay competition seems a little vague
       iii. Sen. Lutz: If we just give them money for printing, that seems fine
viii. Sen. Lopez: MOTION to table
    1. MOTION is seconded and passed
ix. MOTION to open
    1. MOTION is seconded and passed
    a. Discussion: (10/5)
       i. Sen. Lutz: I do not know if we want to make cuts, but think we should discuss the instructional materials for the essay competition
       ii. Sen. Chioda: For the essay competition, they want pens and paper. If we want to cut, I can see us cutting maybe $50
       iii. Sen. Lutz: I did a quick google search, and an empty button pack is $12, so I would feel comfortable cutting that.
       iv. Sen. Rivera: MOTION to cut line item 12 to read $50
          1. MOTION is seconded
             a. Sen. Lopez: I would like to hear other discussion on whether or not we should do this
             b. Sen. Chioda: i think $100 is a lot to cut, maybe better to cut $50.
             c. Sen. Lutz: Would the author accept a friendly amendment for line item 12 to read $100
          2. MOTION is passed

o. Deviate
   i. Sen. Lutz: MOTION to open Deviate
      1. MOTION seconded and passed
      2. Sponsorship: We are a campus ministry to help people in their professional setting and through renew their relationship in and with God. We focus on community and positivity. When we were requesting funds, we did not know the limit. The most important thing is food and refreshments for events, and second is paper and ink.

3. Questions
   a. Sen. Rivera: are you associated with an outside church? And do you receive funding?
      i. Yes we have an outside church and we receive some funding, but I do not know the exact amount.
   b. Sen. Lutz: Who are the “others” you have listed?
      i. Communities and friends
   c. Sen. Lutz: For the church donations, where do these go and how much?
      i. Not really sure and it varies.
   d. Sen. Lutz: How often do you meet?
      i. Bible talks on Tuesday/Thursday, and events Wednesday/Friday. About 15-20 people come each time.
   e. Sen. Lutz: For the banner, is this a one time thing for awhile? If one time, we suggest an appropriation
      i. One time thing, primarily because we are going through a name change.
   f. Sen. Lopez: For the books, is this something given to the students or does it stay in the organization?
      i. We will have a catalog of books that are given to the students to help them.

   a. Discussion:
      i. Sen. Flores: We aren’t allowed to fund anything that
         students can keep, and they will keep the bibles.
      ii. Sen. Lutz: It is below our cap, so I think we can leave
         that.

      ii. Sen. Flores: MOTION to reduce line item 21 to read $0
         1. MOTION is seconded
            a. Sen. Flores: I thought we should cut this
               because they are taking the bibles home.
            b. Sen. Lutz: This money goes towards
               leadership and disciple books as well as
               bibles, and they will be used for
               meetings, but the leadership books
               might be taken home
            c. Sen. Rivera: They are affiliated with a
               church here, so I do not see why they
               are asking for funds when they could get
               these from their affiliated church
            d. Sen. Chioda: I think $100 is fine, and I
               think that it would be difficult to get
               these from a church, because they would
               not have extra funding for this.

s. Hobbit Society
   i. Sen. Lutz: MOTION to open Hobbit society
      1. MOTION is seconded and passed
   
   ii. Sponsorship: Hobbit society is exactly what it sounds like, focused around Lord of the Rings. We meet once a month to talk about something we all love. A lot of times we often have food. Our fall event is a speaker series, talking about their passions, art, books etc. The spring event is where students present their research in fantasy with a guest and food. Our two main things are food and honorarium, as well as books. This is a great place because people think that fantasy has no value, however, it holds a literal and academic value to expand your own skills. Some of our previous speakers include artists for Game of Thrones, which is a space for creativity and mind expansion.

   iii. Questions:
       1. Sen. Lopez: I’m glad to see you today. Looking at your members, what does “other” means?
          a. These are alumni who are still involved
       2. Sen. Lopez: What kind of other fundraising do you have?
          a. T-shirt sales, mostly
       3. Sen. Rivera: On line item 14 for computer/printer supplies, it says you print out flyers, what are these used for?
          a. Flyers for events, but the itineraries are for the actual events to show the orders of presenters
       4. Sen. Lutz: I appreciate the impact your group has for students. Have you looked into funding from GPSA?
          a. We do not have active graduate members
       5. Sen. Lutz: How many students attend weekly meetings? And where are the books kept?
          a. 15-20 attend the meeting, and the books stay in Dr. Donovan’s office.

u. Iranian Student Association
i. Sen. Lutz: MOTION to open
   1. MOTION is seconded and passed

ii. Sponsorship: We are the VP and President. Established in 2013, but highly active the past two years. We have had great events. We have increased our number of inner groups, including film, volleyball, soccer, poetry, hiking. Our main purpose is to help the student community. We have around 300 students who attend our events, 150 undergraduates, and the rest are graduate students. Our social media is active and helps students in Iran to answer any potential questions. We also have an emergency funds for those who lose their work visas. Last year we went over immigration laws with different departments. We hold cultural events, two main ones, to bring our culture here to make students feel at home. Last year over 300 students attended Norouz, which has live music performances and other activities. Our cultural night is advertised with live music, mini-museum exhibits, and Persian food. We plan to reach out to more non-Iranians to create a bond. Most expenses are refreshments, and we also bring in a speaker for the cultural night, all of which costs money. We plan to bring another musician in the spring for our students.

iii. Questions:
    1. Sen. Lopez: Do you receive funding from GPSA?
       a. Yes, we get some and this goes to the emergency fund to support students, last year we bring our a comedian
    2. Sen. Rivera: Is GPSA the only other revenue you receive?
       a. Yes, but we also sometimes get donations. We also want to try to fundraise this year.
    3. Sen. Flores: Who are the “other” members listed?
       a. These are the non-students who want to attend the events, or non-iranian students
4. Sen. Lutz: With the haft-seen table? Is this a one time thing or every year?
   a. This has to be done by one of the students, there are seven main fresh elements, that must be purchased every year.

5. Sen. Lutz: Do you have any entry fee for the events?
   a. No, but we accept donations

6. Sen. Lutz: Where do you host the events?
   a. Often in the SUB or the Christian student center

   h. Sen. Chioda: I would be for reduce the units to 50 on line item 12
      i. Sen. Flores: I wanted to talk about the haft seen table that we just cut, but it is essential to their culture. I feel like this is something that we should fund fully.
   j. Sen. Ruja: With respect to the haft-seen table, this seems like a one time thing
   k. Sen. Chioda: The haft-seen table is something that they have to make every year.
   l. Sen. Flores: This is something that is very important to them
   m. Sen. Lopez: Maybe doing the 30 units for the food, and then brining the haft seen back would be good

   2. Sen. Lopez: If you don’t agree with this, speak now.
   3. Sen. Flores: Looking at the haft-seen table, we should keep it at $50, because none of us know how to make it.

         i. Sen. Lopez: We chose this amount for food to cover the undergraduate population.
         ii. Sen. Ruja: I think because we don't do that for any other student organization this is unfair, especially because other ones fundraise and charge dues.
         iii. Sen. Lutz: I feel fine funding this as is because we took into consideration that they reach a large student body and they only do two events a year, so although it is more than standing rules, this is still important.
         iv. Sen. Rivera: I feel that just because we cut them already doesn't mean we can't cut even more. They have a lot of graduate students, so I think we should talk more.
         v. Sen. Lutz: with regards to the graduate student's, they request money from GPSA, they do have an emergency fund to help students with visas or other legal concerns.
         vi. Sen. Lopez: I think it is at a good amount and we have taken into consideration the fact that we have cut a lot, but I am willing to see what others have to say.
         vii. Sen. Ruja: I agree, however, I want to be as fair as possible. If they have 200 students, if everyone pays $10, they have 1/3rd of what they are asking for.

3) New Business
   a. Magic the Gathering Club
      i. MOTION to open
         1. MOTION is seconded and approved
            a. Sponsorship Speech: Magic the Gathering is a collectable
card game, and its presence is very large in Albuquerque. There is a large tournament in Albuquerque. The club
promotes magic on the UNM campus, as it is not very large on the campus. We have weekly meetings that are open to
everyone, we introduce it to new people and enhance the
skills of older players. We have about 15-20 members, only
about 9 undergraduates. We requested money for
advertising, refreshments and food for our meetings. Our
educational and instructional materials would be for a
learning event. General operating costs would be things
that we need for our tournaments. Our honorarium would
be for a judge to come, as the game is complicated and they
would be teaching people.
            b. Questions:
i. Sen. Lopez: Would the packs and welcome decks be new every year? Would the people be able to take the cards home?
   1. The educational and instructional materials could be used for multiple years. We could use them as a learning tool, and use them for awhile. I would like for the members to take them home, but if that isn’t allowed it doesn't have to happen.

b. Mariachi Juvenil de UNM
   i. Sen. Lutz: MOTION to open
      1. MOTION is seconded and approved
         a. Sponsorship Speech: This organization has been present on campus for a few years now. It is a club that introduces people to the music of mariachi. The organization was started because colleges in other states have mariachi clubs that represent the cultures of the community. We also serve as a pull factor for people who aren't sure of where they are going. We are asking for an honorarium for a person who helps us out with our performances. We would like to have refreshments for our concerts to keep our presence on campus. We would like to advertise, as we are a young group on campus. We are asking for music stands and
binders to keep our music. We do not charge membership fees.

b. Questions:

i. Sen. Lutz: I notice that you receive money from El Centro and OSA, where does that go and how much? Does the trumpet player play with your group every year? Do the binder and music stands every year?
   1. The money we received went to pay for a conference. The trumpet player is when he can play with us. The music stands would not be a yearly expense.

ii. Sen. Rivera: Where do you all perform?
   1. We do both on and off campus performances. We are trying to perform at the balloon fiesta. We have been hired to perform at different events on campus.

iii. Sen. Lutz: I am your sponsoring senator, so please reach out to me!

2. Sen. Rivera: MOTION to table
   a. MOTION is seconded and approved

   a. MOTION is seconded and approved

i. Discussion:

1. Sen. Lopez: We could cut the binders, but I would like to hear discussion

2. Sen. Lutz: We should cut the music stands, not the binders

3. Sen. Flores: I would like to agree with cutting the music stands.

4. Sen. Rivera: We should cut the music stands, by how much though

5. Sen. Lutz: MOTION to reduce line item 13 to read $0
   a. MOTION is seconded and approved

c. Football Business Society
   i. MOTION to open
      1. MOTION is seconded and approved
         a. Sponsorship Speech: We are a new group, it was founded by a current player. The idea is to get football players to break away from the facility and to focus on their future. We are working to get speakers from Anderson to get the athletes excited about the future. Instead of focusing on football, we want to also focus on our careers. I had spoken to Eddie Nunez and he wanted to do something similar like this to all athletes to get them focused on our future. We have had some really great speakers come in, and our advisor is an advisor at Anderson. We have our advisor looking out for us internship wise.
   
b. Questions:
      i. Sen. Lopez: Was the date on line item 16 a typo?
         1. We do a different way of writing our dates in Australia, it is supposed to be December 6th, 2019.
   
c. Discussion:
      i. Sen. Lopez: The only thing we would have to cut would be food and refreshments, I would like to hear discussion
      ii. Sen. Rivera: I think that we should cut the recruitment event.
      iii. Sen. Flores: I feel like a recruitment event would be extremely helpful for the club.
      iv. Sen. Lutz: I want to hear discussion about giving them $100 for each event instead of cutting one completely.
      v. Sen. Chioda: Based on their budget questionnaire, cutting the events by 50% would be better
      vi. Sen. Lopez: MOTION to cut line item 17 and 18 to $100
         1. MOTION is seconded and passed
   
2. MOTION to table
   a. MOTION is seconded and approved.

3. Sen. Lopez: MOTION to open (9/29)
   a. MOTION is seconded and passed
      i. Discussion:
         1. Sen. Lopez: We should cut the honorariums
2. Sen. Lutz: Sweeping MOTION on line items 14 and 15 to read 0
   a. MOTION is seconded
      i. Discussion:
         ii. Sen. Lopez: The organization was instructed to split up the honorarium
         iii. Sen. Flores: Since they went into detail, it makes our job easier to distinguish. We can still ask for them later if we cut them now.
         iv. Sen. Ruja: We could possibly add $30 to line item 12 and 13 because they thought that they could only ask for $100
   b. 6-0-0 MOTION passes

4. Sen. Lutz: MOTION to table
   a. MOTION is seconded and passed

d. Student Athlete Advisory Committee
   i. Sen. Lutz: MOTION to open
      1. MOTION is seconded and passed
         a. Sponsorship Speech: This committee is required by the NCAA, it is comprised by two student athletes from each sport. We have an input of NCAA, MW and UNM too. We organize events. We want to have a better year than last year, as it was pretty bad last year. We want to organize events for the student athletes to come together to make UNM a home. Last year we weren’t able to host the UNMies, an end of year event as a result of budget cuts. This committee took a pretty big hit last year, so we decided to recharter last year. Hopefully this develops school pride, and have a team feel. We are working to have two community service events. UNM is the only school that does not have a protection in place when they travel in terms of grades, and we would like to see that happen. This group can influence a lot of things. We do have other sources of income, but that has been slashed dramatically. We have about 40 members, and we want to get more people involved.

   b. Questions:
i. Sen. Lopez: Do you know how much you are receiving from the LoboClub?
   1. It is like an appeal process, but I know that was extremely hard to get any money from them. They do help out if we were to plan an event.

ii. Sen. Chioda: Are the honorariums yearly?
    1. I know that we will have about 5 guest speakers this year.

c. Discussion:
   i. Sen. Lutz: One way to reduce this is to decrease the amount of honorariums for next year as they can come in and ask for appropriation
   ii. Sen. Rivera: I don’t think we should cut the honorariums
   iii. Sen. Flores: We should cut the refreshments by 50% to read $100
   iv. Sen. Lutz: Sweeping MOTION to reduce line item 17 and 18 to read $100
      1. MOTION is seconded and passed
   v. Sen. Lutz: I would like to hear discussion on honorariums as they said that this would be happening this year.
   vi. Sen. Lopez: If he had put all the honorariums in one line item, we wouldn’t even looked at it.
   vii. Sen. Chioda: We have had some pretty vague honorariums, but this budget is very specific with dates.
   viii. Sen. Lutz: I agree that we should be consistent with what we cut, but we can always return to other budgets. Budgets are for yearly expenditures.

2. Sen. Rivera: MOTION to table
   a. MOTION is seconded and passed

3. Sen Lutz: MOTION to open (9/29)
   a. MOTION is seconded and passed
   i. Discussion:
      1. Sen. Lutz: Sweeping MOTION to reduce line items 14 and 15 to $0
         a. MOTION is seconded and passed

4. Sen. Lopez: MOTION to table
   a. MOTION is seconded and passed
e. National Alliance on Mental Illness
   i. Sen. Lutz: MOTION to open
      1. MOTION is seconded and passed
         a. Sponsorship Speech: Overall, we are a nationally accredited organization. The UNM chapter is just bringing the national chapter to UNM, and to spread information about mental illness to UNM. Last year was rough, and we are hoping to be better this year. We want to table/booth at least once a month this year. We want to give talks to students. Before finals each semester, we want to make stress reducing kits. We also want to hold events to reduce stress for students. We want to provide students with a place to go.
   b. Questions:
      i. Sen. Rivera: How new is your organization to campus? Have you tried getting funding from anywhere else? Do you do any partnerships?
         1. We’ve been here for about 5 years, but this is our first year asking for budgets. We do little sales here and there. We would like to do more partnerships
      ii. Sen. Lutz: How much have you made in fundraising this year? How many people attend meetings? What are the supplies for the pre-finals stress events?
         1. We have not had the chance to fundraise quite yet. We have about 10 people who attend our events. The gum should be under 10 dollars.
   c. Discussion:
      i. Sen. Lutz: MOTION to decrease line item 12 to read $0
         1. MOTION is seconded and approved
      ii. Sen. Lutz: MOTION to decrease line item 19 to read $100
         1. MOTION is seconded and approved
      iii. Sen. Lutz: Discussion on how we are going to cut what. The distress snacks seem to be very important.
      iv. Sen. Lopez: The pre-finals distress events seem to be very important.
v. Sen. Rivera: We should divide our cuts based on the meeting.

vi. Sen. Flores: MOTION to reduce line item 21 to read $10
1. MOTION is seconded and approved

vii. Sen. Flores: The destress packets had a lot of emphasis on them, they should be a top priority.

viii. Sen. Lutz: The office supplies add up to $86
1. These supplies are not for the actual office, they are for the kit.

ix. Sen. Lopez: I would like to hear the opinion on cutting back pens.

x. Sen. Flores: The advertising is above our standing rules.

xi. Sen. Lutz: MOTION to decrease line item 11 to read $100
1. MOTION is seconded and approved

xii. Sen. Lutz: I would like to hear discussion on what we could change with the office supplies.

xiii. Sen. Chioda: The materials for the destress kits should be recategorized, and we should cut the pens in half.

xiv. Sen. Rivera: We should cut the pens in half

xv. Sen. Lopez: MOTION to change line item 22, 23, 24, 26 to read as general operating
1. MOTION is seconded and approved

xvi. Sen. Lopez: MOTION to decrease line item 14 by $100
1. MOTION is seconded
   a. Questions:
      i. Sen. Flores: why just $100?
   b. Discussion:
      i. Sen. Chioda: $100 is more than a 50% cut
      ii. Sen. Flores: The pens are under advertising, and then the buttons would not get funded.
      iii. Sen. Lutz: Pens could be moved to a different
category, and buttons would get the full budget.
iv. Sen. Chioda: They are giving out these pens, I think. What if we split the buttons and pens to be $25 each.
v. Sen. Lutz: Friendly amendment so that line item 14 read $25
vi. Author accepts
2. MOTION with the friendly amendment is seconded and passed

j. Nutrition Club
   i. MOTION to open
      1. MOTION is seconded and approved
         a. Sponsorship Speech: We are a club to serve the community and the nutrition student. We hold cooking classes on campus and in the community. We are asking for money for advertising in the Daily Lobo and fliers around campus for people to come to our events. We are asking for refreshments and food, honorariums for guest chefs. We are also asking for general supplies.
         b. Questions:
i. Sen. Lutz: Where does the membership fee go? Which event is your highest priority?
   1. Usually shirts. Cooking classes are the most important.

ii. Sen. Rivera: Do you mostly do events on campus? Do you partner with other resources on campus? Do you receive funding from anywhere else?
   1. We mostly work around campus. We try to go to Johnson gym, but we think that is mostly for UNM students. Not that I know of. We do not have funding from other places.

iii. Sen. Lutz: Do you fundraise? Who are the “other” members?
   1. We do not fundraise, the other members are community members

iv. Sen. Lopez: What is the raffle?
   1. The raffle is an incentive for people to come to our events.

c. Discussion (9/28):
   i. Sen. Lutz: Although we have standing rules with food funding, this organization has a main focus on food. We should focus on the info sessions with the food. Cutting line item 6 in half, is that too much money?
   ii. Sen. Lopez: I don’t think we can do gift cards, so I was going to cut it. the monthly cooking classes are a top priority.
      1. If it is an incentive, then it can go through.
   iii. Sen. Rivera: I approve the cutting of the food and refreshments that are not for cooking classes. I suggest that we keep the line item for food for cooking classes
   iv. Sen. Flores: Cutting line item 12 would not be beneficial, but cutting line items 19 and 17, would be more beneficial.

k. Peers for Advocacy, Wellness and Safety
   i. Sen. Lutz: MOTION to open

      1. MOTION is seconded and approved

         a. Sponsorship Speech: We are a student group under Lobo Respect, we do a lot of advocacy groups and student awareness. We’ve done a lot of workshops and are continuing to do workshops with students to care for themselves. PAWS has been on campus for about 3 years. This year we are trying to expand our group. We try to do
everything for free for UNM students. We are asking for supplies right now. We chalk around campus, we usually use Lobo Respect’s supplies, but we would like to buy our own. We are also asking for colored paper, I meant to put 2 total units for the colored paper; we like to make buttons and such. For copying services, we would like some funds to print out flyers for our events. Refreshments and food, for whatever events we do hold.

b. Questions:
   i. Sen. Lutz: Have you guys fundraised at all? Do you receive funding from lobo respect? How many people regularly attend?
      1. No we do not fundraise at all and we do not get funding from Lobo Respect. We get around 10 people to regularly attend meetings.

c. Discussion (9/28):
   i. Sen. Lopez: This one is pretty straightforward.
   ii. Sen. Lutz: With the office supplies, she wants two, but it would be over $50. I would like to raise that line item to $34.
      1. You could change the other office supply to other supplies
   iii. Sen. Chioda: MOTION to change line item 11 to read as general operating

a. **Sponsorship Speech:** We are a group focused on interculturalism. This group is important in keeping the campus diverse. We are working to be inclusive of all groups on campus. We are planning on bringing two honorariums as guest speakers. We also want food and refreshments for those speakers. A big part of our organization is learning how to decolonize ourselves. We are hoping to advertise to grow our groups. Currently our reading material is what has been printed off, but we want to be able to print more. We also want textbooks as well. The big part of our groups is the dansas, we would like ayoyotes for those. Right now we have been dancing outside, so we are trying to rent facilities. We are also requesting a rental facility for our end of year celebrations. In terms of the academic materials, we are in contact with our advisor trying to figure out what texts to get. We know that the honorarium gets capped at $100, and we are requesting less for food and refreshments.

b. **Questions:**

i. Sen. Lopez: Do you have anywhere in mind for dancing facilities?
   1. We are trying to go to Johnson gym, and the money is for a tent for a celebration.

ii. Sen. Flores: How much funding do you get from El Centro? Do you get money from GPSA?
   1. I am not sure, but I know it is not a significant amount. We are still trying to figure that out with GPSA. All the money from El Centro goes towards a trip.

iii. Sen. Lutz: Will the students keep the textbooks? Where will you keep those books?
1. We’re still developing the reading group, but we want to recycle those books. We can store those in our advisors office.

c. Discussion (9/28):

      a. Sponsorship speech: We produced two full length shows each year. All of our shows are student run, completely. We have weekly meetings, we plug other people’s events.
We also do other fun things to involve the theater community at UNM. We are asking for food for our meetings. We would like a printer for our office in the basement of Popejoy. We are doing a play this semester, Nov 1st - 10th! For that production, we are asking for money for our set materials in our budget, while the costumes are in the appropriation. We are also asking the same amount for our spring show as well. We would like to advertise our club.

b. Questions:
   i. Sen. Lutz: Have you ever requested money from GPSA? Do you have entrance fees to your play? Have you bought any of the supplies yet for the play yet? How many ppl come to meetings?
      1. We have not, they aren’t really “part” of our club. We do charge about $5-$8. We have not bought the materials yet? We get about 20 people.

c. Discussion (9/28):
   i. Sen. Lutz: MOTION to decrease line item 15 to read $0
      1. MOTION is seconded and approved
   ii. Sen. Lopez: I want to hear discussion if we are comfortable funding both the plays in full
   iii. Sen. Flores: Would they have to go through this budget every year?
   iv. Sen. Lutz: I am comfortable funding the cost of the plays in full, as the costs generally stay the same.

a. **Sponsorship Speech:** We are with the Newman Center. We are the Catholic students on campus, we have some CNM students and faculty as well. We are asking for money for fliers for the events that we have. We are asking for refreshments for our monthly meetings, and for part of Ignite, which is our bible study. We are asking for money for our book study, which we will keep in our library, that happens semesterly. We do not know where we are going for our retreat yet, we go on two in the fall and one in the spring.

b. **Questions:**
   i. Sen. Lutz: Have you ever requested money from GPSA? Are you going to use the same books for every year? Do you know how much the retreat location will be?
      1. We are going to this semester. We will be using the books every year. The $3,000 is just an estimate, as it was that price for the same place for the past few years.

c. **Discussion (9/29):**
   i. Sen. Lutz: MOTION to reduce line item 11 to read $50
      1. MOTION is seconded and passed
   ii. Sen. Lutz: MOTION to reduce line item 14 to read $0
      1. MOTION is seconded
         a. Sen. Lutz: this would be a better appropriation item
         b. MOTION is passed
   iii. Sen. Lutz: I would like to hear discussion on refreshments and food, and on the facility rental.
   iv. Sen. Flores: I would agree with what the previous Senator said, as they said that the bible study is more important. I think that the price for the retreat center would be better for an appropriation.
   v. Sen. Lopez: The refreshments for the Ignite should be funded, as it is important. For the retreat center, they use it every year so I would like to hear more discussion.
   vi. Sen. Lutz: MOTION to reduce line item 12 to $0
      1. MOTION is seconded and approved
vii. Sen. Lutz: I am comfortable in funding the retreat fund as it happens every year.

r. Student Veterans of UNM
   i. Sen. Flores: MOTION to open
      1. MOTION is seconded and passed
         a. Sponsorship Speech: We are the overriding body that advocates for the needs of veterans and their families here at UNM. We built a community here at UNM, with service providers and in enhancing our relationships to the academic world. A big part of what we do is oriented towards the veterans and promoting their academic success. We want to give our men and women the tools to succeed on and off campus. We provide computer lab space for everyone on campus, we have space for tutoring and study groups. We are in the process of putting a computer in every room in our building. We do have social functions with our Veterans and our community. We are asking for food for our functions, we want to have a computer and printing costs so that we can have free printing. We also want to have advertising about our functions, what we do, and our fundraising efforts. Our budget requests are bare-bones, we are trying to be considerate of the financial situations of UNM.

b. Questions:
i. Sen. Lutz: How much did you receive from GPSA? How many people attend your meetings and events that you host?
   1. I did not see the exact amount, but it helped pay for conference travel between the fall and spring semesters. Attendance is varying, but about 10 is pretty steady. We hold about 5-7 luncheons, and we try to provide food for those luncheons. Our membership is about 80, but our smaller events have about 10.

ii. Sen. Flores: What are you planning on doing with your advertising?
   1. We are still planning things out, we do not know how we are advertising yet. Part of our advertising costs is outreach to employers. We are working to be fully impactful in the community.

c. Discussion: (9/28)
   i. Sen. Rivera: MOTION to reduce line item 11 to read $100
      1. MOTION is seconded
         a. Discussion:
         b. Sen. Flores: The money that they are asking for food is important to this organization.
         c. Sen. Lutz: I appreciate that they are trying to keep it low, we should still base our cuts off of the standing rules.
         d. Sen. Chioda: We should base our cuts off of standing rules

s. Tabletop Tavern
   i. Sen. Lutz: MOTION to open
      1. MOTION is seconded and passed
         a. Sponsorship Speech: Our organization is based off of tabletop games. We host all of these inside our organization. We meet on Fridays from 4-6. For many people, we have found that they enjoy playing these games. We request $10 per week for 14 weeks for food. We are requesting D&D materials. We requested this in our budget as we feel like we will need this as we keep growing. We have listed other board games, lower level games (party games), mid-level games (getting into tabletop games), and high level games (upper level games)
         b. Questions:
            i. Sen. Lutz: Who are the other members? Where do you plan on storing the games? Do you have a place on campus? How many people come? Do you think you will need to repurchase these materials?
               1. One of them is a community member and the other is a CNM student. We do not have a place on campus, so we usually store the games with the members. We have about 20 people come. If we keep growing, yes, we will need to repurchase these materials.
            ii. Sen. Rivera: What kind of game is more important?
               1. The mid to low end is more important in this era of our club.

   a. Sponsorship Speech: We are an organization that supports Air Force ROTC. We supply funding for them, whatever they need. We do a lot of service projects around the community. We just finished helping out with the WhiteCoat ceremony for the Nursing School. This semester, we are planning on going to the VA hospital to help out. Most of the things that we are asking money for is for our service events. We have an office for us and our officers to use. We do have a dinner for every semester and we give a gift for a guest speaker. Our Ronald McDonald's price is from a contact there. We do a lot of things outdoors, so we need to freshen up a lot of our outdoor area.

   b. Questions:

      i. Sen. Lopez: What is the total unit for pens? For the first aid kit, is it updated every year?

         1. We are going to order one bulk order that is $50. The kit is not updated every year

      ii. Sen. Lutz: How much have you received from fundraising? Do you get any class credit is participating in the club? What are the other supplies for the ronald mcdonald house? Do you have a commissioning ceremony every year?

         1. We received $700 for our football field clean up. The amount we get varies on how many events and how many people show up. We do try to pay for dinner for our events. The events are not mandatory, so we do not get class credit. The price is the materials to make the food. We do have a commissioning ceremony every year.

      iii. Sen. Chioda: You can still get the funding for the first aid kit through the appropriation.

3) New Business
   a. Club Tennis
      i. MOTION to open
         1. MOTION is seconded and passed
            ii. Sponsorship
               1. The biggest thing is the facility rental. We host a tournament every semester which is pretty expensive, coming to about $1,200. The cases of tennis balls are also important because we have had 25 people in our club and this year we are closer to 48, making it more expensive. The same thing with the baskets, I don't know what happened to the baskets, and I don't know where they went, so we need some new ones. Also, we go to a bunch of tournaments, but we only requested money for two tournaments. We have two in the fall and three in the spring. We are trying to take as many people as we can because that is the best part of the club. We have 5 guys and 5 girls per team, and it is $130 a team. The food for the banquet is nice because we have an end of the semester banquet every year. This year we have a lot of foreign exchange students so we want to make it nice.
               iii. Questions
                  1. Sen. Lopez: My question is that it mentions you have club dues? What are the details of this?
                     a. This goes towards travel. We used an appropriation to get more money for travel, and we use these member fees to help with
that. It is $130 per semester. This helps with tournaments and registration fees. If you can’t go to a tournament, then we cut down the cost for that person for that semester. We take 10 cars, but only get compensated for 2 cars. A lot of the money will go towards registration fees for the tournaments, and are dues definitely do not cover it all. These fees also go towards a shirt and a sweatshirt.

2. Sen. Lutz: Thank you for coming out today. Do you fundraise at all?
   a. Yes, we have one coming up with ABQ country club, where I work. We haven't fundraised much in the past, but I am trying to more this year. This will be our first one of the semester.

3. Sen. Lutz: How did you come up with the unit rental for the facility rental?
   a. 100 per court and 12 courts

4. Sen. Lutz: do you need the baskets and targets for every year?
   a. No, they will last. We have one basket, but the others broke or are lost. I have been providing baskets that are my own, but I would like to have some for the club to use.

5. Sen. Rivera: Have you always used Jerry Cline, a city facility for practices. It is the biggest facility in the city, and it is the easiest to access, and there are a lot of courts.

      2. MOTION is passed
   iii. Sen. Lutz: Discussion about baskets and whether or not we want to fund in full. Also want to hear discussion on cutting registration fees for tournaments.
   iv. Sen. Rivera: I feel that on line item 16, this should be cut completely due to the fact they will be used.
   v. Sen. Chiorda: For registration fees, based on the standing rules, can we fund this?
      1. Yes, because it's an annual event.
   vi. Sen. Lopez: MOTION to reduce line item 16 so it reads$0

l. Lobo Launch Club
   i. MOTION to open
      1. MOTION is seconded and passed

ii. Sponsorship:
   1. Lobo Launch in previous years has been associated with senior level mechanical engineering classes. We are looking to have this include more students who are interested in aerospace. The fees are associated with a competition which is not related to class credit anyway. We design and build the rocket in a class, but the competition is not associated with any class credit. Our advisor has more than 40 years experience in aerospace, who is a great resource for anyone interested. The aerospace industry is expanding in Albuquerque, so we have much more interest. We went from 25 to 37 students in the class. This club is for anyone
interested who is not necessarily in the class. We are looking to have these fees covered.

**iii. Questions:**

1. Sen. Lopez: Since you are not associated with the class, do you have to be in the class to be in the organization?
   a. No, we do not.
2. Sen. Lopez: you recognize there is a $500 limit. WHich fee is the most important?
   a. I would say the first two are associated with each other, and these two things are connected, and those two are the most important.
3. Sen. Lopez: It says you receive funding from sponsorships?
   a. We have some from an auto-engineering business
4. Sen. Lutz: Do you go to the competition every year?
   a. This is the second year that we would go. You have to be selected to participate, so we do not know if we will participate yet?
5. Sen. Lutz: Do the students pay any costs to go to the competition?
   a. Personal and rocketeer fee
6. Sen. Rivera: You mentioned there is an application process to enter the competition. What does this app look like?
   a. It is now a new program which breaks down each section to make sure you are a viable competitor. They evaluate it based on your entry details.
7. Sen. Lopez: Do you know when you will hear back whether you are approved?
   a. October 18th, I believe
8. Sen. Chioda: How did the competition go last year?
   a. We got 5th overall, third in our class. You are judged on your design, analysis, and how close you can get to 10,000 feet.

**d. Antimicrobial Resistance Mediation Outreach**
i. MOTION to open  
   1. MOTION is seconded and passed

ii. Sponsorship:  
   1. This began as an outreach effort under ARC (antim). This hopes to bridge the gap between academia and industry. This involves a two parts. One thing we do it go to local high schools to inform them. We get the researchers and clinical professionals to reach out to people to inform the public. We are trying to do a few different fundraising events are bake sales, raffle events, etc. We want to do a variety of things. We are asking for meeting funds. We have about 25 members right now, and more people who are interested. We would like to provide food and drinks for our weekly meetings. The recruitment items include hosting a recruiting event of promotional event to increase numbers and awareness. Outreach is essentially the same, we would like to schedule an event, this is the same as the end of year event. We want to promote this research.

iii. Questions:  
   1. Sen. Lopez: On the fundraising, what would that go towards? 
      a. We are going to need items for a bake sale, which would be one of the charges, and would need objects for the raffle. We have two planned, and three up in the air. After reading more in depth, I see that we are asking for a lot of money, but we are still appreciative for whatever we can get.
   2. Sen. Lopez: what are the two specific fundraising events? 
      a. We have to have a bake sale, and we want a Halloween fundraiser, to sell themed treats.
   3. Sen. Lopez: for the meeting funds, is this only for food? 
      a. Yes, so we can get food and other treats. We have about 10 people per meeting but want to increase this.
   4. Sen. Rivera: I am still confused what event funds would include? 
      a. This is the outreach and awareness part of this. The meeting and fundraising startup funds. We have a lot of interest, so I thought event funds will be the biggest thing to request. We do not have a concrete time for this, and we have yet to create an outreach and awareness plan.
   5. Sen. Lutz: For the facility rental, where are you looking to rent?  
      a. We are looking here at UNM, but then we have to use the UNM catering. We are thinking either a brewery or Dions, and cost varies, but this has yet to be decided specifically.

iv. MOTION to table  
   1. MOTION is seconded  
      a. Sen. Lutz: I think we can go through it a little now  
      b. MOTION is failed.

v. Discussion: (10/5)
1. Sen. Lutz: this group is capped, so one line item we can completely cut, is the fundraising because we cannot fund fundraisers. I know you do not need concrete plans, but he has no clue.
2. Sen. Rivera: I would also like to say that we could cut outreach and recruitment items as there is virtually no planning.
3. Sen. Lutz: MOTION to cut line item 11 to read $0.
   a. MOTION is seconded and passed
4. Sen. Lutz: would like to hear discussion about recruitment items and outreach.
5. Sen. Lopez: it is categorized as general operating, but explained it as being for food, possible category change.
6. Chair Romero: Category changes: 12 is refreshments and food, 13 is advertising, and 14 is advertising
7. Sen. Chioda: I would like to hear discussion about recruitment items and outreach
8. Sen. Flores: this seems to be similar to their appropriation
9. Sen. Lutz: MOTION to reduce line item 15 to read $0
   a. MOTION is seconded
      i. I think we should cut this because he has no idea where he wants to have an event or meeting. They also can ask for more money in the appropriation
   b. MOTION is passed
10. Sen. Lutz: I would like to hear discussion on how to combine or reduce the remaining line items
11. Sen. Chioda: Because we change line items 13 and 14, we have to reduce this to $50, which can still help with some of it.
12. Sen. Rivera: MOTION to reduce line item 14 to read $50
   a. MOTION is seconded and passed
13. Sen. Rivera: MOTION to reduce line item 12 so it reads $400
   a. MOTION is seconded
      i. Sen. Lopez: Considering this is a new organization, I don't know if this is reduced enough
      ii. Sen. Lutz: Author accepts a friendly amendment so it reads $200

   e. Lobo Wrestling Club
      i. MOTION to open
1. MOTION is seconded and passed

**Sponsorship:**

1. The wrestling club is an organization to promote the sport of wrestling on campus. Right now UNM does not have a varsity wrestling team, even though there is a lot of talent. This is a huge interest. Currently there are 35 people interested. We have contacted alumni and other people interested. Practice comes with Johnson being under construction, and stated to not expect any practice space within the past two semesters. A quote I have received is $150 per practice. I assumed $100 per hour for at least one practice per week. Equipment is very expensive, one being a shot sled, so that if there are mismatched guys, this item can help, with various sports. Gear is also necessary, such as headgear, $500, which would include uniforms. The fundraising is a one time charge. One thing we want to do is a raffle, including head gear, singlet and shoes. We are trying to do an event called “take me down” or a wrestling tournament in a pool, helping to generate additional funds. The meeting funds include that we are asking for one big meeting a the beginning or end of the semester to have fun and meet. The Rocky Mountain National Tournament is in the spring, and registration is $50 and we are hoping to take 10 guys.

**Questions:**

1. Sen. Lopez: When do u need to apply and what are the details?
   a. This would be for registration and for a hotel
      i. We would hope to use fundraising or an appropriation
2. Sen. Lopez: We will do our best, and next time we would like to help you create a budget.
3. Sen. Lopez: How often do you hold meetings?
   a. We have like 60% people who want 2-3 a week. We have not done anything yet, but we want to have consistent meetings.
4. Sen. Rivera: For the national tournament, how much are registration fees?
   a. $50.

**Discussion**

1. Sen. Lutz: MOTION to reduce line item 13 to read $0
   a. MOTION is seconded and passed
2. Sen. Lutz: MOTION to reduce line item 14 to read $200
   a. MOTION is seconded and passed
3. Sen. Lutz: MOTION to reduce line item 13 to read $0
   a. This is because it is for equipment that would be used for many years
   b. MOTION is passed
4. Sen. Lutz: MOTION to reduce line item 11 so it reads $0
   a. MOTION is seconded and reduced
5. Sen. Lutz: I would like to hear discussion on the registration fees, especially because they don't know how many are going
6. Sen. Rivera: I would suggest funding by half
7. Sen. Lopez: MOTION to reduce line item 15 so it reads $0
   a. MOTION is seconded
   b. This ia a good idea because once they have concrete details we
      can help through an appropriation

f. Society of Advancement of Chicanos & Native Americans in Science
   i. MOTION to open
   1. MOTION is seconded and passed
   ii. Sponsorship:
      1. This is an organization to get minorities involved in science, focusing on
         Chicanos and Native Americans. This is part of a larger organization.
         This includes conferences, job opportunities and recruitment to get more
         people involved. Our local chapter tries to send students to the national
         symposium, which is in Hawaii, which is very expensive. A lot of
         students cannot go this year because it is more expensive. This motivated
         us to fundraise more and get more money from ASUNM to get to this
         meeting. We want a big fundraising event, which is for $5,000. I am the
         VP of this organization. This is a STEM mixer because that is what we
         want to fundraise, this is what we want to come out with. STEM mixer is
         an outreach event, and there are other events, including a science fair in
         Spanish, and we are trying to hold a Native American event again,
         including primarily these two groups. We also want to take students to
         Explora to show them scientific based exhibits. Fundraising and start up
         fees are one time fees, but nothing concrete has been made, and i wish
         the president could come to explaining more. The lodging for the
         meeting would pay for members to go.
   2.
   iii. Questions:
      1. Sen. Lopez: when is the conference?
         a. October 31-November 2nd.
      2. Sen. Lopez: When would the STEM mixer be?
         a. This would be on October 19th.
      3. Sen. Lopez: With the STEM mixer, this is separate from the science fair?
         a. Yes, the STEM mixer is to try to give students an opportunity to
            present their research, with presentations from professors and
            researchers as well. This is open to other universities too.
      4. Sen. Lopez: what is at the top of you priority list?
         a. The STEM mixer.
5. Sen. Lutz: Has anyone paid anything for the national meeting?
   a. Yes, some of us have paid our way out of pocket. However, some people cannot afford that yet.
6. Sen. Lutz: by getting this funding, would it be to reimburse everyone, or to pay for it?
   a. To pay for it. We are trying to have people pay for their own airfare and then be able to cover registration fees.

iv. Discussion:
1. Sen. Lutz: MOTION to reduce line item 13 to read $0.
   a. MOTION is passed
2. Sen. Lutz: MOTION to reduce line item 15 to read $0.
   a. MOTION is seconded
   i. Sen. Lopez: Why?
   ii. Sen. Lutz: When we asked where this number came from, he said this is what they hoped to raise, without giving any explanation for what this would cover.
   iii. Sen. Chioda: I agree with cutting this, especially because we have already funded food for this event.
   b. MOTION is passed
3. Sen. Lutz: MOTION to reduce line item 14 to read $0.
   a. MOTION is seconded and passed
4. Sen. Lutz: MOTION to reduce line item 13 to read $0.
   a. MOTION is seconded and passed
5. Sen. Lutz: I would like to hear discussion on the registration fees, he said some have and some aren't, and we cannot reimburse.
6. Sen. Chioda: I think this will really help the students, and personally I think it is okay to fund $450 for one student, so that someone can still go.
7. Sen. Lopez: I do think we should fund this, however, this would still be cut in half.
8. Sen. Lutz: I want to hear decision on whether conference registration should be an appropriation item.

            i. I am introducing mens and womens and I am the treasurer. I tried to put only exactly what we need in this budget.
   b. Questions:
      i. Sen. Lopez: How much does a member pay in dues and how often?
         1. We pay the CWPA to participate in tournaments, which is $2700, which varies each year. We usually pay this off through team dues, which would help everyone pay a little less.
      ii. Sen. Lopez: How much does everyone pay?
         1. Right now each member pays $150 and we have two bake sales
      iii. Sen. Flores: With the practice caps, do the members keep these?
         1. No. In previous years, we had a tournament and practice caps. The tournament caps must be black and white, and ours are not which makes them illegal.
      iv. Sen. Lutz: Can the polo balls be used every year?
         1. In the past we bought cheaper ones that have not lasted as long.
      v. Sen. Chioda: Because the balls are something that can be used for multiple years, this can be an appropriation item.

i. Taiwanese Student Association
   i. MOTION to open
      1. MOTION is seconded and passed

ii. Sponsorship:
   1. We are the Taiwanese student association and we are the president and VP. For recruitment costs, every year, in the fall we celebrate the moon festival which is one of the biggest festivals and in the spring we have Chinese New Year, which are both very important. For club and officer meeting, each semester we have two meetings, at the beginning and middle of the semester to discuss the details for the events. The guest speaker is someone who is familiar with the experience of the students, with information and guidance for jobs and internships. Over winter break, we are thinking about creating an appropriation to pay for an event to share Chinese culture.

iii. Questions:
   1. Sen. Rivera: Do you have any other sources of income?
      a. No, we only get funded by ASUNM
   2. Sen. Rivera: for club meetings, how many people usually attend?
      a. We have 4 officers and we also invite other members who will take over the office positions.
   3. Sen. Lopez: Thanks for coming. In the active roster, who are the 7 others?
      a. Previous students who have graduated.

iv. Discussion: (10/5)
   1. Sen. Lopez: I would suggest cutting food and refreshments because their attendance low.
   2. Sen. Ruja: Regarding food and refreshments, there are two meetings per semester, so they would have approximately $100 per meeting.
   3. Sen. Lutz: Sweeping MOTION in line items 11 and 12, so they each read $100
      a. MOTION is seconded and passed
   4. Sen. Lopez: I also want discussion about whether or not we want to spend $200 or less on food.
   5. Sen. Lutz: I am comfortable spending $200 for these events, so I think this is sufficient.

5) Closing
   a. ASUNM Senators
   b. SGAO:
      i. Good job! I want to let some of you know to be more confident when you make a motion, and speak your mind. If you have an idea it is worth hearing. If you think that a cut is too much, you have every right to speak your mind. You are all on the committee for a reason. I think for the next finance committee, you need to pay more attention to the standing rules for appropriations and budgets. Glad you got it under!
   c. Vice Chair:
      i. Good job today everyone! Review all the appropriations before full senate again.
   d. Finance Chair
      i. Chair Romero: Everyone did a great job. It has been fun and I'm glad it was only three days!
   e. VP: Good job everyone. I've been trying to find places to make corrections, but you've all found them before me.
   f. Adjournment
      i. Chair Romero: I call this meeting to close at 3:03PM
