ASUNM BUDGET HEARING AGENDA

2/15/2020

1. Opening
   a. Call to Order
      i. Chair Lutz: I call this meeting to order at 8:31 am
   b. Roll Call
      i. All senators present
   c. Approval of Agenda
      i. MOTION to approve the agenda
         1. MOTION is seconded and passed
   d. MOTION to move out of Parli Pro
      i. MOTION is seconded and passed
   e. MOTION to move into Parli Pro
      i. MOTION is seconded and passed

2. Preliminary Business
   a. Finance Chair
   b. Public Comment
   c. ASUNM Senators

3. New Business
   a. Budget Hearings
      i. ASUNM Arts and Crafts Studio
         1. MOTION to open ASUNM Arts and Crafts Studio
            a. MOTION is seconded and passed
         2. Sponsorship
            a. My name is Gabriella and I'm the Associate director. We are the
               arts and crafts studio. We are a membership based organization
               for students, faculty, alumni, family and friends. With our
               membership you have resources to all the materials we have in
               our studio. Without us, you would not have access to these
               materials. We also have workshops available, so if you do not
               have any background in ceramics or jewelry, for example, we
               will help you. We have weekly workshops to show you basic
               techniques, more advanced workshops and other specialty
               workshops from time to time. We all are wearing earrings that
we made. Along with our workshops, we have been trying to branch out to do specialty workshops. Last semester we did candle workshop, this semester we plan on self care night. We want to highlight our increase in membership. Last semester we had over 200 members, with only 18% faculty, and most are students. Each day we see around 30 to 40 people. Monique will go over the line items. We did try to make changes in our budget to help you. First, we have salaries, we have executive director, assistant director, 2 ceramic techs, and a jewelry tech. We reduced the executive and assistant directors from 45 hours to 35. The hours that we have are the open hours for our studio. We try to stay open as long as we can to help the students. For office supplies, we are asking for $100, we are asking for other money for copying services to make flyers. These flyers help us reach more students. Postage is important for the craft fair because we send out acceptance and rejection letters. We have computer software and because we don't have a marketing director, we make all the graphics on our own. The telephone charges are important, so it's important to have the phone, as it rings all day. For the craft fair, we need to get ahold of our long distance members and for safety, the phone is nice to have, just in case. The workshops are beneficial because we try to reach out to different students. We are collaborating with CE this semester. We use paper and ink everyday to make flyers. For general operating supplies, we are asking for a lot, but we do try to reuse leftover clay. These funds are more accurate. The clay, tools, brushes and such are needed yearly, and the other cleaning supplies are important. The equipment and repair maintenance is important because we need them to function. We have 2 kilns which are used each week, so we need to frequently repair parts. Next we have the mosaic, this project is on its 5th year this semester. It's in the south end of the SUB and we add to it each spring. Each year we submit a call of students to reach out and help leave their imprint on UNM. It's important to keep the student scholarship, as this helps us get more students, and gives them a little bonus for their time. We reduced this to $800. Refreshments for the workshop attendees are nice and these two workshops are for everyone in the community. We will put these on the mosaic after. It's nice to have some tea or a snack during the workshops as well. The mural advertisement with the Daily lobo is costly, but helps us reach out to people. The professional installation assistance is important for the longevity of the project. We are not all professionally trained, so we want it to last as long as we can. Safety is also a big deal so we want it done correctly. Next, the
Craft fair is our largest event, it is every fall semester and takes up all the ballrooms, nearly 1000 people go each day, and we have over 72 booths. We have discounted rates for student booths. The SUB is asking money for that, the professional pipe and drape effect helps make it look more official and makes it look nice. We provide refreshments for the vendors who are there all day and the security is for after the fair closes but when the sub is open, so that everything is protected. The parking permits for vendors helps too because it is hard to park on campus, and it is closer to the SUB and more convenient. They pay a portion of this and then we also help pay the rest. We have a front table to show everyone where the booths are. We post a call to artists in various publications. We usually get 95 applicants, but we only have room for 70ish booths.

3. Questions
   
a. Sen. Milan: Congrats on getting your numbers up! Is it really necessary that everyone here works 20 hours a week?
      i. Yes, we need all the people. They have to be here to supervise
   
b. Sen. Rivera: With regards to the crafts fair, you have 2 units for the ABQ advertising? How many long distance calls? Could the phone call me done on a personal phone?
      i. Yes, we advertise in the ABQ journal
      ii. We do get a lot of artists that are from here and from out of state.
      iii. Our phones get terrible service in the basement
   
c. MOTION to table
      i. MOTION is seconded and tabled

4. Discussion (2/23):
   
a. Sen. Milan: MOTION on line item 11 on DS2 to read $50
      i. MOTION is seconded and passed
   
b. Sen. Milan: MOTION to reduce line item 13 on DS 2 to read $40
      i. MOTION is seconded and passed
   
c. Sen. Milan: Sweeping MOTION to reduce line items 14 and 18 on DS2 to read $0
      i. MOTION is seconded and passed
   
d. Sen. Milan: MOTION to reduce line item 21 to read $5
      i. MOTION is seconded and passed
   
e. Sen. Milan: MOTION to reduce line item 24 on DS2 to read $100
      i. MOTION is seconded and passed
   
f. Sen. Milan: MOTION to reduce line item 26 to read $50
      i. MOTION is seconded and passed
   
g. Sen. Milan: MOTION to reduce line item 11 on BD4 to read $500
i. MOTION is seconded and passed

h. Sen. Milan: MOTION to reduce line item 12 on DS 4 to read $100
   i. MOTION is seconded and passed

i. Sen. Milan: MOTION to reduce line item 22 on DS 5 by $7,000
   i. MOTION is seconded and passed

ii. ASUNM Community Experience

1. MOTION to open ASUNM Community Experience
   a. MOTION is seconded and passed

2. Sponsorship
   a. Hi everyone, I am the exec director and here is my staff. We are presenting you the budget for next year. We are a service agency, we do volunteering on the weekend and various service events. Our two biggest events are fall frenzy and spring storm. We get around 1,000 volunteers for spring storm. We have volunteer meetings every week. We are requesting the same amount as last year. Our salaries will be different with the minimum wage. We are asking for breakfast and lunch for volunteers. This money for fall frenzy is really important because we need the paint, the flowers, and other supplies. We are also requesting money for food and water for the volunteers at this event. We have cut back on our banners, and our resources. We are requesting $200 for the stipend positions, and we have two. With the giving tree, we need the money for the candy canes and the tags. We are requesting $75 for the love yourself event. We put on a lot of various events. We are requesting $100 for food, and the same for printing supplies. We are requesting $50 for pens and paper, for our meetings. We have to have the helium tank refilled, but we realized that we only need one refill a year.

3. Questions
   a. Sen. Lopez: Thank you all for coming in, could you go into more detail with the jobs that an events director does?
      i. I basically give her a certain amount of money and she will be sure we are spending under that amount. She will fill out the IR, contact Dions for example, and right now she is getting incentives for the Blood Drive.
   b. Sen. Lopez: How many people participate in spring storm?
      i. We aim for 1,000 but it sometimes is closer to 800
   c. Sen. Olaguier: Thank you for coming in today. With the computer and printer supplies, what is the software for?
      i. We do not actually use the software, but this money goes towards our cartridges.
d. Sen. Rivera: Regarding Projects director and events director, what is the difference?
   i. As projects director, I contact non profit organizations to make projects for volunteers on the weekends. Last semester we went to the Storehouse and Casa Esperanza. It's really important to have this position to help with spring storm, because a lot of student organizations sign up so we need to keep in close contact with the groups and the nonprofits our groups visit.

e. Sen. Lopez: MOTION to table
   i. MOTION is seconded and passed

4. Discussion (2/23):
   a. Sen. Lopez: sweeping MOTION to reduce the hours on DS1 on 12 and 13 to read 15 hours
      i. MOTION is seconded and passed
   b. Sen. Lopez: sweeping MOTION to reduce line items DS3 17, 26 to read $0
      i. MOTION is seconded and passed
   c. Sen. Lopez: MOTION to reduce line item 22 on DS3 to read $100
      i. MOTION is seconded and passed
   d. Sen. Lopez: MOTION to reduce line items 13, 14, 16 on DS4 to read $0
      i. MOTION is seconded and passed

iii. ASUNM Southwest Film Center
   1. MOTION to open ASUNM Southwest Film Center
   a. Sponsorship
      i. I am Enrique and I'm the executive director and I'm assistant director. We started about 1967, so we have been here for over 50 years to provide and support expressive cinema. Our weekend showings show authentic cinema to connect students across the students. We saw a growth within our weekend showings. We tried to reach out to as many people as we could. In doing so we did a lot of partnerships, such as GEO, AFRO, El Centro and another one is our partnership with Best Buddies. We had subtitles in that showing and had great feedback especially for the students with developmental disabilities, we reached out to the accessibility resource center so our theatre is more accessible. Moving on, the next thing we have been pushing is to have events before and after our showing that pertains to that film. We have partnered with different agencies and have been partnering up
with various student films. ABQ is booming, with Netflix and NBC coming. Us being the flagship university, we should capitalize for this and bridge the gap between professionals and students, so we really try to push this. For Cherry Reel, this has been a place for students to showcase their work and self expression, and we have successfully tripled it in size. We have had professionals come and talk to showcase student work to professions. On top of this, I am in contact with the ABQ film office and other professionals to get students involved. Film showings and collaborative events are beneficial, the other side we try to push for the Reel club gives students space to bounce ideas and collaborate with one another. I also really pushed this mission to collaborate the film production with the arts within the university. Overall, that's what we have.

b. Questions

i. Sen. Lopez: Thank you for coming in! You put “social media” boosting, can you describe that and the effects?
   1. This is an aspect of any agency. Paid posts for Instagram and other marketing methods that we need. This past year we made really cool flyers.

ii. Sen. Milan: I really like all of your movies? How many people usually come?
   1. In terms of this semester, we have seen a boost in members. We average about 50 people every show, but this year we have been pushing really hard.

iii. Sen. Rivera: Thank you! I would like to say thank you for partnering with these student organizations. What exactly is the one year subscription to IMDB?
   1. When I decide what film to bring, IMDB is used to get ahold of the correct people to get the rights for the film and background on the film.

iv. Sen. Hill: Thank you for giving a movie experience to the community and for giving the community a platform. What exactly does a theater manager do? and what is the difference between that and exec director?
   1. The theater manager is there for the weekend showings, while I am in charge of the bigger overarching mission and plans.

v. Sen. Olaguir: I wanted to say thank you for all the work you do! Before I became a senator, I attended Cherry Reel, and you really proved yourself, I am looking
forward to what is to come. My question is on DS 4, I was wondering if Reel Club is what Dylan facilitates?

1. Reel club is our program, it is basically a collaborative club, because filmmakers can't make a film on their own, they need other people, so this allows them to collaborate.

vi. Sen. Flores: What is the spring event that you will be putting on?

1. Usually we do a movie on the field but we want to go after something new. We want to go into more collaborative art and visual art. We are trying to do visual aspects of meow wolf and electric playhouse.

vii. Sen. Rivera: with DS 3, I see that you have a need for telephone line changes?

1. A lot of you have been to my office, and there is no service, and we have three because we need one in the production box and in the theatre, so it lets them get ahold of people.

viii. Sen. Rivera: I see that you tripled in size? What do you think is the reason for this?

1. I personally tried to push this agency in a new direction. I saw how important it was to collaborate, and I wanted to provide an experience for different students to be involved, so it invites them in and gives them this opportunity.

ix. Sen. Hill: How much would it cost to see a movie?

1. In terms of getting the rights to show a movie, it costs us about $600 to get a DCP. The $600 cost does not go down bc the rights and the DCP. The DCP is the way that the movies are shown.

x. MOTION to table

1. MOTION is seconded and passed

c. Discussion

(2/23)
i. Sen. Flores: MOTION to reduce line items 12 and 16 on DS1 to read $0

1. MOTION is seconded and passed

ii. Sen. Flores: MOTION to reduce line item 11 on DS 2 to read $12,000

1. MOTION is seconded and passed

iii. Sen. Flores: MOTION to reduce line item 16 on DS 2 to read $2,175

1. MOTION is seconded and passed
ii. Sen. Flores: MOTION to reduce line item 22 on DS2 to read $0
   1. MOTION is seconded and passed
iv. Sen. Flores: MOTION to reduce line item 25 on DS2 to read $50
   1. MOTION is seconded and passed
v. Sen. Flores: Sweeping MOTION to reduce line items 12 and 26 on DS3 to read $0
   1. MOTION is seconded and passed
vi. Sen. Flores: MOTION to reduce line item 20 on DS3 to read $540
   1. MOTION is seconded and passed
vii. Sen. Flores: MOTION to reduce line item 22 on DS3 to read $15
     1. MOTION is seconded and passed
viii. Sen. Flores: MOTION to reduce line item 27 on DS3 to read $50
    1. MOTION is seconded and passed
ix. Sen. Flores: MOTION to reduce line item 13 on DS4 to read $0
   1. MOTION is seconded and passed
x. Sen. Flores: Sweeping MOTION to reduce line item 13, 15, 16, 24, 26 on DS4 to read $0
   1. MOTION is seconded and passed
xi. Sen. Flores: MOTION to reduce line item 24 on DS4 to read $0
   1. MOTION is seconded and passed
xii. Sen. Flores: MOTION to reduce line item 26 on DS4 to read $0
    1. MOTION is seconded and passed

iv. ASUNM Student Special Events
   1. MOTION to open ASUNM Students Special Events
      a. MOTION is seconded and passed
   2. Sponsorship
      a. Hi everyone, I am Ethan Duff and this is my staff. The Salaries were the only thing that we were unable to change. I know that most of you guys already know what we do. We are trying to bring high quality cultural events. We are bringing speakers and different events to the students. On Budget Detail sheet 7, we are requested $45,000 for fiestas. This is a lot of money, but it takes a lot to put on a free event and a safe event. Security is there to make sure that everyone is safe here at UNM. With the booking of high quality acts, we also have to pay for the production equipment. We are doing our best to keep
everything low cost. We also need money for silent lights, noontime concerts, and other speakers or concert. Silent lights takes about $20,000 (?) to put on. It is not just an artist fee for concerts, it's the staging, security, and trash cans. We focus a lot on fiestas, but we are trying to make an iconic event in the fall. For our cultural line item, we are trying to highlight the heritage months. We work with cultural centers and advocacy centers to help put on our events. I know that this is a lot of money, but we are trying to celebrate the cultures that we have. On Page 6, we are requesting $15,000 to bring speakers to campus. We want to bring these topics and these speakers to campus for the students. I wanted to talk about page 2, I wanted to stress Pollstar for our way to get listed or get artists or speakers,

3. Questions
   a. Sen. Lopez: I was going to ask about Pollstar, but you just answered that. How much have you spent on noontime concerts?
      i. Last year, it was budgeted to have about 30 noon times, but we cut that in half, and we have probably spent no more than $2000. These are smaller fun things.
   b. Sen. Lopez: Can you go into detail for how much speakers cost?
      i. Kevin hines was a special thing. His booking fee was about $5,000, and Michael Sam was about $10,000, but that is also for the staging and stuff.
   c. Sen. Lopez: How many outside partnerships and the benefits?
      i. Last year we worked with United and other corporations. Putting ASUNMs name into the public helps because High School students also see our name partnered with United and it helps them want to come as well. We don't always have monetary collaborations, but even other collaborations are helpful.
   d. Sen. Hill: Thank you for bringing so much fun and things to Campus. I thank you guys for working with the resource centers. On detail sheet 7, are we always paying the local bands? Can students perform on campus?
      i. We always pay people for their art and creativity.
      ii. Students are always welcome to play on campus.
   e. Sen. Flores: Thanks for coming, I see that fiestas has a great turnout, but have you ever considered charging outside community members any fee?
      i. We have talked about charging the public but free to the students, but we have never had to and want to keep it free. If we keep getting cut then that will be something that we need to consider more strongly.
f. Sen. Milan: You do an awesome job. Do all of the salaried positions work 20 hours a week?
   i. Yes

g. Sen. Rivera: How much would you charge if you had to charge with fiestas?
   i. The ticket market in ABQ is really bad, and so having a fee makes it so that people would not want to come.

h. Sen. Rivera: I see a lot of emphasis on smaller events compared to fiestas? Are you trying to do this more?
   i. In 2018, they held all their money until the end to have this, but this year we have been trying to reach out to other groups and partnerships to put on smaller events as well.

i. Sen. Olaguir: Thank you guys for coming in! On budget detail sheet 2, line 33, can you explain the co sponsorship line item.
   i. If groups want to cosponsor but have no money, they can fill out a form so that we can work with them.

j. Sen. Lopez: MOTION to table Student Special Events
   i. MOTION is seconded and passed

4. Discussion (2/23):
   a. Sen. Lopez: MOTION to reduce line item 15 on DS1 to read 15 hours a week
      i. MOTION is seconded and passed
   b. Sen. Lopez: MOTION to reduce line item 14 on DS1 to read $0
      i. MOTION is seconded and passed
   c. Sen. Lopez: MOTION to reduce line item 11 on DS2 to read $0
      i. MOTION is seconded and passed
   d. Sen. Lopez: MOTION to reduce line item 15 on DS2 to read $5
      i. MOTION is seconded and passed
   e. Sen. Lopez: Sweeping MOTION to reduce line item 23, 25, and 26 on DS2 to read $0
      i. MOTION is seconded and passed
   f. Sen. Lopez: MOTION to reduce line item 27 on DS2 to read $300
      i. MOTION is seconded and passed
   g. Sen. Lopez: MOTION to reduce line item 11 on DS3 to read $1,000
      i. MOTION is seconded and passed
   h. Sen. Lopez: Sweeping MOTION to reduce line item 13 and 14 on DS3 to read $0
      i. MOTION is seconded and passed
   i. Sen. Lopez: MOTION to reduce line item 11 on DS4 to read $20,000
      i. MOTION is seconded and passed
j. Sen. Lopez: MOTION to reduce line item 11 on DS5 to read $5,000
   i.  MOTION is seconded and passed
k. Sen. Lopez: MOTION to add $28,000 to line item 11 on DS7
   i.  MOTION is seconded and passed

v. ASUNM Governmental Affairs
   1. MOTION to open ASUNM Governmental Affairs
      a. MOTION is seconded and passed
      b. Sponsorship
         i. When it comes to our budget, we are asking for 4,000 for UNM day which is the biggest event. Our mission is to advocate on behalf of the undergrad population where we get most of our capital outlay. Considering that we are providing lunch and buying train tickets so we can go. We provide small gifts to show off how great UNM is and how important this is to us. Next session is 60 days, and during the session outside of UNM day we travel back and forth to advocate throughout the session. As far as advertising and office supplies, these are general supplies. We are asking for food and refreshments for other smaller events. I think this agency is underutilized, so we have been trying to provide food and other things for watch parties and other events. We are also asking for a double in the stipend for the projects director. I believe this project's director position is beneficial. Our office does a lot of work, both planning, organizing and communicating. I think this position is essential and they are putting in a lot of work but underpaid.
   c. Questions
      i. Sen. Lopez: Thank you for coming in, can you go into more detail of what the projects director does?
         1. The assistant director is salaried. The assistant director does a lot more research, it should be easy for us to switch roles easily.
      ii. Sen. Lopez: what kind of events would you plan on hosting outside of UNM day?
         1. Part of our mission is to promote civic engagement. One way is to allow students to engage. One idea is to bring in politicians to interact with the student population. The census is coming up, voter registration and other events like this, which focus on interaction and education.
iii. Sen. Lopez: Outside of social media, what kind of advertising?
   1. We did not do a different type of advertising than social media. In the future, we want to advertise in the SUB and have a different way to do that. We do not have our own social media, we have to rely on other orgs.

iv. Sen. Rivera: I would like to commend you all for the work you are doing for the session. My question to you is what kind of partnerships have you done or what do you plan on doing?
   1. When we hosted the president debate watch party, we collaborated with College Democrats and another Generation Action because we wanted to assist in that mission. In the future, we want to collaborate with other organizations, while remaining neutral and bipartisan. We have in the past worked with Bernalillo county commissioner to increase voter registration. We would like to bring in an outside agency to help with census education.

v. Sen. Rivera: What kind of ideas do you have in mind for the census?
   1. We would like to have pop up sessions in resource centers. On April 2nd, we want to have a fun event for the students to come and fill out the census.

vi. Sen. Olaguir: I want to thank you for everything you do. Did you know that Enlace does a legislative internship with high school seniors? Have you done anything with them? I see a collaboration with them would be beneficial, and maybe develop talent? Did you know about that?
   1. I was not aware of that, but I do see potential for collaboration with them. I don't know if bringing them onto our team now would work, but there definitely is potential.

vii. Sen. Olaguir: Since you want to host informational meetings about the census, do you have any other plans for this?
   1. Not at this time.

viii. Sen. Lopez: MOTION to table ASUNM Governmental Affairs
   1. MOTION is seconded and tabled.

ix. MOTION to recess until 10:30
1. MOTION is seconded and passed
x. MOTION to reconvene at 10:30

**d. Discussion (2/23):**

i. Sen. Rivera: MOTION to reduce line item 11, 15, 16 on DS2 to read $0
   1. MOTION is seconded and passed

ii. Sen. Rivera: MOTION to reduce line item 12 on DS2 to read $1,500
   1. MOTION is seconded and passed

iii. Sen. Rivera: MOTION to reduce line item 13 on DS2 to read $300
   1. MOTION is seconded and passed

iv. Sen. Rivera: MOTION to reduce line item 14 to read $50
   1. MOTION is seconded and passed

**vi. SAC Publications**

1. MOTION to open SAC Publications
   a. MOTION is seconded
      i. MOTION is seconded and passed
   b. Sponsorship
      i. I passed out an example of what we would print. We print a guide to chartering student organizations. We print three times, fall, spring, summer. The summer publication goes to the new students. This would go to mid September. This is the way that students find out about the other student organizations. We have these lists online, but the printed publication is the best way to reach students. We print in the Daily Lobo and we do get some money from GPSA for this. We just did the spring one. Although most people are online, some people will not seek out the organizations there. We do this three times, so we can add new chartered organizations throughout the year.

c. Questions
   i. Sen. Lopez: I know this might be hard to know, but do you have any statistics for how many people see this or how many people join?
      1. 2,600 freshmen reach this in hand. The third largest publication in the state of New Mexico. This is easy to pick up and to keep. We cannot track through the Daily Lobo of how many people this affects.

   ii. Sen. Flores: Do you get funds from SFRB?
      1. We do not get any funds from the SFRB

   iii. MOTION to table
1. MOTION is seconded and passed

d. Discussion (2/23):
   i. Sen. Lopez: MOTION to reduce line item 11 on DS1 to read $2,000
   1. MOTION is seconded and passed

vii. Welcome Back Days
   1. MOTION to open Welcome Back Days
      a. MOTION is seconded and passed
      b. Sponsorship
         i. You have our schedule of welcome back days which happens every fall. There is a lot that goes into this event. Almost everything that happens is covered by the university, except for the food. We are in front of you requesting food for the welcome back days. Friday Night Live is the most expensive and we have food every day during that week. You guys are our largest source of funding for this. You can see our additional partners that support the smaller parts of our event. Without you guys, we would have to cut back a lot. Welcome back days are very important to get students involved in organizations, and know that you can count on free food opportunities. Friday Night Live is proven to be a great kick off event. We need to most help with this event because we do have ASUNM agencies at this event, with Lobo Spirit, SSE. This is a great way to get students involved on campus.

   c. Questions
      i. Sen. Lopez: This might be hard to know but do you know about how many students interact with these events?
         1. In regards to Friday Night Live, 27,000 people came through the doors. We try to average about 20,000 pieces of food. I estimate 15,000 people.

      ii. Sen. Milan: I know you get some sponsorships, are the prices on here the final costs with sponsorships?
         1. I think that includes the total cost of what the food is going to be. We have not had a lot of funds to help with the events, so we had to get alumnae help. Friday is about $6,000 in the food costs. This last year, we have $28,000 with them. The rest of welcome back days we cover with our departmental budget, as well with vendors. This helps cover the total cost of the event, tents, advertisements, facilities
management, and electricity needs. The vendor boosts in Smith Plaza pay to be on campus, and that is how we pay for the food. This is like self generated money for student orgs.

iii. Sen. Flores: Do you guys receive any donations for food from the community?
   1. Dions did come on and give us a large discount on the pizza, and would be a larger cost through UNM food. Common support of vendor fees is also a “donation”.

iv. Sen. Flores: I noticed that the budget from last spring was 7,000, what changed?
   1. We requested the same amount last year, but we were cut. We had to work really hard to get people to come out to cover that gap. Vending has gone down in the past couple of years.

v. MOTION to table
   1. MOTION is seconded and tabled

d. Discussion (2/23)
   i. Sen. Lopez: Sweeping MOTION to reduce line item 12 and 17 to read $0
   1. MOTION is seconded and passed

viii. American Medical Student Association
   1. MOTION to open American Medical Student Association
      a. MOTION is seconded and passed

   2. Sponsorship
      a. No Show

   3. Questions

   4. Discussion (2/15):
      a. Sen. Lopez: MOTION to reduce line item 13 on DS 1 by $50 read $50
         i. MOTION is seconded and passed

      b. Sen. Lopez: MOTION to reduce line item 14 on DS 1 by $100 to read $200.
         i. MOTION is seconded and passed

      c. Sen. Lopez: MOTION to reduce line item 16 to read $0
         i. MOTION is seconded

      1. Discussion:
         a. Sen. Lopez: The description says that it's a fee, but we don't really fund those kinds of things.

         ii. MOTION is passed

      d. Sen. Olaguir: I want to hear more discussion on line item 12 on DS 1 about copying services for welcome back flyers.
e. Sen. Lopez: In relation to line item 12, I believe we will want to cut all copying services, I’m sure that by the end of this we will cut it.
f. Sen. Rivera: I would like to hear the committee’s point of view on line item 11 with regards to banners. I feel as though banners can be used for various years, and don’t tend to change.
g. MOTION to table
   i. MOTION is seconded and passed
h. MOTION to open (2/15)
   i. MOTION is seconded and passed
5. Discussion (2/15)
a. Sen. Flores: MOTION to reduce line item 12 by $60 to read $60.
   i. MOTION is seconded and passed
b. Sen. Flores: MOTION to reduce line item 15 to read $50
   i. MOTION is seconded and passed
c. Sen. Flores: MOTION to reduce line item 11 to read $20
   i. MOTION is seconded
      1. Sen. Rivera: Friendly amendment to reduce this by $40 to read $0
      2. Friendly amendment is accepted
   ii. MOTION is passed
d. Sen. Lopez: Although we have taken off a large amount, I think that we should cut the food a little bit more
e. Sen. Flores: MOTION to table
   i. MOTION is seconded and passed
ix. American Society of Civil Engineers
   1. MOTION to open American Society of Civil Engineers
      a. Sponsorship
         i. I’d like to begin by thanking you all. My name is Patience and I’m the VP of this organization. This is the biggest undergrad student organization for civil engineers because largely, at the professional level, it is important to undergrads to get involved early on. We try to give all our members and the civil engineering department opportunities to network with those in the industry through guest speakers and field visits. We have a lot of collaboration which is a big piece of civil engineering. We try to have outreach events through the School of Engineering. It's important to reach out to the community, and a big thing we do is attend a regional conference with 11 other schools. It is mostly competition based which gives students a place to get involved and engaged through competition. Some of the competitions include the concrete canoe, and a few
team members will get to row it and compete with it, as well as a table and presentation. There is also a surveying competition which we placed 2nd in. There is a pre-design and individual student competitions as well. The presentations are lower-stakes but lets the students show off their research and get introduced to the field. This year is our 8th year and overall the best we have placed is 5th, but there are also the individual competitions that we have placed well in. Being a part of this is important for civil engineering undergrads to make their experience more well-rounded, especially because you get to work with others to work on time management. Specifically in the budget, we are requesting funds for copying services to print flyers, we have 7-8 meetings a year, and we like to print flyers to post around the building. We are also asking for postage for sponsorship letters, we like to write out a nice letter to request donations and we throw in a newsletter, we send this in the fall and we send between 100-150 and we try to follow up through email and calls. We are also requesting money for general meetings, and on average we have about 20 people show up, but closer to competition and around the beginning of the school year we get more people. A big part of the concrete canoe is the concrete mix design, and planning this takes a lot of materials. We also make a practice canoe and one that goes to competition. I think the most expensive is the one that has its only line item on the budget the K1, which are really light weight glass spheres which take up a lot of volume too. Other concrete materials are more expensive, and construction costs include humidifiers and other tools which are important. We always end up having to buy new ones, especially respirators, because we deal with a lot of fine particulates, so we always need to buy these to protect our members. Other funds we get are from the School of Engineering, the department and then other professional donors, like AUI and other sponsors, which goes towards conference costs, apparel, and we try to take about 20 people so hotel and food also costs money. For the display of the concrete canoe there is a stand that has to be constructed and a tabletop display. For the canoes themselves we get a foam mold that is provided by a local vendor.
b. Questions

i. Sen. Lopez: I commend you guys on all the work you do! What kind of responses do you get from putting out the fliers?
   1. I always put the flyers around the Centennial building where the courses are like in the intro classes and in the stairwell and I feel like it's useful because not only do the professors like to mention us, but also seeing the flyer is beneficial. The more they see it the more they want to go to it.

ii. Sen. Lopez: Could you go into how much you get from your donors?
   1. For this year, the School of Engineering is giving us $2,500 and the department is also matching it. The NM ASCE also gives us about 500-1000 dollars. For the outside donors we have received about $600.

iii. Sen. Lopez: Can you estimate how much you would need if you did not get everything through the budget?
   1. This year I have had to pay up front for the flyers, so we have been unable to use money, so I'm hoping by being more frugal and fundraising, we will be better off. I'm not entirely sure but I know that at least half of what we are getting from the School of Engineering will go to getting us out of the red.

iv. Sen. Milan: Congratulations on your hard work! Who gets to keep the canoe at the end?
   1. This is something we have been thinking about because a lot of times a few people take on all the work and then get burnt out. If the canoes survive competition, they tend to hang out at the construction space. We did have the canoe from 2016 on display in the Centennial courtyard, and then it got moved to someone's yard. This year we did the same but it got stolen. This year I want to work with UNM grounds and then cut them and have them on display, but this is in the works. All of the materials stay at our workspace, and any leftovers stay there until they get used.

v. Sen. Rivera: are the respirators a one time item?
1. It is a yearly thing. If you have ever sanded, they are these facemasks so after so many uses they get clogged, so they need to be replaced

vi. Sen. Rivera: What benefits do you see from sending a letter for sponsors rather than an email?
   1. I feel that with a lot of the sponsorship letters we try to deliver them by hand and give that personal touch. Often times when we go their senior executive is available so we can allow for a personal touch and makes a big difference.

vii. Sen. Rivera: Have you used all of the postage in the past?
   1. This year i don't think we used it or not, our secretary is the one who bought the stamps, so i'm not sure if she got reimbursed for that.

viii. Sen. Lopez: MOTION to table
   1. MOTION is seconded and passed

c. MOTION to open (2/15)

d. Discussion
   i. Sen. Olaguir: MOTION to reduce line item 12 by $42, to read $0
      1. MOTION is seconded
         a. Sen. Lopez: Why did you cut it all?
         b. Sen. Olaguir: Maybe it would be best to do only some of it.
         c. Sen. Rivera: Friendly amendment to have line item 12 to read $20
            i. The author accepts
         d. Sen. Lopez: I'm okay reducing it all the way, but I wanted to hear more
         e. Sen. Flores: I think there is an excess amount, so I think we should reduce this in full.
         f. Sen. Rivera: I think reducing it in half is beneficial because cutting it in half is fair incase they need to.
         g. Sen. Hill: I feel like if we cut it by half, it would be fair. By cutting this all the way, it would help them get out of the debt
      2. MOTION is passed
   ii. Sen. Lopez: MOTION to table
      1. MOTION is seconded and passed

x. Catholic Apologetics Fellowship & Evangelization
1. MOTION to open Catholic Apologetics Fellowship & Evangelization
   a. MOTION is seconded and passed
   b. Sponsorship
      i. Hello everyone! We are a group here on campus, where we get a priest to come and present to try to clear up misconceptions about the Catholic church. We are Roman Catholics but we had a Byzantine exhibit because there are still Byzantine Catholics. We do a lot of things like that. We also do some outings in the community for our organization. We also go to events to bond with our members. We are requesting money for food, as the Byzantine Catholics have mass on the day that we have food. The honorarium is for the speakers that we have, especially the Byzantine speaker. We are also asking for money for packing some fragile Byzantine icons. We have a religious library, so we would like to add more things to that library
   c. Questions
      i. Sen. Lopez: My question is, at your big event last semester, how many people attended?
         1. There were a lot of people that came to that event that were not even in our club. Iconography is very important to art majors.
         1. I would say about 100 throughout the day.
      iii. Sen. Hill: Thank you for spreading the Gospel and making a safe space for this! My question is, usually do you see students from outside of campus? Or are a majority of your members students? How many people from the community are regulars?
         1. The majority of the members are students.
         2. About 5 usually that are community members
      iv. Sen. Olaguir: I have a question about line item 12, for honorarium, is this just a token of gratitude?
         1. It is not a fee, they do not ask for a fee, but this is a token of our gratitude
      v. Sen. Rivera: With regard to the honorarium? How is this given to the priest? With educational materials? is this a yearly thing? Are you planning on adding books each year? What kind of books?
         1. We would follow the rules that are outlines.
2. This is like a yearly thing that we are trying to add to the library. This would be an open resource.

3. A couple of the books would be explaining and debunking misconceptions and the origin of the church.

vi. MOTION to table
   1. MOTION is seconded and tabled

d. MOTION to open (2/15)
   i. MOTION is seconded and passed

e. Discussion (2/15)
   i. Sen. Flores: MOTION to reduce line item 11 by $100 to read $100.
      1. MOTION is seconded and passed
   ii. Sen. Lopez: With the food now, it's $100, but they still only get 2-3 people.
   iii. Sen. Hill: It looks like they have 5 members attend who are not undergrads who come
   iv. Sen. Lopez: Their roster sits at about 10 and those who come to their meetings.

f. MOTION to table
   i. MOTION is seconded and passed

xi. Asian American Student Association
   1. MOTION to open Asian American Student Association
      a. MOTION is seconded and passed
      b. Sponsorship
         i. We are the Asian American Student organization and we started last semester. This budget is based on data from last semester. We have plans to increase our organization into a resource center. Our biggest event that we are doing this semester is our cultural show. We would like to invite a lot of people. The Kimchi festival was projected to have 100 and 300 people come. We would like money for food and vending. Since we did not get enough funding to build towards a resource center, we are asking for money for resources to keep building. Our events are broken down into four categories. Those are the expenses broken down. We have some merchandise that we would like to use for self generated funds but it is hard to sell things with no incentive. We have a handout with more specifics about our events.

      c. Questions
         i. SSen. Milan: For the cost of T-Shirts, are you planning to sell them after?
1. We plan on buying shirts and selling them to our members immediately instead of waiting so they can get them right then and there.

ii. Sen. Lopez: Is the Big/Blitte event like a mentorship? Can you explain the impact that you have seen from your advertising this year and what you want to change?
   1. Yes, we have made it so that foreign exchange students and freshman get paired up with upperclassmen to get them integrated.
   2. Last semester we did not advertise that much but we had about 50 people for our first event. This year we had about 60-70 people at our event because of our advertising.

iii. Sen. Flores: Thank you for coming out! Are these events going to be happening every year? Do you partner with another resource center with these events? Do you have an office space on campus?
   1. Yes, these are generally the same each year. We want to mix it up but the structure is similar.
   2. We partnered with the Kimchi festival, and we have partnered with SWFC to celebrate.
   3. We just got access to an office this semester.

iv. Sen. Hill: Is any of the money for the events that are off campus for travel?
   1. Each person is responsible for getting to the event on their own.

v. Sen. Flores: What are your top three events?
   1. Our top three events are the general meeting, the off campus events and the cultural showcase to share Asian culture with the community.

vi. Sen. Rivera: How has it been trying to become a resource center?
   1. We are now planning on making a place for people to come together, but the talk on this has just begun.

vii. Chair Lutz: Are these events happening during the spring? Just want to confirm that this money will not be available until July, for next year? You can apply for another appropriation for any events this semester.
   1. Yes, we planned this for the next few years as well.
viii. Sen. Olaguir: I wanted to congratulate you all with all
the work you are doing, and the continuation of your
work is phenomenal

ix. Sen. Lopez: I just want to commend you guys in your
efforts to become a resource center on campus.

x. Chair Lutz: Where are you holding the showcase?
   1. We found a potential place at the Bosque
      Private School bc some places do not let you
cater

xi. Sen. Rivera: What does the membership fee go to?
   1. It was to go to pay for our own events. Now
      that we have more members, it will go to help
      pay for smaller events

xii. MOTION to table
   1. MOTION is seconded
      a. Sen. Lopez: I would recommend failing
         this so that we can make some quick
cuts.
   2. MOTION is failed

d. Discussion (2/15)

i. Sen. Lopez: MOTION to DS1 line item 25 reduce to read
   $0
   1. MOTION is seconded and passed

ii. Sen. Flores: I would like to hear everyones opinion on
    line item 21 about tie dye, just because they can keep
    the shirts that these resources are used for.

iii. Sen. Olaguir: I think that we can’t really fund them
    things that they can keep, I would assume that they
    would bring their own shirts. I don’t think that they
    would be keeping the tie die, but not the shirts.

iv. Sen. Hill: when I read this, I also thought that the tie
dye kits go hand in hand with the shirts, so I think we
    should zero out this as well.

v. Sen. Lopez: MOTION to reduce line item 26 by $48 to
   read $0
   1. MOTION is seconded
      a. Sen. Hill: Should we go ahead and 0 out
         the tie dye event?
   2. MOTION is passed

vi. Sen. Lopez: I am looking at the gloves, and I think
    maybe we should look at this again.

vii. Sen. Flores: Line item 18, DS2 is for miscellaneous and it
    says prizes for the showcase, and I don’t know if we can
do that.
viii. Sen. Hill: On DS 2, line item 2, I think we should zero this out as well.
ix. Sen. Lopez: MOTION on line itsm 27, DS 1, reduce by $12 to read $0.
x. Sen. Lopez: Sweeping MOTION to reduce on DS 2, line items 11 and 18 to read $0.
   1. MOTION is seconded and passed
xi. MOTION to table
   1. MOTION is seconded and passed
e. MOTION to open (2/15)
i. MOTION is seconded and passed
f. Discussion (2/15):
i. Sen. Lopez: MOTION to move out of Parli Pro
   1. MOTION is seconded and passed
ii. MOTION to move back into Parli pro
   1. MOTION is seconded and passed
iii. Sen. Lopez: Sweeping MOTION reduce on DS 2 line items 20, 22, and 23 to read $0
   1. MOTION is seconded and passed
iv. Sen. Lopez: MOTION to reduce line item 24 to read $0 on DS 2
   1. MOTION is seconded and passed
v. Sen. Lopez: MOTION to reduce line item 27 on DS 2 to read $400
   1. MOTION is seconded and passed
vi. Sen. Milan: MOTION to reduce line item 13 on DS 2 to read $0
   1. MOTION is seconded and passed
vii. Sen. Milan: MOTION to reduce line item 14 on DS 2 to read $0
   1. MOTION is seconded and passed
viii. Sen. Milan: MOTION to reduce line item 15 on DS 2 to read $0
    1. MOTION is seconded and passed
g. MOTION to table
   i. MOTION is seconded and passed
h. Discussion (2/23)
i. Sen. Hill: MOTION to reduce line item 17 on DS1 to read $0
   1. MOTION is seconded and passed
ii. Sen. Hill: MOTION to reduce line item 21 on DS1 to read $0
   1. MOTION is seconded and passed
iii. Sen. Milan: MOTION to reduce line item 12 on DS2 to read $0
   1. MOTION is seconded and passed
iv. Sen. Milan: MOTION to reduce line item 17 on DS2 to read $50
   1. MOTION is seconded and passed
v. Sen. Milan: MOTION to reduce line item 19 on DS2 to read $0
   1. MOTION is seconded and passed
vi. Sen. Lopez: Sweeping MOTION to reduce line item 25 and 26 on DS2 to read $0
   1. MOTION is seconded and passed
vii. Sen. Rivera: MOTION to reduce line item 18 on DS1 to read $0
   1. MOTION is seconded and passed
viii. Sen. Rivera: MOTION to reduce line item 15 on DS1 to read $1,000
   1. MOTION is seconded and passed

4. MOTION to recess until 1:30
   a. MOTION is seconded and passed
5. MOTION to reconvene at 1:30
   a. MOTION is seconded and passed
      i. Association of Latino Professionals for America
         1. MOTION to open Association of Latino Professionals for America
            a. Sponsorship
               i. My name is Devon and I'm the president and I'm the treasure. We are a student organization within the Anderson school of Business. We welcome everyone and all forms of business. We try to develop students in the business world. Our socials, chapter meetings and events try to bring in different students together. Last semester we brought in speakers from Sandia, Fidelity, PWC, and other companies from out of state. This allows students to network and get to know these professionals. I know we just had a career fair and it can be tough to fight for jobs, so this gives them a smaller and more personal environment which helps students and allows them to make a more personal impression. We have had many students get jobs and internships through these speakers. They present on a professional development skill like elevator speeches, LinkedIn's and other tools. We would like to provide food at these meetings and we tend to have them on Fridays during lunchtime. This is for undergraduate and graduate students and allows students to come during lunch
breaks in case they work or have night classes. Anderson has its own career fair and people take bonuses to come. During our chapter meetings we create personal relationships with professional ALPA members, alumni, and other professionals. They often come with a lecture but also with internship opportunities. We try to ask these companies to sponsor food for the meetings, but with our chapter growing, it is getting harder to provide them with food. We have both corporate companies come but we also have non-profit companies, and an ambassador from the Federal Government came as well.

b. **Questions**

i. Sen. Hill: Thank you for being here today, one question I have is about how many members go to your meetings? How much is the small membership fee?
   1. It tends to be between 20-30
   2. The membership fee is $30. We are the cheapest organization in Anderson.

ii. Sen. Lopez: I noticed that you had a fundraising event, how much did you raise and where did you put it?
   1. Last year we generated $3,000 but that went to the National Convention that was in Nashville, TN. That fundraiser went to convention alone.

iii. Sen. Rivera: When it comes to your organization, are you affiliated with a national organization as well? I see that you have some graduate students as well? Do you request funding from GPSA?
   1. Yes, so we are a national organization. We have a student and a professional chapter. You can continue to be in this organization even after you graduate. Schools all across the country can come to the national convention. Even though most of our members are from Anderson, our national company takes all majors.
   2. Yes, we do request funding from GPSA

iv. Sen. Lopes: How many people attend your chapter meetings? How much did you have for food?
   1. About 20-30 and we received about $200 for food from GPSA.

v. Sen. Hill: Will you request money from GPSA equally? Of the 20-30 that come, the majority would be undergraduate students?
1. Yes, and we got more money from ASUNM last year, our undergraduate population is a lot larger compared to our graduate students.

vi. Sen. Milan: I am your sponsoring senator, by the way!
1. Thank you!

c. Discussion (2/22)
i. Sen. Lopez: MOTION to reduce line item 11 to read $200
1. MOTION is seconded
   a. Discussion:
      i. Sen. Lopez: This is just to get it within standing rules now

2. MOTION is passed
d. Sen. Flores: MOTION to table
i. MOTION is seconded and passed

ii. ASUNM Admin Account
1. MOTION to open ASUNM Admin Account
   a. MOTION is seconded and passed

2. Sponsorship: Hello everyone! I am here on behalf of Chris, our office manager. On budget detail sheet #1, we are having an administrative salary. This is her pay, social security, and retirement. The other thing on this sheet is the printer. We are on a 5 year contract. Next, we have office supplies, card paper, copying sheets, and plaques. The copy paper is also used by the service agencies. The next is copying services, as we have our ASUNM logo on any official business that goes out. We have less than half of a box for this summer. We also send out thank you cards. On detail sheet #2, this is for maintenance for the ASUNM conference room, which is used by all of the service agencies. The next we have is computer/printer supplies, as Chris has a printer next to her. We have a telephone for Chris to use as she does not use her cell phone. The next line item is food for the installation event, which is for the installation of the President, VP, and new senators

a. Questions
   i. Sen. Flores: For the brochures, how many do you think you have next? Do you think these get handed out frequently?
      1. We only have 450 left.
      2. We give out the brochures in the summer very quickly.
   ii. Sen. Lopez: For the brochures, do you know how many you go through?
      1. I do not have an exact number of how many we go through. If you have any questions, feel free to ask Chris
   iii. Sen. Flores: What would you say the type priorities are?
      1. Honestly, I think the salary is the most important. The office supplies and copying services are extremely
important as well. She stressed to me that she would only request what she really needs.

iv. MOTION to table
  1. MOTION is seconded and passed

b. Discussion (2/23)
   i. Sen. Hill: MOTION to reduce line item 11 on DS1 to read $54,727
      1. MOTION is seconded and passed
   ii. Sen. Hill: MOTION to decrease line item 16 on DS1 to read $2,000
       1. MOTION is seconded and passed
   iii. Sen. Hill: MOTION to reduce line item 25 on DS1 to read $200
        1. MOTION is seconded and passed
   iv. Sen. Hill: MOTION to reduce line item 11 on DS2 to read $100
       1. MOTION is seconded and passed
   v. Sen. Hill: MOTION to reduce line item 15 on DS2 to read $300
   vi. Sen. Hill: MOTION to reduce line item 19 on DS 2 to read $10
        1. MOTION is seconded and passed
   vii. Sen. Hill: MOTION to reduce line item 23 on DS2 to read $200
       1. MOTION is seconded and passed

iii. ASUNM General Government
    1. MOTION to open ASUNM General Government
       a. MOTION is seconded and passed
       b. Sponsorship
          i. My name is Adam and this is Jacob. This is the budget that applies to the office of the president. As we look at this, on detail sheet 1, it shows the salaries. We increased the weeks for Chief of Staff because this position should work over the summer. He or she could be out of town so it's important for ASUNM representatives to be available. For Director of Communications and Deputy Chief and Deputy communication, those stayed the same. These will change due to minimum wage changes. For DS number 2, this is for stipends. For AG, we are requesting 2 units of $1,000, as this is a really important aspect. We are also requesting a stipend for the Joint Council speaker to receive. For telephone line charges, we are requesting 22.50 for 12 units. I use this line for reaching out to administration, whether it be the President, Provost or other admin, we also use this for long distance, this is really important. For tuition, we are requesting $7,400 which has been in place for more than 20 years, and I believe that this should be funded fully. The refreshments are used for receptions,
meetings, and other events. Having food is an incentive. It can also be hard to get representatives to come to the Joint Council, so this incentive is helpful. For DS 3, we are asking for 30 total for postage. We like to send out thank you cards, and we often mail this out. We are also requesting money for the reception, and this event comes in April so we use this budget for those awards. We have a monthly initiatives budget which allows us to be more diverse with our office, and we have been successful thus far. We are requesting money for advertising, 20 for 20 units, and it’s important to use social media to boost a post. This could be for monthly initiatives and student forums. We had a great turnout for our last forum, and through proper advertisement, we can get a good representation of the student body. For office supplies, this is for miscellaneous expenses, whether it be post-its, legal pads, or others. We also increased the office supply budget for name plates, especially for Full Senates. For our name plates for Full Senate, this is where it comes from, as well as business cards. Priorities are salaries, tuition, and then stipends for AG and joint council. The rest is really important to us, but we understand your situation.

c. Questions

i. Sen. Lopez: Where are the salaries for the Deputy Chief of Staff? With the miscellaneous expenses, how much would you spend on business cards on administrative roles? For the refreshments and food, could you break down how much you spend for each event?

1. It's on DS 1, it's the last line.

2. How much do you think you spend on business cards and other roles? I personally do not order these cards, Chris does. I can tell you that it’s really important to have for the legislative reception and at various meetings with legislators, so they are really important.

3. It averages out to about $250 for each thing, so we have 2 receptions, once a semester, which is $125 for each. We have no use for food for executive director meetings. For the State of ASUNM we try to get food because we want a lot of students to come. For student forums, it's roughly 250.
ii. Sen. Flores: What specific events do you advertise on Facebook? What would you say are the top priorities in other supply costs and general operating?
   1. It's our own personal outreach for a monthly initiative. This could be Dia De La Raza and other events. SSE has a part of this but it is also one of our initiatives, it also depends on what is going on. For the Gateway Center, we had to market and advertise this properly, and we use this as a way to reach each population on campus, especially when it impacts all of us. We use advertising for the student forum, and any videos the Office of the President puts out. We also send out letters to the public or the Governor, to get feedback.
   2. I would say for office supplies, business cards are really important and the nameplates are essential. The tuition is essential because they get paid an "hourly" rate, but the president also works way more than 20 hours a week, so this helps supplement this. The president has also worked very hard, so this is a nice additional bonus. Something i think is important for this budget is that the Chief of Staff is essential, especially over the summer, so having a student at the table is really important to be sure voices are heard. 2 years ago, when Noah Brooks took over, he jumped into the budget meeting first week of the summer, right after Mason Martinez had to also jump in to advocate for the lottery. It really depends on what's going on but it's nice to have those increased weeks, because it's important to have the Chief of Staff there.

iii. MOTION to table
   1. MOTION is seconded and passed

   d. Discussion (2/23):
   i. Sen. Lopez: MOTION to reduce line item 14 on DS1 to read $0
      1. MOTION is seconded and passed
   ii. Sen. MOTION to add $500 on line item 14 on DS2 to read $500
      1. MOTION is seconded and passed
   iii. Sen. Lopez: MOTION to reduce line item 12 on DS2 to read $1,000
1. MOTION is seconded and passed
   iv. Sen. Lopez: MOTION to reduce line item 13 on DS2 to read $200
   1. MOTION is seconded and passed
   v. Sen. Lopez: MOTION to reduce line item 21 on DS2 to read $500
   1. MOTION is seconded and passed
   vi. Sen. Lopez: MOTION to reduce line item 12 and 14 on DS3 to read $0
   1. MOTION is seconded and passed
   vii. Sen. Lopez: MOTION to reduce line item 17 on DS3 to read $50
   1. MOTION is seconded and passed
   viii. Sen. Lopez: MOTION to reduce line item 20 on DS3 to read $100
   1. MOTION is seconded and passed

iv. ASUNM Jenny Marie Ames Memorial Scholarship
   1. MOTION to open ASUNM Jenny Marie Ames Memorial Scholarship
      a. MOTION is seconded and passed
      b. Sponsorship: Hello everyone. As you can see, there is only one line item. For our scholarships, we just introduced a new one. We are trying to see if we want to keep them in all the same budget or not. There was a student named Jenny Marie Ames who was active in Student Court. She had passed away, so this scholarship is to remember her. We award 3 $1,000 scholarships each semester.
      c. Questions:
         i. Sen. Flores: How do you pick who gets the scholarships?
            1. It depends on the VP, and so I made a scholarship committee. There are some remarkable students that apply for this scholarship

2. MOTION to table
   a. MOTION is seconded and passed

v. ASUNM Senate
   1. MOTION to open ASUNM Senate
      a. MOTION is seconded and passed
      b. Sponsorship
         i. For our salaries, we have the salary for the VP and the senate aides. The senate aides work really hard, not just for minutes, but they help me in the office a lot. They work very hard. the rates will change for the minimum wage. The VP salary is monthly, just like the President. DS 2 shows the tuition stipend, and the office supplies.
There is $250 for each semester. We go through lots of paper, pens and binders for keeping records. Keeping records is really important to see what past offices have done. Refreshments and food accounts for our last Full Senate meeting, the food the senate retreat, budget hearings, and other events we decide to do. For copying services, these are very important and advertising to promote budget workshops, and other workshops. Business cards are also important to help network and get in communication with other professionals. For O&A, most of this goes towards student success week, and other events, through outreach. For telephone lines, the office of the VP should not be using their own phone, and it's nice to have the phone for safety. For a long distance call, it's nice to have this incase we need to make calls outside. Postage is helpful depending on resolutions to those who it is addressed to. For DS 3, advertising is helpful, and Daily Lobo ad is not mandated, but we still use it to reach many people, and we use this for ads on social media and for outreach events to access all students. For S&R and Finance special events, this is for these committees. An idea I had for the future is to have Finance to have a workshop teaching students how to fill out an appropriation and other forms. The advocacy scholarship is also included in this for next fiscal year, which is 2, $1,000 scholarships per semester. The Finance Chair gets an extra amount in the fall and spring as well. We also have the blue books in the ASUNM office which helps bring students in who would not usually come.

c. Questions
   i. Sen. Olaguir: What's the blue book?
      1. They are the test booklets that are sitting in the front of the office. ASUNM funds then so students don't have to buy them
   ii. Sen. Rivera: I see that the tuition is full time, are there any rules that specify that the VP or President has to be a full time student.
      1. We have to take a certain amount of credits to be in these positions, i think it's in the lawbook.
   iii. Sen. Lopez: For the various events, how much goes to funding student success week? Is it $550 per semester of the year?
1. I would say most of it goes towards Student Success Week, we get some donations but also around $500. I usually delegate this to the O&A chair and they have options to have other outreach events, like during Halloween or other holidays.

iv. MOTION to table
   1. MOTION is seconded and passed

d. Discussion (2/23):
   i. Sen. Hill: MOTION to reduce line item 16 on DS2 to read $1,500
      1. MOTION is seconded and passed
   ii. Sen. Hill: MOTION to reduce line item 18 on DS2 to read $30
      1. MOTION is seconded and passed
   iii. Sen. Hill: MOTION to reduce line item 20 on DS2 to read $1,000
      1. MOTION is seconded and passed
   iv. Sen. Hill: MOTION to reduce line item 24 on DS2 to read $0
      1. MOTION is seconded and passed
   v. Sen. Hill: MOTION to reduce line item 26 on DS2 to read $25
      1. MOTION is seconded and passed
   vi. Sen. Hill: MOTION to reduce line item 12 on DS3 to read $100
      1. MOTION is seconded and passed
   vii. Sen. Hill: MOTION to reduce line item 14 on DS3 to read $0
      1. MOTION is seconded and passed

vi. Lobo Gardens Club
   1. MOTION to open Lobo Gardens Club
      a. MOTION is seconded and passed
      b. Sponsorship:
         i. No show
      c. Questions
      d. Discussion (1/15)
         i. Sen. Flores: MOTION to reduce line item 13 to read $0
            1. MOTION is seconded and passed
         ii. Sen. Milan: I want to point out that they have two line items for food and refreshments which are more than 200 in total.
            iii. Sen. Lopez: I think that we could probably cut one of them by $65 and they could still use that money
iv. Sen. Flores: MOTION to reduce line item 14 on DS1 to read $0
   1. MOTION is seconded and passed
v. Sen. Flores: MOTION to increase line item 16 by $60 to read $200
   1. MOTION is seconded and passed
vi. Sen. Olaguir: I would like to hear more discussion on line item 17 about maintenance supplies. They talk about gloves and other supplies
vii. Sen. Rivera: I would feel comfortable reducing line item 15 and have them ask for that in an appropriation.
viii. Sen. Flores: MOTION to reduce line item 11 to read $45
    1. MOTION is seconded and passed
ix. Sen. Olaguir: MOTION to reduce line item 17 to read $49
    1. MOTION is seconded
   a. Sen. Flores: Does the author accept a friendly amendment to reduce this by $26
   b. Author accepts
    2. MOTION is passed
e. MOTION to table
   i. MOTION is seconded and passed
f. Discussion (2/23):
   i. Sen. Milan: MOTION to reduce line item 11 to read $0
      1. MOTION is seconded and passed
   ii. Sen. Milan: MOTION to reduce line item 17 to read $75
      1. MOTION is seconded and passed
vii. Bangladeshi Students Association
   1. MOTION to open Bangladeshi Student Association
      a. MOTION is seconded and passed
      b. Sponsorship: We work to promote the Bangladeshi culture and to support the Bangladeshi students at UNM. We have 27 undergrads, 52 graduates, and 30 others. We have a cultural night and Bangladesh new year. We actually do a lot of practice for these events. We invite a lot of different people to these events. We do have a picnic in the fall semester, and have a barbeque for each semester. These are the main functions that we have.
      c. Questions
         i. Sen. Flores: How much money do you guys receive from GPSA? Do you need video editing software every year? Is that the same for the instruments, does it happen every year? How many people come to your monthly meetings?
1. Last semester we got about $730.
2. Usually we buy the software for a one year subscription, so we need this each year.
3. Yes, we use this for an international event and we need to buy the equipment. This year we are having another event for a few hours and we have to pay to rent out the theatre.
4. Usually we have committee meetings around 10 people, and the other events have more people

ii. Sen. Olaguir: Can you explain to me the 80 units for the magazine?
   1. For the magazine, we have writings from the students and various student artwork to have published. It’s like a paper magazine.

iii. Sen. Hill: Thank you all for being here. Of your 82 graduates and other members, do you charge memberships? For the publication, do you charge for the publication?
   1. We do not charge, but we ask for money for food and the events.
   2. We ask for $5 or $7 admission to contribute for the events
   3. We do not charge for the publication, it is free

iv. Sen. Milan: Are both of you undergraduate students? Under our standing rules, we can only fund up to $400 in food.
   1. He is an undergrad and I’m the president and a graduate student.

v. Sen. Rivera: What percentage of the committee is undergrad students (10 people)? What do the “other” people compose of?
   1. 2-3 people on the committee are undergraduate students
   2. The other people are alumni or faculty

vi. Sen. Flores: Do you do any fundraising? What would you say is the cost of your two big events?
   1. No we do not do any.
   2. For the international event, it is about $3,000 and same for the New Year, it is about $1,000

d. Discussion
   i. Sen. Lopez: MOTION to reduce line item 15 to read $50
      1. MOTION is seconded and passed
   ii. Sen. Milan: Sweeping MOTION to reduce line items 18, 21 and 23 to read $0
      1. MOTION is seconded and passed
iii. Sen. Milan: I want to hear everyone's opinion on line item 17

e. MOTION to table
   i. MOTION is seconded and passed

f. MOTION to open
   i. MOTION is seconded and tabled

g. MOTION to move out of Parli Pro
   i. MOTION is seconded and passed

h. MOTION to move back into Parli Pro
   i. MOTION is seconded and passed

2. Discussion (2/15)
   a. Sen. Hill: MOTION to reduce line 14 to read $0
      i. MOTION is seconded and passed

   b. Sen. Olguir: MOTION to reduce line 12 to read $0
      i. MOTION is seconded

         1. Sen. Lopez: why?
            a. If you're a UNM student, you have the access to the Creative Cloud and you can download that on any device

            2. Sen. Hill: To be fair, we shouldn’t cut this yet because we do not know what software they use

      ii. MOTION failed

   c. MOTION to table
      i. MOTION is seconded and passed

3. Discussion (2/23)
   a. Sen. Hill: MOTION to reduce line item 24 on DS1 to read $100
      i. MOTION is seconded and passed

   a. Sen. Milan: MOTION to reduce line item 16 to read $400
      i. MOTION is seconded and passed

   a. Sen. Lopez: MOTION to reduce line item 12 to read $0
      i. MOTION is seconded and passed

   b. Sen. Milan: MOTION to reduce line item 13 to read $350
      i. MOTION is seconded and passed

   c. Sen. Lopez: MOTION to reduce line item 19 on DS1 to read $0
      i. MOTION is seconded and passed

   d. Sen. Lopez: MOTION to reduce line item 20 on DS1 to read $100
      i. MOTION is seconded and passed

viii. ASUNM Lobo Spirit

   1. MOTION to open ASUNM Lobo Spirit

      a. Sponsorship

         i. I am Kaylee the executive director, this is Heath the assistant director and we have three other staff members. We run the student section at basketball so they are there now. We have some handouts that show
what we do. Our purpose is to continue traditional events to show students some popular events. We plan and execute the ring ceremony, Lobo Day, Homecoming and many more events. We like to make room for everything and have more events. I will start with our three most important things. They are Red Rally, Homecoming, and other events. The minimum wages will be going up, so they will increase later on. We need money for Red Rally and it’s number one because it’s really important and any cuts would cost us time and it could cost UNM this entire event because of the reallocation money. We requested money for this, and it’s the estimated cost. This semester we spent less and we were able to talk through some discounts, but we have budgeted more this year to account for inflation and other aspects, like security. If we get cut on security, then we can’t have the event and it causes other problems. For Homecoming, we are requesting about $4,000 and I have provided a schedule to show what we did last year, to put on different events. We also do different events. For example, neon skate down is used for homecoming, but since we reallocated money for it, this cost about $3,500 and this usually gets taken out of Homecoming. The majority of the Homecoming money goes to neon skate down or other events. For various events, this is a flexible budget. This past year I have been focusing on collaboration, we did a root beer floats with the President and other events with the Howl, tours of the pit, or other events to get students involved on campus. This connection is beneficial, and helps build connections with ASUNM, the students, and athletics. For the Ring ceremony, this is an opportunity to say goodbye to UNM. We also did Lobopalooza, this year a foam party, but we try to do different events, and tours of various buildings that most students would not always see. This line item gives us the opportunity to build more relationships and to collaborate. On this page, you see Lobo Day, I am spending nearly 2,800 on Lobo Day, and thanks to balance forwards, i have been able to make this work, but this event helps us collaborate with UCAM, and we provide the cake and photobooth, so it's important that there is wiggle room for this. Whoever is the Executive Director next year can reallocate money for this, but for red rally, there is no time and we need the money for
this. For refreshments, we like to have money and drinks for the build parties and other events, we have flyers and handouts. We only requested $500 for advertisement, so it’s important to pay for this. For stipends, these got cut in half, and the projects director has to go to all the events, and I feel so strongly to give money to these positions because they are deserving of this stipend.

b. Questions

i. Sen. Lopez: Could you describe more in detail of what the event chair does and the assistant director? On Budget Detail Sheet #4, what specifically monetarily do you use for the Howl? How much would you spend on co-sponsorships this year?

1. My assistant director is given the responsibility of coming to meetings with me, and he is me when i’m not there, he works 20 a week. He learns a lot more than the stipends positions. the events chair does about 5 hours a week, which is more of a mentorship, and gets a stipend. My assistant director often guides them in the basic tasks like printing and other events. We have a lot of meetings and other events that are too much for one person, so the ability to give someone a chance to get involved is beneficial. We have to pay for copies and food when we do tours of the pit, we pay for giveaways and watch parties. We pay for the rights to watch the games and this is monetarily where the money goes.

2. It would depend on who it is with, I spent at least $300 with SWFC for Cherry Reel to create an event for homecoming. SSE and Lobo Spirit have a good relationship especially for larger events. For silent lights, we split the costs, and for us it is about $1,500-2,000.

ii. MOTION to table

1. MOTION is seconded and passed

c. Discussion (2/23):

i. Sen. Hill: MOTION to reduce line item 12 on DS1 to read 15 hours

1. MOTION is seconded and passed

ii. Sen. Hill: MOTION to reduce line item 11 on DS2 to read $1,300

1. MOTION is seconded and passed
iii. Sen. Hill: MOTION to reduce line item 25 on DS2 to read $0
   1. MOTION is seconded and passed
iv. Sen. Hill: MOTION to reduce line item 27 on DS2 to read $120
   1. MOTION is seconded and passed
v. Sen. Hill: MOTION to reduce line item 11 on DS3 to read $5,000
   1. MOTION is seconded and passed
vi. Sen. Hill: MOTION to reduce line item 11 on DS4 to read $1,200
   1. MOTION is seconded and passed
vii. Sen. Hill: MOTION to reduce line items 13, 14, 15, and 16 on DS5 to read $0
   1. MOTION is seconded and passed
viii. Sen. Hill: MOTION to reduce line item 18 on DS5 to read $100
    1. MOTION is seconded and passed
ix. Sen. Hill: MOTION to reduce line item 24 on DS5 to read $500
   1. MOTION is seconded and passed
x. Sen. Hill: MOTION to reduce line item 26 on DS5 to read $50
   1. MOTION is seconded and passed
ix. MOTION to recess until 3:45
   1. MOTION is seconded and passed
x. MOTION to reconvene at 3:45
   1. MOTION is seconded and passed
xi. Beta Alpha Psi
   1. MOTION to open Beta Alpha Psi
      a. MOTION is seconded and passed
      b. Sponsorship: We are an honors fraternity. Our chapter has been
         active since 1993. The biggest thing that we provide to our
         members is professional development. We have three technical
         meetings this semester with speakers who come and give a
         presentation and network with our students. The presentations
         are for what to expect in a professional world. A law firm came
         and most of their employees were from this fraternity. We are
         asking for money in four categories. The technical meetings are
         three hours long and we have three meetings per semester. We
         table and recruit every semester. The tabling is spread out over
         two weeks. We would like snacks. We also have instructional
         meetings. The registration fee is $110, and we have 3 males and
         3 females. The other one is the annual conference in August.
         The registration fee is very high because it is a national
conference. We ask that we have the registration fee covered for the students that will be going.

c. Questions

i. Sen. Lutz: Are you asking for conferences for this semester? Unfortunately, this money is not allocated until July, for next fiscal year.
   1. Yes, but we attend this every single year, so we need the money.

ii. Sen. Rivera: With regard to the technical meetings, are they the same as your weekly meetings?
   1. We only have technical meetings, we do not have weekly meetings. We only do our meetings on Fridays so that they can only ask for one day off a month.

iii. Sen. Flores: Do you charge dues for this organization? How much are the dues?
   1. Yes we do, but those does only help to cover the flight money.
   2. For being an affiliate, it is $40. To be a candidate, it is $125, and a lifetime member costs $50 per semester. Candidate is the middle step before becoming a lifetime member.

iv. Sen. Lopez: You mention you get sponsorships, how much money do you get from this? How much did you get last year from sponsorships? What is this conference reward program?
   1. Some sponsorships only bring in a small amount of money. We do not use this money for technical meetings.
   2. We got around $5,000.
   3. We have a point system for our members when they come to meetings and we award the people that have the highest amount of points.

v. Sen. Milan: Just a heads up that we can only fund up to 50% of conference fees
   1. Okay, thank you

vi. Sen. Hill: You said that this is a fraternity, but there are females?
   1. When this club started, it was for only men, but women have become part of the club.

d. Discussion (2/15)

i. Sen. Rivera: Sweeping MOTION to reduce line items 13, 14 to read $0.
   1. MOTION is seconded and passed

ii. Sen. Lopez: MOTION to reduce line item 12 to read $25
1. **MOTION is seconded**
   a. Sen. Olaguir: I think that pens and highlighters should be $15.
   b. Sen. Hill: Before you do the google search, they might be doing specialty pens. I feel like $25 is fair.

2. **MOTION is passed**
   iii. Sen. Olaguir: I think that cutting it down is beneficial
   iv. Sen. Flores: **MOTION to reduce line item 11 to read $400**

   1. **MOTION is seconded and passed**
   v. Sen. Lopez: Now that we are down to $400, we are at a place where we can make cuts later on. There are a lot of groups that have that and we should make that rule.
   vi. Sen. Rivera: We need to take into consideration that this is not a weekly meeting.
   vii. Sen. Olaguir: They only meet once a month
   viii. Sen. Flores: **MOTION to table Beta Alpha Psi**

   1. **MOTION is seconded and tabled**
   ix. **MOTION to open (2/15)**

   1. **MOTION is seconded and passed**
   x. **MOTION to table**

   1. **MOTION is seconded and passed**

xii. **Black and Gold Club**

1. **MOTION to open Black and Gold Club**
   a. **MOTION is seconded and passed**
   b. **Sponsorship**
      i. We are the Black and Gold club, who represents the ROTC students. This semester we are requesting $400 to cover a grill. We had a grill that was completely broken, and we did not want to pay extra for food every time. The grill is really important because it allows us to help with our social events
   
   c. **Questions**
      i. Sen. Flores: Is this something that you will need every year?
          1. We found a grill that we will only need once
      ii. Sen. Olaguir: I accidentally messed up, this should be done with an appropriation and since it is a one time expense, it should be done with an appropriation. It will be used in the future. if you submit an appropriation we will be more likely to fund this.
   
   d. **Discussion (2/15)**
      i. Sen. Lopez: **MOTION to reduce line item 11 to read $400**
1. MOTION is seconded and passed

   e. MOTION to table
      i. MOTION is seconded and passed

xiii. AMOS

1. MOTION to open AMOS
   a. MOTION is seconded and passed
   b. Sponsorship
      i. This is a new student org that I started this semester. There is a non-profit organization that does a lot of help in Nicaragua. This organization helped and gave classes in the Public Health department. A lot of study abroad programs are very expensive. I know that you cannot fund travel. We are trying to bring in guest lecturers to speak about cultural humility. We are also asking for catering for outreach events. Between the two outreach events that we have done, we have gotten about 15 people. We would like to have food as an incentive. We are also asking for advertising because I have had to pay for it out of my own pocket. I do not know how people are going to be next year, so I would like to have money for the people in the future

   c. Questions
      i. Sen. Lopez: You have GEO listed as a source of income? What support do you get from them?
         1. GEO is more there for travel purposes, which shows travel plans. We are now in the beginning steps of planning the organization and are looking to see if there are any other funds for travel for students.

      ii. Sen. Rivera: With regards to advertisements, what does that entail? With the honorarium, will this be yearly?
         1. A lot of this goes toward posters and handbills. We gave out over 200 handbills, and we went with club flyers to be sure we were going with the cheapest option, I do not have any left
         2. We are going a little bit cheap with honorarium, and I will be training students on how to work with ASUNM to be sure things get started next year. This should be enough for right now

   iii. MOTION to table
      1. MOTION is seconded and passed

iv. MOTION to open (2/15)
   1. MOTION is seconded and passed

d. Discussion (2/15):
i. Sen. Flores: I would like to hear the committee's opinion on the flyers

ii. Sen. Lopez: I think in general, this will be something to cut on everyone's budget later on.

iii. Sen. Lopez: MOTION to reduce line item 13 to read $150

   1. MOTION is seconded and passed

iv. Sen. Lopez: With honorarium, we typically give $100 for this, but they do not have any plans so I don’t know if we are comfortable funding this in full

v. Sen. Olaguir: Most of the speakers we have had have been through video chat, they have not been here because they are in Nicaragua

vi. Sen. Hill: I believe that the best thing for us to do is to reduce this and if he needs it he can do it through an appropriation.

vii. Sen. Rivera: MOTION to reduce line item 11 to read $0

   1. MOTION is seconded and passed

viii. Sen. Flores: Since we zeroed out the honorarium, the next one is food and refreshments for the speaker

ix. Sen. Olaguir: There are still students who attend the speakers who this would be for.

x. Sen. Flores: MOTION to table

   1. MOTION is seconded and passed

e. Discussion (2/23)

i. Sen. Rivera: MOTION to reduce line item 13 on DS1 to read $50

   1. MOTION is seconded and passed

xiv. Quetzalketatchi

   1. MOTION to open Quetzalketatchi

   a. Sponsorship

   i. This is an organization that is more established, I decided to narrow things down to 3 line items, because the organization is more developed, we have decided these are the main things we need. We plan on appropriation. We put on some speakers in El Centro, with regards to culture and ceremony. For food and refreshments we have been working on this but lately are more focused on our trip to Mexico, and I am actually leaving tomorrow. In terms of general operating, we have enough to get our members the necessary supplies now, but we want to be sure that future members are prepared for future events, including the beads and other traditional rattles.

   b. Questions
Sen. Rivera: With regards to the general operating, wouldn’t that be more fitting to an appropriation?

1. I think it could be put in an appropriation, I think one thing is that in El Centro, a lot of people don’t know how to access the funds, so that is part of why I’ve been one of the people at the forefront and really getting involved. I plan on putting on some workshops, but want to ensure this money is there for next year. I want to be sure these skills get passed down.

c. Discussion

i. Sen. Lopez: MOTION to reduce line item 12 to read $200

1. MOTION is seconded
   a. Questions:
   b. Sen. Rivera: Why?
      i. So we can get it in standing rules?

2. MOTION is passed

ii. Sen. Lopez: MOTION to reduce line item 13 to read $0

1. MOTION is seconded and passed

iii. Sen. Lopez: MOTION to table

1. MOTION is seconded and passed

2. MOTION to recess until 2/16 at 8:30am.

3. MOTION to reconvene 2/16 at 8:34am

4. Roll Call:
   a. Sen. Olaguir is absent

xv. Chi Epsilon

1. MOTION to open
   a. MOTION is seconded and passed

2. Sponsorship: We are the national honor society for civil engineers. The members are also national members. People get opportunities to go to ceremonies and conferences, and are able to apply for scholarships. One cool thing that we do is the FE Exam review. We send out an email to all of the fundamental professors that do the major topics of fundamentals and we have those professors come and help the people who are taking the FE exam study. Some of the money goes to inviting people to the national honor society. The reason I joined this honor society is because we give our personal information. This is a great networking place. I don’t think that we had a guest speaker last year, but it would be cool to have one. We do have an initiation ceremony.

3. Questions
   a. Sen. Lopez: In relation to the FE review manuals, do you buy these every year? How much money do you get from the Civil Engineering department? Do members have to pay dues?
i. I'm not certain, the treasurer was not able to come, the actual manual costs way more than $40.

ii. It varies, the majority of that money goes towards the initiation fees, so we reduce them down to $20

iii. They pay national dues, we only take money from the students for national dues which is about $20

b. Sen. Milan: Who gets to keep the FE manuals? We see that you get funding from the Civil Engineering department, how much?
   i. I'm not solid on this one, I do not know, I'm not sure if they are actual manuals
   ii. It's dependent on how many initiates we have and it goes towards those fees

c. Sen. Rivera: How many review sessions do you guys have? Which food event is the most important one? How many people come to the review sessions and initiation?
   i. We just have one, the FE is offered many times a year, but we find that most students take it in the Spring and it is a graduation requirement
   ii. As far as food, I think initiation is the most important for food, because it's a full banquet with professors. We sometimes have a summer BBQ, but it's more to raise awareness, and we use this to explain why they should join, and it gets people in the door and then the information is beneficial.
   iii. The review session hosts about 40 people and we only have like 20 members right now, so that is what the food is for, and we let them invite one or two family members. This past year there were about 40 people

d. Sen. Lopez: Do the members get to keep the initiation items, like the cords?
   i. Yes, they do and the coil stamps than they get, so 100 is accurate for the stamps. On page 2, they get to keep the pins and it is really good for networking, and it can be cool to wear for graduation and such.

4. Discussion (2/16):
   a. Sen. Rivera: MOTION To reduce on DS 2, line item 11 to read $0
      i. MOTION is seconded and passed
   b. Sen. Lopez: I would like to hear discussion on the food for the ceremony, but we also have to keep in mind that there are only about 10 undergrads.
   c. Sen. Milan: MOTION to reduce line item 11 on DS1 to read $0
      i. MOTION is seconded and passed
d. Sen. Milan: I know that they do not have a speaker planned, and I would like to hear discussion about the books for the FE Exam.
e. Sen. Hill: I believe that the manuals can be held off on for now just in case they need them, and we should not get rid of it just because we don’t know
f. Sen. Lopez: MOTION to reduce line item 13 to read $0
   i. MOTION is seconded
      1. Sen. Rivera: Why $100?
         a. There are only about 10 undergrads, I feel like that’s a better number
   ii. MOTION is passed
g. Sen. Milan: MOTION to reduce line item 23 to read $0
   1. Sen. Lopez: I agree that maybe we should hold off
   2. Sen. Rivera: I feel that since the guest speakers have been more of an idea than concrete plan, we should go along with this reduction
   3. Sen. Lopez: I got this mixed up with something else
   ii. MOTION is seconded and passed
h. Sen. Hill: The FE manual is a paperback book, but I don’t know how they would go about that.
i. MOTION to table
   i. MOTION is seconded and passed

xvi. Chinese Students & Scholars Association
   1. MOTION to open
   a. MOTION is seconded and passed
   2. Sponsorship:
      a. Hello! I am the president of this association and our organization is an official organization for the registered Chinese student and scholars, we are the only organization vitrified by the embassy. Our purpose is to help students with their social lives and transitioning. We also serve as a bridge between the Chinese and other communities and we encourage our students to go out and talk to other people. We have the Mid-Autumn festival, and the biggest is the Spring Gala which brings in more than 300 people. There is also the GEO international festival that we table at. We are looking for more opportunities to host more events not only open to Chinese students but everyone who is interested in Chinese culture to know more Chinese friends. For our budget, mostly it is just food because other events we did not ask for any food, for the spring festival we spent nearly $900. For our welcome party we host this at Hokona hall and it’s free to bring our own food, but when we
host it at the SUB the food is expensive. We want to host more events and there are other things, like we need office supplies to set up the room and the notebooks and other resources. We would like to bring our handbooks for the new students, and this is yearly. We may need transportation to pick up new students from the airport and most students do not have a car, so we want to be able to reach out and help them.

3. Questions:
   a. Sen. Hill: Under the transportation costs, we cannot fund traveling in a budget costs. Because you have not done a budget yet, we can only fund your organization up to $500. What would be the most important line item?
      i. The food is most important, for our meetings and events
   b. Sen. Rivera: My question for you is how many active members do you have? With regard to graduate members, I see that you have a lot. have you requested any money from GPSA?
      i. There are 203 students registered.
      ii. Yes, we are going to request money from GPSA
   c. Sen. Lopez: Under the other category, you have 80 people, who are they? You mentioned that the Spring Festival is really big? For those events, how many undergraduate students come to the events?
      i. They are just other Chinese who have graduated who need help or professors. And other Chinese who have not graduated from UNM.
      ii. Yes, the spring festival is our most important event.
      iii. We did not really count last time, but most all of them come
   d. Sen. Flores: Do you receive any money from the Chinese embassy? Also, do you have an entry fee for the events you host?
      i. We do not.
      ii. Last semester, we did have an entry fee, but we are hoping to not do that.

4. Discussion (2/16):
   a. Sen. Lopez: MOTION to reduce line item 20 and 21 so they read $0
      i. MOTION is seconded and passed
   b. Sen. Lopez: MOTION To reduce line item 22 to read $0
      i. MOTION is seconded and passed
   c. Sen. Lopez: MOTION to reduce line item 19 to read $0
      i. MOTION is seconded and passed
   d. Sen. Lopez: MOTION to reduce line item 18 to read $0.
      i. MOTION is seconded and passed
e. Sen. Lopez: MOTION to reduce line item 17 to read $0
   i. MOTION is seconded and passed
f. Sen. Lopez: MOTION to reduce line item 16 to read $0.
   i. MOTION is seconded and passed
g. Sen. Lopez: MOTION to reduce line item 14 to read $0.
   i. MOTION is seconded and passed
h. Sen. Lopez: I think that we should figure out how we are going
   to split up the food.
i. Sen. Rivera: I feel that if my notes are correct, they said they
   charge for the events and I feel that if that is the case, then we
   should not fund the food for the events
j. Sen. Hill: I feel like it would be unfair to not charge some people

5. MOTION to table
   a. MOTION is seconded and passed

6. Discussion (2/23)
   a. Sen. Lopez: Sweeping MOTION on line items 12,13, and 15 on
      DS 1 to read $0
      i. MOTION is seconded and passed
   b. Sen. Lopez: MOTION to reduce line item 14 to read $100
      i. MOTION is seconded and passed

xvii. Deviate
   1. MOTION to open
      a. MOTION is seconded and passed

2. Sponsorship:
   a. My name is Greg, I want a budget for an upcoming conference
      we have in Colorado. We are asking for money from these. This
      conference is for professional growth and development.
      Another officer normally takes care of us, this is for meetings
      and other events, it is nice to have pizza and marketing
      materials

3. Questions
   a. Sen. Hill: I just want to thank you for coming in!
   b. Sen. Rivera: Which one of these budget items is the most
      important? Will these cards be personalized?
      i. Probably the business cards and the outreach event.
      ii. They generally get mass produced, whether we are
          advertising about our group, so it’s a mix of both
   c. MOTION to table Deviate
      i. MOTION is seconded and passed
   d. MOTION to open
      i. MOTION is seconded and passed

4. Discussion (2/16)
   a. Sen. Lopez: MOTION to reduce line item 11 to read $0
      i. MOTION is seconded and passed
b. Sen. Milan: I just want to hear the committees opinion on facility rental, I don't know if this is something that happens every year?

c. Sen. Flores: MOTION to reduce line item 25 to read $0
   i. MOTION is seconded and passed

d. MOTION to table
   i. MOTION is seconded and tabled

e. MOTION to open
   i. MOTION is seconded and tabled

5. Discussion (2/16)
   a. Sen. Flores: MOTION to reduce line item 19 to read $0
      i. MOTION is seconded and passed
   b. MOTION to table
      i. MOTION is seconded and passed

6. Discussion (2/23)
   a. Sen. Hill: MOTION to reduce line item 23 on DS1 to read $0
      i. MOTION is seconded and passed
   b. Sen. Hill: MOTION to reduce line item 17 on DS1 to read $100
      i. MOTION is seconded and passed

xviii. Engineers without borders

1. MOTION to open
   a. MOTION is seconded and passed

2. Sponsorship:
   a. We aim to help people in communities around the world with engineering. We have a project in Bolivia. We have refreshments and food because we are trying to get more members and food always helps. We need notebooks because we need to write things down on our trips. We need funding for our printer. We have an event called the Bolivia Bowl where speakers come and talk to us. They speak about various things. We would also like to have a fall speaker event hosted at UNM so that more people would come. We also need a new banner.

3. Questions
   a. Sen. Lopez: Out of all the food and refreshments which is the most important? With the banner, would you need one of these every year?
      i. Probably for the meetings.
      ii. This would be something that would last us a few years.

4. Discussion (2/16)
   a. Sen. Lopez: MOTION to reduce line item 16 to read $0
      i. MOTION is seconded and passed
   b. Sen. Lopez: Sweeping motion on line item 14 and 15 to read $0
      i. MOTION is seconded and passed
   c. MOTION to table
      i. MOTION is seconded and passed
Exercise Science Club

1. MOTION to open
   a. MOTION is seconded and passed

2. Sponsorship:
   a. Our club is open to anyone at UNM but it is designed for exercise science majors. This gives them an opportunity to talk to various students and network. We focus on outreach and community service and we want to go to elementary school to talk about the importance of exercise. We also plan on going to the conference for exercise science. We are also trying to provide an outlet for Undergraduate Research, and this will help bring people together. One goal is to help the undergrads, our job is to guide them in professional skills. Another goal is public outreach, and I think that’s about it.

3. Questions:
   a. Sen. Lopez: Thank you for coming out. Could you describe your office supplies?
      i. When we are having different events, they are all different so I want to have supplies to make posters and to post flyers. We had an outreach event for bone marrow donors, so things like that we need to make a sign and flyers
   b. Sen. Hill: Do you already have a list of speakers?
      i. We’d like to set this aside in case we have a speaker, since some of them may be traveling. We do have some set, but we have not distinguished who would get money, we are not spending this unless we have to.
   c. Sen. Milan: Who gets to keep the textbooks or where do you keep them?
      i. We decided to store them with the advisor in her classroom, and maybe do a raffle. We have the guidelines that guide our degree, and we also talked about getting GRE textbooks.
   d. Sen. Rivera: I see that you guys said on your questionnaire, you guys don’t have an office? There has to be an office to set things aside.
      i. No, we do not.
   e. Sen. Lopez: Would you guys just put these things in her office? I also saw you did some fundraising, how much?
      i. Yes, right now we store things in her office
      ii. We had about $200-$250, so we did a California Pizza Kitchen event. We are also trying to have a glow run.

4. Discussion (2/16)
   a. Sen. Hill: MOTION to reduce line item 15 to read $0
      i. MOTION is seconded and passed
b. Sen. Lopez: I would like to hear the committees opinion on the raffle and text books

c. Sen. Hill: I believe that they are still going to do the raffle, they just wont tell us

d. Sen. Lopez: Would the committee like to look at this now or talk about this later?

e. Sen. Milan: MOTION to reduce line item 12 to read $0
   i. MOTION is seconded and passed

5. Chair Lutz: MOTION to table
   a. MOTION is seconded and passed

6. Discussion (2/23)
   a. Sen. Hill: MOTION to reduce line item 16 to read $0
   i. MOTION is seconded and passed

xx. Filipino Student Organization
   1. MOTION to open
      a. MOTION is seconded and passed
   2. Sponsorship:
      a. No show
   3. Questions:
   4. Discussion (2/16):
      a. Sen. Lopez: MOTION to reduce line item 11 to read $89
         i. MOTION is seconded and passed
   5. Chair Lutz: MOTION to table
      a. MOTION is seconded and passed

xxi. Health Professions Symposium
   1. MOTION to open
      a. MOTION is seconded and passed
   2. Sponsorship:
      a. HPS is going into our fourth annual symposium. This program started 4 years ago. It started because there was a lack of information about entering into the health field. We are 100% student run. We have keynote speakers come, we will have Deb Holland speak this upcoming year. We will have 6 workshops at our symposium. There are block periods, and of those blocks, there are 15 different tables. There are a lot of tables. We try to cater to all health professions. This is free to all students, we provide lunch, notebooks, pens, water. This is open to anyone who attends UNM. Other places might not have this access that they need, but they should have access. This is also great because it brings people to UNM to show what we have to offer. This is why we have sponsorship chairs. We only request about 41% of our budget because we want to get sponsorships. We are only requesting $75 for printing and $400 for food because of standing rules. We have to get new banners because we get new sponsorships. We have to pay for extra chairs. We
had cut the tote bags because we thought that they would keep them, but they are for more practical uses. The SUB is charging us for drapes for our main event. We thought you guys could go out of standing rules for our food for our meetings. This is a one day event, it is free to all students. Last year, we had 600 people attend. To increase this, we got a social media manager. We want to provide a world class experience for everyone because we are the only one in the state. Me and Joannaworked on this budget in SGAO. I tried to break this down as much as possible. We still have to raise $12,000 for this event. I have met with the Dean of Nursing, pharmacists, doctors, etc. We have done our due diligence to put this event on, but we need some more assistance.

3. Questions
   a. Sen. Milan: Do you know how much you are expected to get from sponsorships or self generated funds?
      i. We have about $6,000 guaranteed. It is difficult to get them to fund this even though they align with our beliefs, but it is hard to get people to donate.
   b. Sen. Flores: For the event, how many people do you project will be there? Do you charge fees for undergraduates to attend?
      i. Anywhere between 1,000 to 1,500. 85-90% of the people coming are undergrads.
   c. Sen. Hill: Seeing that there is a sponsorship page, do these carry over, or do you get new ones every year?
      i. The sponsor's change every year. This is never guaranteed money. This is not a recurring thing
   d. Sen. Rivera: How many people do you expect to be coming from other colleges?
      i. We keep this event within New Mexico. We want this to be as many people as possible. Our main goal is to improve the healthcare in New Mexico. If people do not have the support system, they often give up. We try to invite people from various places to come. We try to target rural areas. This is only 41% of our budget.
   e. Sen. Hill: I see here in line item 14 that you are estimating about 1,800 nametags?
      i. This could be a surplus. This year’s event we project 1,500. Given the fact that we have ex-finance senators on our committee, we have an understanding of how this works.

4. Discussion (2/16):
   i. Sen. Lopez: MOTION to reduce line item 19 to read $0
      1. MOTION is seconded and passed
ii. Sen. Rivera: I feel that they put on a good presentation, however, I feel uncomfortable to go out of standing rules, even though it's a good event for a good cause.

iii. Sen. Flores: I was really skeptical about the totebags and notebags, but it sounds more like an operating cost. I am more in the middle with this.

iv. Sen. Hill: I understand that they are putting lot of emphasis on the bags, but I do not think we should go outside standing rules just for this, even though its their one big thing. Everyone has something they emphasize, but we hold each group to the same standard.

v. MOTION to table
   1. MOTION is seconded and passed

5. MOTION to recess until 10:45
   a. MOTION is seconded and passed

6. MOTION to reconvene at 10:45
   a. Discussion (2/23):
      i. Sen. Lopez: MOTION to reduce line item 14 to read $938
         1. MOTION is seconded and passed
   b. MOTION to table
      i. MOTION is seconded and passed

xxii. International Business Students Global
    1. MOTION to open
       a. MOTION is seconded and passed
    2. Sponsorship:
       a. We are a student organization that has been around for about 8-9 years now. We are providing students with people who are interested in international business and the experience. The original interest was to provide the ability to compete with tpo schools. We are trying to produce a book. We compiled information about the Syrian Refugee crisis. Last semester we took a group of students to Zambia, and we partnered with a nonprofit. We are trying to be a player on the global level and working within an international context. We are really interested in international exports and imports. This is a pretty conservative budget for us. We are looking to fundraise, have Anderson and the University support us. We are asking for general funding for flyers and office supplies. We would like to have our own customizable website outside of the UNM website. We also have news subscriptions and educational books. We have various lectures and guest speakers as well.
    3. Questions
       a. Sen. Rivera: What exactly do the numbers next to general assemblies and strategic retreat means? In terms of news
subscriptions and educational books, can you go into more
detail on these? I see that you have some graduate members,
have you requested funds from GPSA?
   i. That looks like it was copied over from the past.
   ii. So in the past we have had a subscription to a Harvard
       Business Review and the Economist, but those have
       been phased out. This money will go towards clubs that
       want to have a book or subscription so that they can
       build a library.
   iii. Yes, we have requested from GPSA
b. Sen. Hill: Hill: You mentioned that you have donors,
   approximately how much do you get from donors?
   i. I do not know if we have big dollar donors. We have
      gotten some support from our advisor. One donor, for
      instance would be an alumnae that has given around
      $500 to support a specific project.
c. Sen. Rivera: With regard to the website hosting, is this a yearly
   subscription?
   i. Yes
d. Sen. Milan: I see that you do fundraising for book sales, I see
   that the books are the same as the educational resources
   i. The idea was that we would write a book and then sell
       the book to gain a profit.

4. Discussion (2/16):
   a. Sen. Flores: I feel like this budget is really clear and really
      straightforward.
   b. Sen. Hill: Even with honorarium, they are still under the full
      amount that you can have, so its a well done budget
   c. Sen. Flores: MOTION to table
      i. MOTION is seconded and passed

xxiii. IFC
1. MOTION to open
   a. MOTION is seconded and passed
2. Sponsorship:
   a. When we were looking at this, I made small edits to our budget.
      We requested a little bit more for postcards, we are needing
      some more money for printing materials especially for the new
      organization coming on campus. The North American IFC upped
      our insurance from $800 to $2500 a year, which is a blindside,
      so money from our reserves has gone down. We have a new
      group coming on so we will need to update information, add
      and change. We also need more recruitment interest cards,
      where we get people to sign up. Also we want to make more
      promotional materials, as well as a full redesign of the IFC logo,
      hexagons are going to be gone. We are going to do more stuff
and we are phasing some of the old stuff out. We are requesting some more for the advertising, and the rest of it is mostly the same. Another thing is we want to do more targeted ads, and we are starting to go to high schools. We have a new social media that we have and we are trying to bring more people in. We always have a group speaker, which is important and we do it each year, these professional services are very important. We need to update our website, and there is also food. Leadership summit is also required by UNM risk management policy, which is very important, we try to break down the barriers between councils and we split this with PHC and MGC. IFC cookoff is an important recruitment tool, this goes towards food at the event as well. We need some office supplies as well as ink cartridges. The new member social goes towards general is that we want to have more programming. The new FSL expectations instead of standards reports require various training sessions, so we want to have some sort of fun but productive and educational opportunities. Since I forgot to do this as the beginning, the IFC is a governing body for the current 7 IFC chapters with one on its way. We are a little unorganized right now but we are trying to provide more resources and training for our chapters, trying to bring more people in. IFC and Greek Life as a whole tends to build leaders, so we are trying to build this up and improve our community as a whole.

3. Questions
a. Sen. Lopez: How much money do you receive from dues? When you guys charge fines, how much did you raise in fines? Is the punishment no longer a fine? For misc office supplies, what is that for? What kind of attendance do you see for non-mandatory events? How much have you had left over in funding for each semester?
   i. Dues are $11 per person, right now we have about 280, so that's nearly 6,160 a semester. With our current budgeting, these dues are likely going to rise
   ii. We raised $0 in fines
   iii. Last year it was unorganized there was no proper J-Board, so there was only 1 over the entire year and no fines were assessed. The Greek Life office may appoint fines, but we do not see that money, or to my understanding we do not get that.
   iv. This includes printer paper, pens, highlighters, tape, the stuff we need, ink, paper wrights, etc.
   v. We changed the standards reports to expectations, the standards events were a certain amount of the chapter, so now what we are trying to do is provide
opportunities to participate in, but it's more of a “choose your own adventure” To get 2 or 3 chapters there at 60%. We really want to focus on a mental health workshop, and we want to ensure that the entire community wants this. It varies, but we believe we can have this attendance. It's hard to gage because we are not requiring chapters to go anymore.

vi. I believe as of right now we have $4,000 remaining in our budget which is significantly less than the $9,00 from last year

b. Sen. Milan: Congrats on making the community better. So you guys around $6,000 and you spend $2,500 on insurance, what do you spend the rest of that on?

i. The rest of the money includes what ASUNM does not fund, such as leadership summit which cost nearly $6,000 this year, and $3,500 of that came from ASUNM, and keeping up standard operations. Whatever we don't use we put into savings. We rarely ever host socials, last year we gave out some isotope tickets, but very few people took advantage of that.

c. Sen. Flores: The printer that you use, is it in the Greek Life office and do other groups use it? Why does the IFC and Panhellenic pay 40% and MGCs pay 20%?

i. IFC and Panhellenic pay more because they have more people than MGC does, and when you combine IFC and Panhellenic it's about 80% of the chapters, and this may be adjusted, but that's why. for the printer, we use the official printing service, but we also use the printer in the Student Activities Center

d. MOTION to table

i. MOTION is seconded and passed

e. MOTION to open

i. MOTION is seconded and passed

4. Discussion:

a. Sen. Lopez: We cannot fund the cups that they give out. They did not have a detailed description of where their money goes.

b. Sen. Rivera: Since IFC, PHC and MGC are often paired together, I feel that we should move all of it into a total, and look at them individually but the perspective that they are all working towards the same goal. I feel that given the presentation, I feel that this should be taken into consideration

c. Sen. Milan: In my opinion in the pens, or cups that are usually given out

d. Sen. Lopez: MOTION to reduce line item 21 on DS 1 to read $0

i. MOTION is seconded and passed
e. Sen. Rivera: We should just copy the equation and put it into the sheet since it isn’t auto populating.

f. Sen. Lopez: MOTION to reduce line item 11 on DS 3 to read $25
   i. MOTION is seconded and passed

g. Sen. Lopez: MOTION to reduce line item 19 DS 1 by $340
   i. MOTION is seconded and passed

h. Sen. Lopez: One thing I want to hear your opinion on and I know they are mandated by the university to have these speakers, do we have to fully attend this event fully? We didn't get a chance to ask but I know they have a reserve they work with.

i. Sen. Rivera: I feel comfortable reducing that line item given that they have reserves.

j. Sen. Lopez: If you don’t agree feel free to speak up.

k. Sen. Milan: As previous senators have said, I feel comfortable decreasing these items. It is not a priority for them to have a speaker. And they still have money in their account.

l. Sen. Flores: since we’re discussing the educational speaker, since advertising is their number 3, we could cut the speaker and add more to advertising. I would also like to know if they split the speaker with the other councils.

5. MOTION to table
   a. MOTION is seconded and passed

6. Discussion (2/23):
   a. Sen. Flores: Sweeping MOTION to reduce line items 14 and 16 on DS1 to read $0
      i. MOTION is seconded and passed
   a. Sen. Flores: MOTION to reduce line item 12 on DS1 to read $100
      i. MOTION is seconded and passed
   a. Sen. Flores: MOTION to reduce line item 11 on DS2 to read $50
      i. MOTION is seconded and passed
   a. Sen. Flores: MOTION to reduce 14 on DS2 to read $2,275
      i. MOTION is seconded and passed
   a. Sen. Flores: MOTION to reduce line item 15 on DS2 to read $65
      i. MOTION is seconded and passed
   a. Sen. Flores: MOTION to reduce line item 17 on DS2 to read $75
      i. MOTION is seconded and passed
   a. Sen. Flores: MOTION to reduce line item 19 on DS2 to read $1,040
      i. MOTION is seconded and passed
   a. Sen. Flores: Sweeping motion on line items 12 and 21 to read $0
      i. MOTION is seconded and passed
   a. Sen. Rivera: Sweeping MOTION to reduce line item 13, 14, and 22 on DS3 to read $0
xxiv. Intervarsity Christian Fellowship

1. MOTION to open
   a. MOTION is seconded and passed

2. Sponsorship:
   a. I have been involved with this organization for four years. Our purpose is to create a space where students can learn about the bible and learn about Jesus. We do want the students to investigate religion and find where they belong. We want to be a place on campus where people can create a community. One of the things that we want to accomplish is to hold different styles of prayer. We want to create a lot of welcoming spaces for Black, Native American, and LGBTQ+ students. I would like to have two leaders for every small group. We generally ask for funding for food and refreshments. We try to have food at every big gathering on Thursday nights. Every spring semester we go to Outpost and play broomball. Usually we have to ask every member to pay $5 for them to do. We also have asked for small supplies for anything that we need!

3. Questions
   a. Sen. Rivera: On average, how many ppl attend the meetings? For the ice rink?
      i. About 25 people
      ii. I’d say about 20

4. Discussion (2/15):
   a. Sen. Flores: When looking at the office supplies, I feel like a lot of other organizations have asked for the same thing but it has been more. I feel like we are usually overfunding in office supplies.
   b. MOTION to table

3. Questions

4. Discussion
   a. Sen. Milan: MOTION to reduce line item 16 to read $0
      i. MOTION is seconded and passed
   b. Sen. Milan: If we add up the other costs of refreshments and food, they don't add up to $200, so I don't know if we should reduce this.
c. Sen. Lopez: MOTION to reduce line item 11 to read $0
   i. MOTION is seconded
   1. Questions
      a. Sen. Flores: Why did you pick this?
      b. Sen. Lopez: They are prioritizing concern receptions, so I don’t think this is part of that
   ii. MOTION is passed

d. Sen. Lopez: MOTION to reduce line item 12 to read $0
   i. MOTION is seconded
   1. Questions
      a. Sen. Milan: Why this?
      b. Sen. Lopez: I was going based on their priorities
      c. Sen. Flores: if you click on the description of their boxes, it says they use this bi-weekly, so I don’t think we should cut this.
   2. Discussion
      a. Sen. Rivera: They also did not come so we have little information to go off of, so I am okay with it
      b. Sen. Hill: When I read this, I thought of going under more of a fraternity but it is serving the students, so I support this
   ii. MOTION is passed

  e. MOTION to table
   i. MOTION is seconded and passed

   1. MOTION to open
      a. MOTION is seconded and passed

2. Sponsorship:
   a. On our budget we asked for three categories for wilderness first aid training. Last year we asked for 6 and received 3 so we only requested 3. We do a lot of outdoor activities and hiking so it's important for officers to know what to do in case of an emergency. We are also asking for food and refreshments for meetings. We are also asking for 100 for advertising to get the word out about our club which is an adventure club.
3. Questions
   a. Sen. Lopez: In terms of advertising, what kind of different avenues do you want to take?
      i. Right now we use a lot of social media but we also want to make banners and flyers, or even get our group on the monitors on campus.
   b. Sen. Milan: How many people usually go to your meetings?
      i. We changed the date so they are every Wednesday and maybe every Friday and we have developed a point system to keep track and about 50 students have showed up. We also have a facebook group which has not been reset but there are currently 400 people. Next semester we are going to make a new group, and our events very between 5-15, but at our first meeting we had 40 people.
   c. Sen. Hill: You say that you provide food as an incentive, what other things do you do to get people to come to your meetings?
      i. Another thing we do is giveaways of our merchandise, we get shirts, hats and other merchandise. Also, to do certain adventures you have to come to the meetings, so that helps people show up.
   d. Sen. Rivera: With regards to the advertising, can you break down how that money will be used?
      i. It will be used to purchase flyers, we use the UNM copy center, also for Welcome Back Days, we sometimes use UCAM for printing. We want sponsored instagram posts and want to make more flyers and have our ads on the paid billboards.
   e. Sen. Flores: I really like your social media and I think that what you guys do is really cool.

4. Discussion (2/16):
   a. Sen. Milan: In my opinion, I feel like what they are asking for is really reasonable. I think that it is good that they are only asking for what they got last year in professional services.
   b. MOTION to table

      i. MOTION is seconded and passed

xxx. LoboTHON
1. MOTION to open
   a. MOTION is seconded and passed

2. Sponsorship:
   a. I know that many of us have heard about LoboTHON. The biggest thing is that we are the biggest philanthropic group on campus. We come together to fundraise for the UNM Children's Hospital. We are the only organization that fundraises for the children's hospital. Our funds go to an unrestricted fund, so our money goes to toys, books, or equipment. We are very special because we can fill in the places that other organizations can't. This is our 7th year. We have held many different events. Our biggest event is our 13.1 hour dance marathon. We bring together a ton of different students. This is not exclusive to one group on campus. ASUNM has funded most of our operations, and you guys fund 80% of our operations. We do not see the money in our hands when people fundraise themselves. Another big source of our funding is the Love fund. We get about $1,000. This organization will probably not fund us next year. Most of sheet 1 is our marathon. For next year, we are thinking of cutting down on a lot of the events, but making them a higher quality.

3. Questions
   a. Sen. Lopez: Could you go into some detail about the sponsorship banner and whether or not you need this every year?
      i. The sponsors change every year. We have a different food sponsor and we have an extra sponsor this year.
   b. Sen. Rivera: I see that it says “quote attached for 2020” what does this mean?
      i. We have a bigger morale squad, we added a 10% for the increase in the amount of people involved
   c. Sen. Hill: Of your events that you have listed, what is the event that must go on?
      i. Out of all of the events, the dance marathon is the most important. This event signifies who we are as an organization.
   d. Sen. Flores: For the signs and the banner for the gold tournament, since you talked about changing events, do you plan on doing the golf tournament each year?
      i. So we just had our second annual golf tournament, we raised over $7,000. We are trying to engage the community and the campus themselves. Technically the signs and the banners are older, but the big banner will be different every year.
   e. Sen. Lopez: For the refreshments and food, you have two line items, which do you feel is more important? Just letting you
know because we stick to a standing rule so we want to keep that in consideration
i. The miracle week is the most important food line item.
f. Sen. Hill: If the donors pay, this automatically goes to the hospital right?
i. We never see any of that money.

4. Discussion (2/16):
a. Sen. Lopez: I would say that although we all have a connection to LoboTHON we should remain equitable, and stay with the same standing rule
b. Sen. Lopez: MOTION to reduce line item 15 on DS 2 to read $0
i. MOTION is seconded and passed
c. Sen. Lopez: Looking through, nothing else really jumps out at me but we can come back to it later.
d. MOTION to table
i. MOTION is seconded and passed
e. MOTION to open
i. MOTION is seconded and passed

5. Discussion (2/16)
a. Sen. Rivera: I would like to hear the added 10% increase for some of the budget items
b. Sen. Lopez: I am okay with it just because this is more than a year out, so changes are likely to happen
c. Sen. Flores: I definitely think that this is something that we should come back to. This would be a place that we should come back to for last minute cuts.
d. MOTION to table
i. MOTION is seconded and passed

6. Discussion (2/23):
a. Sen. Rivera: Sweeping MOTION to reduce line items 11,13,16, 23 on DS1 and line items 23,25 on DS2 by 10% to read $756, $1526, $890, $192, $191 and $184.
i. MOTION is seconded and passed
b. Sen. Lopez: MOTION To reduce line item 20 on DS1 to read $100
i. MOTION is seconded and passed
c. Sen. Lopez: MOTION to reduce line item 25 on DS 1 to read $130
i. MOTION is seconded
d. Sen. Lopez: MOTION to reduce line item 12 on DS2 to read $50
i. MOTION is seconded and passed
e. Sen. Lopez: MOTION to reduce line item 20 on DS3 to read $267
i. MOTION is seconded and passed

xxx. Medieval Studies Student Association

1. MOTION to open
a. MOTION is seconded and passed

2. Sponsorship:
   a. Hi we are the Medieval Studies Student Association. Basically the Medieval Studies Association includes 2-3 movie nights to watch some medieval movies and then have a discussion after, that’s the first thing for the budget. We also have a student colloquium where our students have a place to present their papers. We also are requesting money for copying services, such as printing programs and making flyers. We also need to buy movies for the movie nights and we have a library in our office where students can come get books, so we try to buy books every year to add to that. The honorarium is for the speaker at the spring event. Every year there is a spring lecture studies within this department with speakers who come in from other places, so we offer an honorarium. The office supplies are just miscellaneous expenses that we need over the semester.

3. Questions
   a. Sen. Lopez: Thank you for coming in. Out of your two refreshments and food line items, which are the most important? You did mention that you received one time grants, how much and where did they come from? For these movie nights, do you charge an entrance fee?
      i. The food for the movie nights is most important.
      ii. I think last year we had a calligraphy night and received an appropriation from GPSA and we worked with another company, but I do not know how much.
      iii. No we do not charge any entrance fee, we send out an invite and collect RSVPs to know how much food to get.
   b. Sen. Hill: Of the 55 individuals that are the graduates and other, how many of them go to the movie nights or any event where they will be eating the food?
      i. Some graduate students attend the movie nights and there are a few faculty members. It’s a low percentage of the 50 other members.
   c. Sen. Flores: Do you request money from GPSA? What kind of movies do you watch?
      i. Yes, we do. there is another representative who is a graduate student who will be requesting money from GPSA
      ii. We watch medieval themed movies, such as “The King”
   d. Sen. Lopez: How many people in general attend the movies nights? When they happened last semester, how many people went?
i. This past movie night we had 11 people who attended, and it was the first movie of the semester, but this might be the norm

ii. I was not able to go to any last semester so I'm not sure

4. Discussion:
   a. Sen. Hill: Since there are 11 people and it is a Netflix movie, I feel like this group should be held to standard as the other groups
   b. Sen. Lopez: MOTION to reduce line item 12 to read $0
      i. MOTION is seconded and passed
   c. Sen. Lopez: I do agree with what the previous senators have said and think we can reduce this.
   d. Sen. Hill: I feel like $200 is too much and I am comfortable reducing the honorarium
   e. Sen. Rivera: MOTION to reduce line item 20 to read $50
      i. MOTION is seconded

1. Questions
   a. Friendly amendment to reduce to $100
   b. Author respectfully declines

2. Discussion
   a. Sen. Rivera: I feel that $50 is enough especially because she did not have any specifics, so I think $50 should be plenty
   b. Sen. Lopez: I feel like we should fail this because this organization has given us a lot of explanation

3. MOTION is failed
   f. Sen. Rivera: MOTION to reduce line item 20 to read $0
      i. MOTION is seconded and passed
   g. Sen. Flores: MOTION to reduce line item 11 to read $150 so that they have enough for three events
      i. MOTION is seconded and passed
   h. Sen. Flores: I would like to hear everyone’s opinion on buying movies, it seems like they use Netflix, yet have this line item
      i. MOTION to table
      i. MOTION is seconded and passed
   j. MOTION to open
      i. MOTION is seconded and passed

5. Discussion (2/16):
   a. Sen. Lopez: another thing to watch is that we have been giving less money to student orgs for office supplies
   b. Sen. Hill: I believe that the $80 is so that they can get the movies
c. Sen. Rivera: I feel that there should be some reduction on line item 18, especially because they use pre-paid subscription services like they mentioned, so I feel that $80 is a lot
d. MOTION to table
   i. MOTION is seconded and passed

6. Discussion (2/23):
a. Sen. Rivera: MOTION to reduce line item 18 on BS1 to read $40
   i. MOTION is seconded and passed

xxxii. MGC
1. MOTION to open
   a. MOTION is seconded and passed

2. Sponsorship:
a. Our budget consists of annual events that we put on. To chime in, the showcase is all the organizations doing their step and stroll. This is a huge way that the MGCs recruit. We are hoping to bring more speakers to the council. We are trying to build up our organizations. We had a speaker come and talk about the struggles of intake and how recruiting is a struggle. We have a leadership summit every spring on how to become a better leader in our community and in our council.

3. Questions
a. Sen. Lopez: How much do you collect from membership fees? Do you have an average or know about how much you got last year? DO you collect any money in terms of fines? Do you know how much money you are leftover with at the end of the year? For detail sheet 2, for the Smith Plaza banners, do you need these every year?
   i. Our dues is a $50 base fee and a $2 fee for each person. Each chapter’s numbers are very different. This is our only real source of funding from the chapters.
   ii. I would have to look back on my computer. I would have to talk about the previous president
   iii. We are working on enforcing fines, but that also depends on the chapter to pay the fines.
   iv. I do not know right now, I will have to ask our advisor. We have to ask him for everything we do.
   v. The idea about the banners is to promote the MGC council is to have the crests, but it is a one-time thing.
b. Sen. Milan: Due to standing rules we can only fund up to $400 for one big event, what event is your main one? Do you know which detail sheet that budget event is on?
   i. I think we are looking to host the MGC Fall Fair and so that all of greek life can come and we all can go. There will be a lot of different things that we can do.
c. Sen. Flores: For the formal, did you have one last year? How many people went? You also charged people to attend the event? What does the ticket sales go towards?
   i. We did not have a formal last year, but we did 2 years ago. There were 20-30 people there.
   ii. Tickets were about 10-15
   iii. It would go towards us, but we want to have some of the sale to go to a philanthropy

4. Discussion (2/16):
   a. Sen. Lopez: MOTION to reduce line item 23 and 25 on DS 1 to read $0
      i. MOTION is seconded
      1. Discussion
         a. Sen. Lopez: We did the same for IFC
      ii. MOTION is passed
   b. Sen. Lopez: MOTION to reduce line item 12 on DS 2 to read 0
      i. MOTION is seconded and passed
   c. Sen. Lopez: MOTION on line item 12 on DS 3 to read $25
      i. MOTION is seconded and passed
   d. Sen. Flores: I wanted to hear the committees opinion on their food, DS 3, line item 21, and for the biweekly meetings, and rh social. I did not know if we should reduce to $200 or $400
   e. Sen. Lopez: MOTION to reduce line item 15 on DS 2 to read $0
      i. MOTION is seconded and passed
   f. Sen. Lopez: From what previous senators have said, I'm unsure what we are supposed to do for the food, especially because the showcase is a really big event. With my recent event, I am unsure because they can use the food for whatever they want.
   g. MOTION to table
      i. MOTION is seconded and passed

5. MOTION to open
   a. MOTION is seconded and passed

6. Discussion (2/16):
   a. Sen. Lopez: I know that we have to cut food
   b. Sen. Milan: I think the biggest event that MGC has is their formal, and i don't think they do a lot of events so I think keeping that at $400 and cutting the others would be beneficial.
   c. Sen. Flores: Sweeping MOTION to reduce DS3 line item 22 and DS 4, 11, and 12 to read $0
      i. MOTION is seconded and passed
   d. Sen. Flores: MOTION to reduce line item 14 to read $400
      i. MOTION is seconded and passed
   e. Sen. Lopez: One thing to keep in mind is that if we give them $400 we should think about how we have funded other organizations as well
f. Sen. Rivera: MOTION to table
   i. MOTION is seconded and passed

7. Discussion (2/23):
   a. Sen. Hill: Sweeping MOTION to reduce line items on DS1 12, 13, 15, 17, and 20 to read $0
      i. MOTION is seconded and passed
   b. Sen. Hill: Sweeping MOTION on DS2 MOTION to reduce line item 15, 16, 17, 18, 19, to read $0
      i. MOTION is seconded and passed
   c. Sen. Milan: MOTION to reduce line item 20 on DS2 to read $100
      i. MOTION is seconded and passed
   d. Sen. Milan: Sweeping MOTION to reduce line items 22 and 23 on DS2 by 65% to read $2,275 and $130
      i. MOTION is seconded and passed
   e. Sen. Milan: MOTION on DS3 to reduce line items 14, 16, 17, 24, and 25 to read $0
      i. MOTION is seconded and passed
   f. Sen. Milan: on DS4, Sweeping MOTION to reduce line items 12, 13, 16, 19, and 21 to read $0
      i. MOTION is seconded and passed
   g. Sen. Milan: MOTION to reduce line item 17 on DS4 to read $585
      i. MOTION is seconded and passed

xxxiii. Muslim Student Association
   1. MOTION to open
      a. MOTION is seconded and passed
   2. Sponsorship:
      a. Since it’s our first semester as a chartered organization, we are capped at $500. We plan on having 5 events per semester, which is why we have $50 per meeting and 20-25 people per meeting. We plan on printing Quran’s and we want to get this out to as many people as possible. We want money for papers, flyers, Instagram promotions. we are also requesting money for office supplies
   3. Questions
      a. Sen. Lopez: Thank you for coming in. Will the members keep the Qurans? With these, will you build up a collection each year? We are not allowed to fund things that people get to keep.
         i. We don't plan to give them to members, most of them already have their own, we plan on giving them to non-Muslims who want to learn about it, so it's for them to keep.
Anything we don't use this year will be saved for next year. Each year we will get new students who join.

We would like to keep some of the Qurans for reference at meetings as well.

Sen. Rivera: Can you elaborate more on the advertisement and the social media advertisement?

For example we have “tag 3 people” in this or other things like that and we might have a random drawing to get students involved, an incentive to get the word out. Most of the advertising money will for brochures and other things like that.

Sen. Hill: Where do you plan on keeping the office supplies?

We just applied to get a room in the Lobo Lair, and I am an engineering student, and I have an office there so I have cleared a space there for now until we get another location.

**Discussion**

Sen. Lopez: MOTION to reduce line item 11 to read $200

i. MOTION is seconded and passed

Sen. Lopez: On line item 12, they still wanted to keep some for reference, but I feel comfortable funding this partially.

Sen. Flores: I feel like 5 is a good amount because they are new and it would be a good starting number for them.

Sen. Milan: MOTION to reduce line item 14 so it reads $50

i. MOTION is seconded

ii. Discussion

1. Sen. Lopez: I think we could reduce this some more

iii. MOTION is passed

Sen. Hill: When it comes to the printed Qurans, 5 would be enough, but since they were going to give away, I feel like 5 is excessive because it will be in Arabic.

Sen. Milan: I would feel comfortable giving them 3 units, especially because they only have 25 members, especially because she said most members already have them.

Sen. Flores: MOTION to reduce line item 12 to read $60

i. MOTION is seconded and passed

MOTION to table

i. MOTION is seconded and passed

MOTION to recess until 2:45

a. MOTION is seconded and passed

MOTION to reconvene at 2:44 pm

a. MOTION is seconded and passed

ASUNM Emerging Lobo Leaders
1. **MOTION to open**
   a. **MOTION is seconded and passed**
2. **Sponsorship:**
   a. The majority of ELLs budget comes from the salaries. We wanted to open with the fact that we were very realistic in our budget, so we wanted to only ask only what we wanted and needed. The first line item in educational and instructional materials. Everyone in ELL gets a binder to hold all of their information. We also need office supplies, paper, tape, and anything that we need to keep organized. We have graduation and we need food for that. We opened up the graduation to family and friends. We have been increasing ELL numbers. With that, we still need to make sure that the students get the reward of graduating. We use Hodgin Hall for the graduation and we have to pay the after hours fee. We have to pay for each table and the tablecloths. We don’t want to have to cut back on the cost for the graduation. The certificates, lanyards, and pins are used to give the ELLers and to help to recruit. The best way is to recruit new members. We use the Empire Board Game library as a bonding event outside of our formal meetings. They always have a lot of fun at this event. We added a second line item for that because the ELLers want to have more bonding events. We are keeping the second event pretty low cost. Due to the budget cost, we could not have the ALL program. We had asked for additional money on our balance forward. As the executive director this year, we do not want to have to get rid of that for the future ALLers. Next, we have advertising. We print out the fliers and things to hand out during tabling. We also want to put ads in the paper, as a new way to outreach and have a new way to get more people. If this is only getting through word of mouth, we will get the same people. We also added a stipend position, who manages the social media, attendance, they do the mentor program, send out weekly reminders and things like that. They keep a close contact with the ELLers. This is a really great way to get ELLers involved in ASUNM. Lastly, we wanted to close with the fact that we wanted to make this very realistic. We are asking for a little wiggle room, but not much.
3. **Questions**
   a. Sen. Lopez: You talked a lot about the tasks that the Projects coordinator does, what is the difference between assistant exec and projects coordinator? You spoke about diversity and inclusivity, what specific things are you doing to promote this? In terms of ALL, what specific things would you use for this? When
you came to get a balance forward, you asked for some funds for ALL, do you have some other plans for this?

i. Assistant director is a lot more on the logistical side. He works on the agenda and gets food for the events. We find that the ELLERS look to us, instead of the younger people. The Projects Coordinator is more to connect with the ELLers. If the Assistant director doesn’t become the Exec director, then the projects coordinator would be next in line.

ii. Our biggest thing for that is to reach out to all the resource centers, and ethnic centers. Emails are great, but the best thing is face to face. Ideally, the exec and assistant will be at discover days.

iii. In the Fall, we did the Fall Festival where the agencies would come and table so that the people could learn about ASUNM. I think that ALL is a great way for people to go from ELL into a position. ALL also did a booth at Fiestas to get more people interested.

iv. A lot of the ALL participants wanted to be ELL mentors so we wanted to open up the ALL meetings for the ELLers so that the ELLers could learn more about ALL.

b. MOTION to table
   i. MOTION is seconded and passed

4. Discussion (2/23):
   a. Sen. Hill: MOTION to reduce line item 12 on DS1 to read 15 hours
      i. MOTION is seconded and passed
   b. Sen. Hill: MOTION to reduce line item 12 on DS2 to read $50
      i. MOTION is seconded and passed
   b. Sen. Hill: MOTION to reduce line item 13 to read $200
      i. MOTION is seconded and passed
   c. Sen. Hill: MOTION to reduce line item 15 on DS2 to read $0
      i. MOTION is seconded and passed
   d. Sen. Hill: MOTION to reduce line item 19 on DS2 to read $260
      i. MOTION is seconded and passed
   e. Sen. MOTION to reduce line item 20, 22, 23, and 26 on DS2 to read $0
      i. MOTION is seconded and passed
   b. Sen. Hill: MOTION to reduce line item 24 on DS2 to read $100
      i. MOTION is seconded and passed

xxxv. National Asian Pacific American Women’s Forum

1. MOTION to open
   a. MOTION is seconded and passed

2. Sponsorship:
a. I’m Annie, I’m the national co-leader, and Irene is the lead. For our budget, we asked for office supplies, about $50 will be used for paper and flyers as well as name tags for meetings. We also need writing utensils. We want food for organizational meetings, and we asked for $200 which is the max. For facility rentals, we are asking for $350 for the educational events.

3. Questions
   a. Sen. Rivera: Thank you for coming out! How will you guys be making the name tags? Can you tell me more about the facility rental?
      i. We will just buy them
      ii. We are planning to host a reproductive justice and sexual educational event
   b. Sen. Milan: Congrats on your hard work! Is this facility rental something that you will do every year?
      i. Yes, we will use this each year
   c. Sen. Flores: So I see that you have 10 undergrads and 5 grads, have you also requested money from GPSA?
      i. No, we have not gone yet
   d. Sen. Lopez: How long have you been established?
      i. Only for the current year.
   e. Sen. Milan: I see that you do not have an office yet, so do you have a place to keep the office supplies
      i. I think that we are personally keeping things in our own households.

4. Discussion (2/16):
   a. Sen. Milan: They did mention that they do not have the specific cost for the facility rental
   b. MOTION to table
      i. MOTION is seconded and passed
   c. MOTION to open (2/16)
      i. MOTION is seconded and passed

5. Discussion (2/16)
   a. Sen. Milan: I think we should look at the fact that they only have 10 members but they are asking for $200.
   b. Sen. Rivera: Usually how I see this is that most of the organizations tend to have weekly meetings, so I don’t think that’s nearly enough for what they are asking for.
   c. Sen Lopez: MOTION to table
      i. MOTION is seconded and passed

xxxvi. National Student Speech Language Hearing Association
   1. MOTION to open
      a. MOTION is seconded and passed
   2. Sponsorship:
a. Our mission is to provide our members the opportunity to make connections and to be philanthropic. We encourage acts of service and fundraisers. We also provide scholarships for the students who need it. Our member list is about 40, and we have about 8 meetings and most of the members come. Some of the fundraising events are bake sales, zumba, and yoga. We do letter of intent workshops, test anxiety workshops and others like that. We are open to all students, no matter the status. Each member is required to pay $20. All of the money that we get through fundraisers goes to the Lock Fund which goes to help our students who need therapy. We want to help people feel prepared going into the world.

3. Questions
   a. Sen. Rivera: Where do those dues go and what do they fund? Could you elaborate more on the Lock fund? Apart from fundraising and dues, do you get additional funding from other groups?
      i. Half of the dues goes to T-Shirts and the other half goes towards the Lock Fund.
      ii. The Fund is to help our families get the services that we need. The services that we get are preschool groups to language groups. They can get hearing assessments and language interventions.
      iii. We do not get any money through any other sources, just fundraising events
   b. Sen. Hill: Can you please elaborate more on the Lock fund?
      i. The Locke fund is just providing scholarships to families that cannot afford therapy for speech and language issues. This scholarship goes to children and adults.
   c. Sen. Lopez: Out of your 40 members, how many of those people come to the meetings? For advertising, you have $15 listed, what would this be for?
      i. It ranges on availability, it goes from 20-30. Not all of the people are ready for a letter of intent, so it fluctuates if they need the event or not
      ii. The $15 is used for printing to put up fliers, or to print out member forms.

4. MOTION to table
   a. MOTION is seconded and passed

xxxvii. Out in STEM
   1. MOTION to open
      a. MOTION is seconded and passed
   2. Sponsorship:
      a. I am the VP and I am the new treasure. We are asking for an honorarium for a Trans 101 workshop, which is to thank our
speaker for the workshop. The next thing is refreshments and food which is for two of our general meetings. In that case, we have $200 for general meetings. We are also asking for money for banners and other events and we feel that if we had advertisement for our events, it would help. Going along, we would like branded office supplies for our tabling events, and we have had some trouble recruiting. There are some branded things we would like. We currently get resources from the Engineering student center, but we want more specific advertising resources. The next line is for professional service, which is for a queer yoga event, and it is our first time doing this. While we are requesting money for the yoga event, we would like to get our members more involved, last thing is conference presentation poster, and we have a professional conference, so we want a student to be able to present their research.

3. **Questions:**
   a. Sen. Flores: When is your Queer Yoga Event? Can you tell us a little bit about your organization? The banner that you request for, is that what you need every year?
      i. The event is April 17th, and we have done an event like this at the end of each semester.
      ii. We are a queer friendly STEM group where we advocate for our members and provide a safe space for STEM students. To elaborate on this, we host a professional panel each semester to let our members connect with other queer people in the community, so we can work our way into the professional setting. Knowing how to present as professional queer individuals is beneficial, and this is one of our main events that we host.
      iii. The banner is a one time thing that should ideally last a few years
   b. Sen. Rivera: Thank you for coming out! What is the purpose of the STEM branded office supplies? The reason that I mention that line item is because we don’t fund things that are given out.
      i. It is to give out and to get our logo around. We want more people who see our professional logo so it is more likely for students to make these connections. This also helps us build our larger brand.
   c. Sen. Milan: For the conference poster, is this an every year thing?
i. We would like to be able to present this every year. It will be based on someone's research. I anticipate that we will be doing this every year.

d. Sen. Hill: Do you guys collect any type of due or donation from members?
   i. We do have a $10 membership due. We mention this every meeting for new members. It is for whenever you first join.

e. Sen. Rivera: Aside from dues, do you have any other sources of income? For general meetings, how many people usually attend?
   i. In the past, we have applied for travel to our conferences, but we have not received it.
   ii. We get around 20-ish members for general meetings, and for some events, we get about 50, for the panel we get around 100 people.

4. Discussion (2/16)
   a. Sen. Flores: MOTION to reduce line item 13 to read $0
      i. MOTION is seconded and passed

   b. Sen. Milan: MOTION to reduce line item 16 to read $0
      i. MOTION is seconded

1. Discussion:
   a. Sen. Flores: I think that they do this every year, I would feel comfortable leaving this as is.

ii. MOTION is failed

   c. Sen. Rivera: MOTION to reduce line item 14 to read $0
      i. MOTION is seconded

1. Questions
   a. Sen. Flores: Why?
      i. Sen. Rivera: They wanted to use STEM branded office supplies to give out

b. Sen. Flores: If this was considered advertising would you fund this?

2. Discussion:
   a. Sen. Lopez: I think we should fail this because we recognize that we give some groups pens so it's a find line, and so I don't know how to feel

b. Sen. Rivera: We might be exempt with some resources

c. Sen. Flores: We have given money for organizations to have stickers, ASUNM is not exempted from this. This
organization does not have any other outreach
d. Sen. Hill: I agree and think that staying by what we have been doing by zeroing out things that will be given out will be best. I’m sure they are capable to advertise in other ways
e. Sen. Lopez: I think if we need to do this we need to be consistent with everyone, so we need to make a decision
f. Sen. River: I agree

ii. MOTION is passed
d. MOTION to table
   i. MOTION is seconded and passed
e. Discussion (2/23):
   i. Sen. Rivera: MOTION to reduce line item 14 on DS1 by $0 to read $50
      1. MOTION is seconded and passed

xxxviii. Peers for Advocacy, Wellness, and Safety
1. MOTION to open
   a. MOTION is seconded and passed
2. Sponsorship:
   a. Our group is advocating for wellness and safety on campus. We want to try and let the students at UNM know the resources that they have by giving them the information. We have done this through different events in the past. We raise awareness for different issues. We made presentations about healthy relationships for Domestic Violence Awareness month. We want to create the sense of advocating for self love and things like that. We are requesting colored paper for crafts for our group meetings or making buttons. We are asking for a lot of office supplies for our members to use. We are asking for copying services so that we can print fliers to advertise our events. We also like to have food at our events to get people to come. We are planning two events; an open mic night for sexual assault awareness month, and we are also doing a banner event as a sign of support for sexual assault survivors. We are also asking for advertising for a board. We also need other random supplies. We do a lot of chalking around campus. For professional services, we had a yoga instructor for free. It would be beneficial to our group to have professional services to come and speak. It would make a bigger event to have people come. We are asking for educational and instructional materials as we
are an education based group. We might want books that we can give out.

3. **Questions**
   a. Sen. Milan: Is the sandwich board a one-time purchase or is this a yearly thing?
      i. The sandwich board is a one-time purchase.
   b. Sen. Rivera: What kind of books for you have in mind for educational and instructional resources? We tend to only fund things that are kept with the organization, not things that get to take home?
      i. Since we do a lot of self-care things, we are thinking about doing some self-help events. We would give those out at this event. Nothing is concrete yet.
   c. Sen. Hill: Do you fundraise in any way?
      i. No, we do not fundraise.
   d. Sen. Rivera: Do you get any support from LoboRespect or other organizations?
      i. We do not get financial support, but we have been using the supplies from Lobo Respect and the Dean of Students, but we want to be more independent.

4. **Discussion (2/16):**
   a. Sen. Milan: MOTION to reduce line item 17 to read $0
      i. MOTION is seconded and passed
   b. Sen. Hill: MOTION to reduce line item 18 to read $0
      i. MOTION is seconded
      1. **Question**
         a. Sen. Lopez: Did we fund their general funds in the fall?
         b. Sen. Rivera: Would the author accept a friendly amendment to reduce this by $25 to read $25
            i. Author accepts
      2. **Discussion**
         a. Sen. Rivera: They are requesting chalk and other resources and this is important to them
         b. Sen. Hill: I agree, the only thing is that we as a group need a happy medium to be lenient or hold them to a higher standard
            ii. MOTION passes
   c. Sen. Lopez: We are giving them the materials to make the buttons that they will be taking home
   d. MOTION to table
      i. MOTION is seconded and passed
5. Discussion (2/23):
   a. Sen. Flores: Sweeping MOTION to decrease line item 12, 19, and 20 on DS1 to read $0
      i. MOTION is seconded and passed

xxxix. Agora Crisis Center
   1. MOTION to open
      a. MOTION is seconded and passed
   2. Sponsorship:
      a. First I want to thank you all so thank you for your time, we really appreciate it. My name is Anna and I’m one of the students who works here. Agora is an important organization because it is a free all topics, non-judgemental crisis line to offer emotional support to anyone who needs it. Almost all of our members are volunteers and we all go through a 40 hour rigorous training to deal with various issues and to help students. We are a nationally accredited crisis line and we help people across the nation. The volunteers are set up to go into the workplace because they are given valuable skills. As a student myself, I can vouch for how much Agora has done for me, and I feel as though I missed out on some school opportunities. Agora has given me a place to call home and is a place for people who feel they do not fit in to find that community. I think the work we do is really helpful. Suicide is the second leading cause of death, and having this as a resource to call and a place to get involved is really great. In our first few years we took 1,200 calls a year, but now we take much more. There are few other lines that do this much. The main thing we have asked for is funding for student salaries. There is a lot of work that needs to be done. For myself, I have to be there at least 20 hours and I am the point of contact for most of the volunteers and our 9 staff members. We specifically asked for money for 2 student employee positions and one work study position. We would like to have this money to help students to help work. Telephone lines are really important and we need to keep these operating, same with voicemail, and since we are volunteer based, it’s useful to have this to call them back when needed. Another thing on the budget that is on DS2 we asked for money for a facility rental for a team bonding retreat, and usually we have about 25 people going and we try to cut the costs of this by having members pay half of the fee to do so. We want to take part of the burden off of them. At Agora we are very proud of being a student organization and it is because of you that we are going on our 50th year, and the rules of a crisis center continually change and it has been changing. Once you introduce money into this it becomes monetarily driven,
however, we are proud to be 75% students and we really thank you all.

3. Questions

a. Sen. Lopez: Your work is very important, I'm a little speechless. I'm shocked that there are not more people putting money into this. What are your other sources of funding and how much is this? How come the university does not fund this?
   i. We do get some funding from grants annually, that's usually a luck of the draw if we get those grants. It is hard to convince people that we do need funding. We do apply for grants. We just started a pilot year on our homeless assistance line. The goal of this line is to work with the person who is calling to get some individualized care to get some help with very specific help. We do receive some funding from that. We are not sure how this will go.
   ii. I do not know why the University does not fund this. We think it is because it is a student run organization. This started because he didn't get assistance when he needed it. Since we started as a student organization, we think that is why we don't get funding

b. Sen. Rivera: I commend you for all the work you have done. With that being said, I have a question about the instructional materials, does this happen yearly?
   i. We have run into some problems as the rules are changing in the printing center. We have classes throughout the year with 30-50 people. We are printing about 100 manuals every year and those costs really add up because it is about a 70 page manual.

c. Sen. Hill: Something as beautiful as this, do you have any outside sponsorships?
   i. We have the money for the homeless assistance line, but that does not go to the student employed positions. Sometimes there are fundraisers from students, but that doesn't happen as frequently so it is not reliable.

d. Sen. Flores: For the headsets, is this something you buy every year? and the shelving?
   i. We only have 5 volunteer computers and the rest is staff space. This is a really small space. We have had to move things around for the homeless line, so we need some shelving. The headsets are for the people who are learning how to answer the phones. The headsets that we have are unreliable, so that is why we requested this.
e. Sen. Rivera: How long do you think a headset lasts? The reason 
im asking is that one time expenses can be done through an 
appropriation. How much are the headsets? And how much are 
the shelving?
   i. Ideally the headsets will last for years, but we need new 
one ones. We have done the best that we can to extend 
their lives. The goal is to treat them with respect so that 
they will last for years.
   ii. I would say that the majority of that line item is going to 
be for the cleaning supplies, and then the shelving on 
top of that. I do not have a specific price. We go 
through a lot of cleaning materials because we have a 
lot of people filtering through. The majority of that is for 
the cleaning supplies.

f. MOTION To table
   i. MOTION is seconded and passed

g. MOTION to open
   i. MOTION is seconded and passed

4. Discussion (2/16)
a. Sen. Flores: MOTION to reduce line item 17 on DS 1 to read 
$100
   i. MOTION is seconded

   1. Questions
      a. Sen. Lopez: Why this amount
      b. Sen. Flores: She said the shelving and 
headsets take up a lot of this and I think 
the cleaning supplies can be covered by 
this
      c. Sen. Lopez: I thought it was the other 
way around

   2. Discussion:
      a. Sen. Lopez: I think we should look at 
this more, they said they go through 
this a lot, so I think it's okay to fund this 
some more
      b. Sen. Milan: Would the author accept a 
friendly amendment to reduce this to 
read $300
         i. The author accepts
      c. Sen. Flores: I think this is more than 
they need
      d. Sen. Flores: Does the author accept a 
friendly amendment to have this read 
$100
         i. The author accepts
ii. MOTION is passed
b. Sen. Milan: MOTION to reduce DS 1, line item 23 to read $200.
i. MOTION is seconded and passed
c. Sen. Hill: I believe that the miscellaneous office supplies is unnecessary so I don't think I'm in support of this
d. Sen. Rivera: MOTION to reduce line item 23 on DS 2 to read $0
i. MOTION is seconded and passed
e. Sen. Flores: MOTION to table
i. MOTION is seconded and passed

5. Discussion (2/23)
a. Sen Lopez: MOTION to reduce line item 11 on DS1 to read $11,440.
i. MOTION is seconded and passed

xli. SCA: College of Blaiddwyn
1. MOTION to open
   a. MOTION is seconded and passed
2. Sponsorship:
   a. We like to encourage people to learn about medieval history through their own lense. We do fencing, sewing and things like that. It is a great way to get people passionate about history. I just took over in August, and it was a dying club, but we have raised it to 15 members who are really passionate about what we do.

3. Questions
   a. Sen. Milan: Thank you for all you are doing. For the general supplies, do you need these each year? For one time funding, it would be best to put this on an appropriation.
      i. So we have a canvas tent, but it is in bad shape. It has a lot of tears, but that money would be to repair it.
   b. Sen. Lopez: On line item 12, you requested some food, are these conferences for other students or community members?
      i. We have a weekly fighter practice, and that funding would be for that. Those refreshments would be for the club members.

4. Discussion (2/16):
a. Sen. Flores: MOTION to reduce line item 14 to read $0
   i. MOTION is seconded and passed
b. Sen. Lopez: This group is a new group, so they are capped.
c. MOTION to table
   i. MOTION is seconded and passed

xlii. Society of Women Engineers
1. MOTION to open
   a. MOTION is seconded and passed
2. Sponsorship:
a. I am Isabell and I’m the VP and this is Hailey and she is the treasurer. We have 60 undergrad and 4 grads. We include everyone but prefer Engineering students because our services are geared towards that field. We have bi-weekly meetings and we also do outreach events for other students in high school as well. We have conferences in the fall and spring to help members get jobs. The first thing we want is for food for the end of year banquet. We also want food for our bi-weekly Wednesday meetings. For the educational/instructional material, we want supplies for annual outreach events. We do a lot of things with the School of Engineering and we also do an event with the Girl Scouts. For office supplies, we have an office in the engineering business, so we need tape, markers, paper and things like that. For miscellaneous supplies, we encourage everyone to bring reusable things, but we would like to have some paper plates and such.

3. **Questions:**
   a. Sen. Flores: Thank you for coming out. Will the refreshments just be drinks or will there be food as well?
      i. We do light snacks, like fruit and cheese and crackers
   b. Sen. Rivera: With regards to your funding, how much funding do you get from your department and self generated funds? Any type of fundraising here on campus?
      i. It depends, from the department we get funds when we ask to go to conferences, like we have 5 civil engineer students going somewhere, and they cover about 80% of things we do.
      ii. We do t-shirt sales and sticker sales for self-generated funds. We do outreach events for student who join

4. **Discussion (2/16):**
   a. Sen. Flores: MOTION to reduce line item 11 to read $100
      i. MOTION is seconded
         1. **Questions:**
         2. Sen. Lopez: Why?
            a. They just said that they needed food
      3. **Discussion:**
         a. Sen. Milan: They wanted to have a banquet, so they would require more money. I would like to take that into consideration for that event.
         b. Sen. Flores: If someone made an amendment i would accept it
         c. Sen. Rivera: Friendly amendment for line item 11 to read $200
            i. Author accepts
ii. MOTION is passed

b. Sen. Flores: I’d like to hear the committees opinion on line item 14, it seems like a lot of money for what they are asking

c. Sen. Hill: To the best of my knowledge, when I see that it is covering miscellaneous things, I do not think it should be funded fully.

d. Sen. Lopez: MOTION to reduce line item 14 to read $100
   i. MOTION is seconded and passed

e. Sen. Flores: I feel like $100 is still a lot. I don’t know what I would cut it to.

f. Sen. Rivera: We have to take into consideration the supplies for social activity, as some of those supplies might be more expensive.

h. Sen. Hill: With tie die, we cut a group on this same basis, so I think we could cut this

i. MOTION to reduce line item 14 to read $0
   i. MOTION is seconded and passed

i. MOTION to table
   i. MOTION is seconded and passed

b. MOTION to recess until 2/22 at 8:30AM
   i. MOTION is seconded and passed

1. Hanging of the Greens

   a. MOTION to open Hanging of the Greens
      i. MOTION is seconded and passed

b. Sponsorship:

   i. We are asking for funding for Hanging of the Greens. This is UNMs oldest tradition. It involved 25 student orgs all across campus. This event has 13,000 luminarias to light up the campus. This event partners with the community and different departments across the campus. Overall, this is a really good way for UNM to get involved with the Albuquerque community. We are asking for funding for the luminarias. This money is to offset what the Student orgs have to pay. With this funding, then orgs wouldn’t have to pay towards this event. Even though the Mortar Board is in charge of it, it is a way to get more orgs involved with it, as not all orgs have the funding for it.

c. Questions:

   i. Sen. Lopez: How much do you get for student orgs paying?
      1. We usually get about $4,702, which is about 25-50 dollars per location.

   ii. Sen. Milan: Is the org hanging of the greens? How much of this goes to selling the flowers at grad?
1. No, we just treat this event differently because of its large turnout
2. We ask a lot of money for this event specifically because it is such a large event. None of this money goes towards selling flowers and graduation

d. Discussion:
   i. MOTION to table
   ii. MOTION to recess until 8:55
   iii. MOTION to call back to order at 8:55

e. Discussion (2/23)
   i. Sen. Rivera: MOTION to reduce line item 11 on DS1 to read $1,750
      1. MOTION is seconded and passed

2. Pre-Medical Society
   a. MOTION to open Pre-Medical Society
      i. MOTION is seconded and passed

1. Sponsorship:
   a. This is a pretty big group, we are probably the largest medical group on campus. All members are required to hold 2 office hours week. We do med student panels, doctor panels. We like to provide our students with refreshments. Being a pre-med is very difficult. Not only do you take hard classes, you have to volunteer, do shadowing, and stuff like that. We are requesting 2 units for food and refreshments., One of those is for meeting and the other is for our banquet. Doctors, medical students, and our members come to this banquet. All of the things that this org does helps students feel more comfortable going into med school. I think that this org is important. It can be intimidating to come into the club, and having the refreshments as an opener to the meetings helps. I understand that ASUNM is having financial issues, so we did decrease our request.

2. Questions:
a. Sen. Rivera: What are the various medical resources? What types of advertising do you do?
   i. We have a subscription with the American Medical Board, and it describes every single medical school with their demographics and all those things. This is a very valuable resource. We also buy Kaplan books and keep them in our office.
   ii. Our big rush is during NSO. If our members can table, they usually do. We sometimes buy little trinkets for our table to get the word around.

b. Sen. Flores: Thank you for decreasing your line items!

3. Discussion (2/23):
   a. Sen. Lopez: MOTION to decrease line item 17 to read $200
      i. MOTION is seconded and passed

4. MOTION to table
   a. MOTION is seconded and passed

3. Something Major Acapella
   a. MOTION to open Something Major Acapella
      i. MOTION is seconded and passed

1. Sponsorship:
   a. We are really only asking for what we need. It is about what will make our group grow and flourish. We want our group to stand out, we also have binders for music so that we look uniform and professional. The posters for our events are a reflection of our org. We also have food to have people to come and grow. We also use this food to help us bind and grow closer. Printing is very expensive, and we do need to print sheet music. You cannot be able to learn the music without the sheet music.

2. Questions:
a. Sen. Milan: Congrats on your hard work! For the binders, would you keep these for a couple years?
   i. Usually, we get new members that will need binders.
   ii. I think that the members have kept the binders in the past.

b. Sen. Rivera: Is the food for the auditions? And how many ppl coe?
   i. Yes, the food is for the auditions
   ii. Usually, we have about 40-50 people audition, and the food is for them to snack on when they are waiting.

c. Sen. Flores: How many new members would you get every semester? How many in our group total?
   i. We normally take in about 10-15 members in the Spring.
   ii. We currently have about 20-25 ppl.

d. Sen. Rivera: Do the members get to keep the sheet music?
   i. Yes, I arrange everything on my laptop. It usually takes $5 to print per song per person.

3. Discussion (2/23):
   a. Sen. Lopez: MOTION to decrease line item 13 to read $200
      i. MOTION is seconded
      ii. Sen. Rivera: I wouldn’t consider this different than the standing rules. This is more of a hosted event.
      iii. Sen. Lopez: We changed this standing rule and I interpret this that it is $200 in total.
      iv. Sen. Milan: We have been cutting a lot, it is only fair to stay uniform.
      v. MOTION is passed

   b. Sen. Milan: I would like to hear the committees opinion on line item 12
c. Sen. Lopez: Looking at it from this perspective, the binders aren’t really a gift, they are more essential to the org.

d. Sen. Rivera: I feel like the sheet music and the binders could be reused.

ii. MOTION to table
   1. MOTION is seconded and passed

iii. Discussion (2/23)
   1. Sen. Flores: MOTION to reduce line item 11 on DS 1 to read $100
      a. MOTION is seconded and passed

4. Student Action Network
   a. MOTION to open Student Action Network
      i. MOTION is seconded and passed

1. Sponsorship:
   a. We work as a campus community network. Our real goal is to make or expand opportunities for graduate and undergraduate students to engage in civic learning. We have 25 undergraduate and 12 graduate. We tripled our members since last year. We work to keep growing to put our members in our community. Our three most important things from the budget, we really wanted to emphasize the educational material, honorarium and food and refreshments. We want to have food on our service day. For education materials, we wanted to have workshops to help grow our people. We do like to bring back our alumnae Student Action Network members. They give us tips and stuff like that. Since they are UNM Alumni, they are able to talk to us about what to do and how to grow. We do keep in contact with them after they graduate.

2. Questions:
   a. Sen. Hill: What are some of the places that you want to give the honorarium to?
      i. We gave the honorarium last year to La Placita. This is a
program to help POC who had just gotten out of the system.

b. Sen. Milan: Do you already know for sure where to give the honorarium?
   i. We are looking for an art workshop to have. This would help some of our members learn what they would like to do.

c. Sen. Rivera: I would like to know what the educational materials entail?
   i. Some of that is for reading material, to help with orgs. To help with our workshops and stuff like that.

d. Sen. Flores: Congrats on tripling your numbers. For your workshops, what kind of workshops do you have?
   i. We want to have workshops that work with other community members. This is informing our members of what all is out there. We would also like to have a good relationship with other community programs. For example, the alum that is an entrepreneur, they can network and stuff like that.

e. Sen. Lopez: I work with the CFC, if you would like to schedule something, let me know.

f. Sen. Rivera: Have you requested funds from GPSA?
   i. Yes we have. But we have not been able to meet with them yet to help them out with it. But we will.

3. Discussion (2/23):
   a. Sen. Hill: MOTION to reduce line item 16 to read $0
      i. MOTION is seconded and passed
   b. Sen. Hill: MOTION to reduce line item 19 to read $200
i. MOTION is seconded and passed

ii. Sen. Rivera: MOTION to table

   i. MOTION is seconded and passed

5. Student Association of Geography and Environmental Studies (SAGES)
   a. MOTION to open SAGES

      i. MOTION is seconded and passed

1. Sponsorship:
   a. We are with the department for environmental studies. We have 15 graduates and about 50 undergrads. We would like to try and start to get more undergrads to come to our meetings, which is why we would like food. We would also like to combat the turbulence with the changing of the officers. We try to do a student meet and greet. If the faculty is hiring, they do a student hour where we can ask them questions. We also do a city nature challenge. This is a national competition. This is a day where all the cities compete to see who gets the most participants. We try to get engagement. Most of the undergrads were getting extra credit for this event.

2. Questions:
   a. Sen. Hill: Thank you for coming out. How much do you ask from GPSA? What is the ratio of graduate and undergraduates for the city nature walk?

      i. I am not 100% sure how much we get. They do give us some funding, we usually have 10-15 grads.

      ii. The city nature walk is mostly undergrads as some of the undergrads get extra credit for this event.

   b. Sen. Flores: How many people attend your meetings?

      i. This semester, we are trying to not have so many meetings. We
usually do not have very many
people there.

c. Sen. Rivera: How many meetings are
you trying to hold this semester? Could
you tell me the other sources of
revenue? Do you have meetings for
anyone to come to?

i. The President said about 2
meetings this semester. More
students will attend a meeting
after the heavier parts of the
semester. We try to have one
goodbye meeting. We are
trying to have a welcome back
meeting and a colloquium. And
the city nature challenge is the
biggest event that we do.

ii. We have the PB funds, but I am
not sure what that is.

iii. We do not have meetings for all
students to attend.

3. Discussion (2/23):
   a. Sen. Rivera: MOTION to reduce line
      item 11 to read $0

     i. MOTION is seconded and
        passed

   b. Sen. Flores: I think that this
      appropriation is something that we
      should look at tomorrow.

4. MOTION to table
   a. MOTION is seconded and passed

6. Student Veterans of UNM
   a. MOTION to open Student Veterans of UNM

     i. MOTION is seconded and passed

     1. Sponsorship:
        a. No show

     2. Questions:
        a. No show

   ii. MOTION to table

     1. MOTION is seconded and passed

   iii. Discussion (2/23):

     1. Sen. Lopez: MOTION to reduce line item 11 on
        DS 1 to read $200

        a. MOTION is seconded and passed
2. Sen. Milan: MOTION to reduce line item 14, 15 and 16 on DS 1 to read $0
   a. MOTION is seconded and passed

3. Sen. Lopez: MOTION to reduce line item 12 on DS1 to read $30
   a. MOTION is seconded and passed

4. Sen. Lopez: MOTION to reduce line item 13 on DS1 to read $50
   a. MOTION is seconded and passed

7. Undergraduate Anthropology Society
   a. MOTION to open Undergraduate Anthropology Society
      i. MOTION is seconded and passed

   1. Sponsorship:
      a. As an organization, we have two main goals. We provide resources to undergraduates and help them network. We do a lot of resume and CV workshops, application workshops, and things like that. We do pizza with a professor to have our members network with professors. We also do a lot of day trips to relevant sites. Our other main goal is education and outreach. We do these events with high schools. We want to expand our educational collection. We are asking for $100 for our outreach to add to our library of resources. Our second is $100 is for education of members, for papers and educational journals as the library and JSTOR does not have all of them. For meeting materials, we would have maps of sites. If we want to post papers on our website, we try to do that. We like to have pizza or snacks at our meetings to get people to bond. We have two announcement boards in the anthropology building so we like to keep those updated. Every year we like to have our public resource management person come and speak. We print out a lot, so we are asking for copying services and printing out supplies. With the advertising, we are trying to get chalk or fliers. For the
facility rental, we are asking for the SUB ballroom for an outreach event. This big event would be February 19th, 2021 which is national anthropology day.

2. **Questions:**
   a. **Sen. Hill:** On line item 15, what supplies are you talking about?
      i. We are talking about paper, and a color printer. The board takes up a lot of paper, we also like to have pictures, scholarships and other relevant info. There is a main board, but then there is a smaller one.
   b. **Sen. Milan:** For facility rental, will this outreach event be happening every year? Would the banner be a one year thing?
      i. We would love to have it every year, but we don’t know how it will go.
      ii. The banner would be a one time thing, but it is not 100% going to happen yet. We really need chalk and things like that.
   c. **Sen. Rivera:** Do you guys have a space in mind for the facility? How many people do you think would come to this event? Do you get any other funding from anywhere else?
      i. We were thinking the SUB ballrooms, but we would love to have a different location
      ii. We are hoping to have 50 people and more come to this event.
      iii. We do not get funding from the anthropology dept.
   d. **Sen. Lopez:** Does the SUB give you a deal for being a chartered student org?
      i. I am not sure.
   e. **Sen. Flores:** How many ppl attend the monthly meetings?
      i. We usually have about 20-30 members.
3. MOTION to table
   a. MOTION is seconded and passed

4. Discussion (2/23):
   a. Sen. Lopez: MOTION to reduce line item 13 to read $50
      i. MOTION is seconded and passed
   b. Sen. Lopez: MOTION to reduce line item 18 to read $25
      i. MOTION is seconded and passed

8. MOTION to recess until 10:45
   a. MOTION is seconded and passed
      i. MOTION to reconvene at 10:45
      1. MOTION is seconded and passed

9. UNM Men’s Lobo Ice Hockey
   a. MOTION to open UNM Men’s Lobo Ice Hockey
      i. MOTION is seconded and passed
         1. Sponsorship:
            a. No show
         2. Questions:
            a. No show
   3. Discussion (2/23):
      a. Sen. Lopez: sweeping MOTION to reduce 14, 15, 16, 17, 18, and 19 to read $0
         i. MOTION is seconded and passed
      b. Sen. Lopez: MOTION to reduce line item 13 to read $0
         i. MOTION is seconded and passed
      c. Sen. Lopez: MOTION to reduce line item 12 to read $0
         i. MOTION is seconded
            ii. Discussion:
               iii. Sen. Hill: How would the author feel if we cut the practices instead of the games?
               iv. their priority is the practices
               v. MOTION is passed
      d. Sen. Lopez: MOTION to reduce line item 11 to read $13,895
         i. MOTION is seconded
ii. Sen. Lopez: If we want to go back to $14,000 we can

iii. MOTION is passed

4. MOTION to table
   a. MOTION is seconded and passed

10. UNM Men’s Club Soccer
    a. MOTION to open UNM Men’s Club Soccer
       i. MOTION is seconded and passed

1. Sponsorship:
   a. We have about 10 home games, it costs about $1,200 for each home game. We have to rent the Bernalillo field because Johnson is not good quality. We are trying to get some good soccer balls, as the ones that we have are not good. We also need some soccer nets. We practice on Johnson, and the goals have a lot of holes in them. We are trying to improve our equipment this year.

2. Questions:
   a. Sen. Rivera: With regards to the nets and soccer balls, are they yearly?
      i. Probably not, as they will last for a while. The balls will have to be replaced every 5 years.
   b. Sen. Lopez: How do you recruit new members?
      i. We do a lot of social media marketing. We have players put things on their stories to have people come and try out. We have a try out every semester. We also go by word of mouth. We had a few come and try out this semester. We do have a $200 fee that goes to cover the training uniforms and the uniforms for games. A big part of the $200 goes into clothing.
   c. Sen. Milan: I’m a huge fan of soccer myself. You said that the soccer classes use the nets too, have you asked from rec services or the PE dept?
      i. We are the main ones that use it, that’s why we are asking. We
use it more often than the rec dept and the PE dept.

d. Sen. Rivera: You guys charge dues, is that per semester or per year?
   i. It is per semester. We do most of our traveling in the fall semester, and the spring is our off season.

3. Discussion (2/23):
   a. Sen. Lopez: sweeping MOTION to reduce line items 13 and 14 to read $0
      i. MOTION is seconded and passed
   b. Sen. Rivera: MOTION to reduce line item 11 to read $780
      i. MOTION is seconded and passed

4. MOTION to table
   a. MOTION is seconded and passed

11. UNM Navigators
   a. MOTION to open UNM Navigators
      i. MOTION is seconded and passed

1. Sponsorship:
   a. We are a chartered UNM org. We provide semester long bible studies and the space for people to gather who believe the same thing. We can have 40-50 people at our weekly meetings. We are asking for funding for food to have little snacks every once in a while. We are asking $5 for 40 units for instructional materials. Our international org is sending us a director, as we are changing a lot of things.

2. Questions:
   a. Sen. Lopez: Do you guys sing? For the bible study materials, do you buy them every year?
      i. Yes, we have worship teams that sing.
      ii. Yes, we buy the things that our international org has us focus on.
b. Sen. Rivera: With regard to bible study, are these things that students get to keep?
   i. Yes, the students do keep these.

3. Discussion (2/23):
   a. Sen. Rivera: MOTION to reduce line item 12 to read $0
      i. MOTION is seconded
      ii. Sen. Lopez: I do not think that this is a gift, this is essential to the group.
      iii. Sen. Rivera: I think that this is a substantial amount, this is something that is easily required by the group.
      iv. Sen. Flores: This costs $5 per person, and I personally think that we would be fine leaving this.
      v. Sen. Hill: I would assume that this is something that they already have on hand. And they already receive a discount on this.
      vi. Sen. Rivera: I think that the materials could be reused, as the bible does not change too much.
      vii. Sen. Flores: I would recommend failing this motion and bookmarking this and having a more in depth discussion.
      viii. Sen. Hill: I know that we do not fund prizes, but if they get to keep the things.
      ix. MOTION is passed

ii. MOTION to table
   1. MOTION is seconded and passed

12. Albuquerque Film Society
   a. MOTION to open Albuquerque Film Society
      i. MOTION is seconded and passed
      1. Sponsorship:
         a. One of the objectives of our club is to have one production every semester.
We need scripts, storyboards and things like that. We try to have artists from different departments. We are going to include some light snacks and refreshments at our meetings to help grow the club. Equipment supplies include fliers, banners, and things for our events. We have photography students, and all actors have to have headshots when they audition, so we have the photography students take those photos. We also have to print out those headshots. Our club’s main objective is to build a community that is interdepartmental. We feel that this is necessary as CNM is having a production every week. We have a disjointed org, and we need to interact more with film students. Film school is more of a way to network. Film is our 6th largest revenue in the state, and our primary objective is to create an identity for film students.

2. **Questions:**

   a. Sen. Lopez: How do you recruit new members? Can you elaborate on your partnership meetings with SWFC? What are the membership requirements?

      i. We have a social media that we are growing each semester. We do listservs and we are printing out more fliers. We are also working closely with the SWFC about building the club.

      ii. We meet with them, our meetings are called Reel Club. We also have our members discuss the films.

      iii. Our members are required to go to plays and films and things like that.

   b. Sen. Flores: Do you use the same headshots every year? How many people come to the meetings? When is your biggest event?
i. Primarily, it will be acting students that get their headshots taken.

ii. We have about 11-12 people come to our meetings, but we are building more of an outreach?

iii. We are filming our short.

c. Sen. Rivera: I wanted to see if you get funding from SWFC? Any other places?

i. No, we do not get funding from any other places.

3. MOTION to table

a. MOTION is seconded and passed

4. Discussion (2/23)

a. Sen. Lopez: MOTION on line item 16 of DS1 to read $50

i. MOTION is seconded and passed

13. ASUNM Elections Commission

a. MOTION to open ASUNM Elections Commission

i. MOTION is seconded and passed

b. Sponsorship:

a. The elections commission is vital, it gives us a democracy to ASUNM. For elections, we have the homecoming, 2 senate, and presidential elections. I am asking for a total of $13,000. The first item is salaries, for executive director and for the assistant director. I think it is important to keep these the same amount. The next item is advertising at $900. Even though we are not mandated, I still like to advertise in the Daily Lobo. It is a quarter page colored ad at $650. There are a lot of “I voted” stickers, but I think that those are hideous, so I think that we need new ones. Those $900 is a good round number. The next on the list is stipends. The Lawbook mandates 6 stipend commissioners. I think it is unfair that stipend positions get what they are paid for, and around election week is when they are important. Copying services is $50, which is necessary. The office supplies go to new cords, as we do need new equipment. This $50 is important to help with the polling stations. For refreshments, I asked for the same amount that I had gotten last year. This money will go to the endorsement forums. The Poll workers work at the polling station. We have 3 elections that use poll workers, they have to be there from 10-4 at $10 an hour. These
poll workers are not necessary, but they make the job easier. If there are issues, the poll workers help a lot. A few places that you can cut, are the $400 supply costs, as IT has not charged us, but we could ask in an appropriation if they do. The food and refreshments could be cut. I ask that you only cut either the poll workers OR the commissioners, but not both. That would make my job a lot harder. Lawbook mandates that there be two people at each polling station. Organizations can come help as well. Another way to cut is changing the stipends for the commissioners. I do not think it is fair for the commissioners to do a lot of work.

3. Questions:
   a. Sen. Lopez: With the previous elections, how many of the commissioners came? Does the assistant director actually work 10 hours a week?
      i. We had 4 commissioners come, one got a job, and another one took a trip to a conference in houston. There were four commissioners, myself and the assistant director.
      ii. I think that is a good number, and if you cut it to 8 hours, that would be almost pointless, as it is only 8 hours a week. I think that the 10 hours is good, as it allows them enough time to assist me, but not too much where I am looking for things for them to do.
   b. Sen. Flores: Is it more beneficial to have orgs help with polls, instead of hiring commissioners?
      i. We usually do that. We reached out to Womens Rugby and CKI because they have done this in the past. This money goes specifically to the orgs to help them out, not the people.
      ii. MOTION to table
          1. MOTION is seconded and passed
   c. Discussion (2/23):
      i. Sen. Milan: MOTION to reduce line item 11 on DS1 from 20 hours to 10 hours
         1. MOTION is seconded and passed
      ii. Sen. Milan: MOTION to reduce line item 12 on DS1 to read $0
         1. MOTION is seconded and passed
      iii. Sen. Milan: MOTION to reduce line item 11 on DS2 to read $900
         1. MOTION is seconded and passed
      iv. Sen. Milan: MOTION to add $500 on line item 12 DS2
         1. MOTION is seconded and passed
v. Sen. Milan: sweeping MOTION on line items 13, 17 to read $0 on DS2  
   1. MOTION is seconded and passed  
vi. Sen. Milan: MOTION to reduce line item 15 on DS2 to read $25  
   1. MOTION is seconded and passed  
vii. Sen. Milan: MOTION to reduce line item 19 on DS2 to read $200  
    1. MOTION is seconded and passed  
viii. Sen. Milan: MOTION to reduce line item 23 to read $672 on DS2  
    1. MOTION is seconded and passed  
d. MOTION to recess until 1:15  
   i. MOTION is seconded and passed  
e. Called back to order at 1:12 pm  
   i. MOTION is seconded and passed  
14. Biophysical Society  
   a. MOTION to open Biophysical Society  
      i. MOTION is seconded and passed  
   b. Sponsorship:  
      i. We are the Biophysical Society. As the new physics building now hosts physics, astronomy and integrated science. We are an org with all kinds of different people. We do a lot of talks and a bio physics week in March. We do a welcome event and our biophysics event.  
   c. Questions:  
      i. Sen. Rivera: Are you an undergraduate?  
         1. Yes.  
      ii. Sen. Milan: How many people go to your meetings? How often do you meet?  
          1. It's a pretty small group, we have about 20 people.  
          2. We have monthly meetings. We have different people in different departments come to talk.  
      iii. Sen. Flores: How many of those 20 people are undergrads?  
          1. About 4 of them.  
   d. Discussion (2/23):  
      i. Sen. Flores: I think that $400 is a lot, considering that only 4 of their members are undergrads.  
      ii. Sen. Hill: MOTION to reduce line item 11 to read $200  
          1. MOTION is seconded  
             a. Sen. Rivera: Friendly amendment to reduce to $50  
                i. the author declines.
b. Sen. Lopez: We should reduce this later on.
c. Sen. Hill: I would like to ask why we should reduce this further
d. Sen. Rivera: our main priority is undergrads, and I feel like $200 is a bit excessive. It would only serve the 4 undergrads.
e. Sen. Hill: GPSA gave them $220, and I feel like we should do half here, half there.
f. Sen. Rivera: I would feel better with half and half, but the split isn't even.
g. Sen. Milan: friendly MOTION to read $100
   i. author accepts
2. MOTION passed
iii. MOTION to table
1. MOTION is seconded and passed

15. American Institute of Chemical Engineers
   a. MOTION to open American Institute of Chemical Engineers
      i. MOTION is seconded and passed
         1. Sponsorship:
            a. We are a student org here to support chemical engineering students. We volunteer at outreach events trying to get people in the community to be interested in chemical engineering. We also have info about graduate schools, internships, and other things at our weekly meetings. We do provide food at our meetings. We also participate in our regional and national conference. We do have a car team. We are asking for funding for solid works, which is a computer license, 3D printing materials, like plastics, and office supplies. We are asking for components for our car. For postage and freight, we have to ship our car to the conference. Generally speaking, we like to make fliers for the events that we do. We do need chemicals for the car. We also do chemical experiments with kids for our outreach events.
**Questions:**

1. Sen. Lopez: Congrats on winning first place in your regional conference. Do people get class credit for this? Does the department fund anything besides travel?
   a. No they do not get class credit.
   b. The money that we get comes from ASUNM, or it will come from a $20 yearly fee. The dept covers conference registration and travel.

2. Sen. Milan: Which is the most important office supply?
   a. Engineering papers are really important to us.

3. Sen. Flores: Does the $20 dues go to anything else? Do any of these chemicals last longer than a year? Is there anything on this budget that would last you longer than a year? Do the glassware, or the goggles last you a while?
   a. It mostly goes towards T-Shirts and food
   b. It depends on the quantity we buy, and it also depends on the shelf life.
   c. Yes, the Tin Foil, Vitamin C Water and Distilled Water.
   d. In terms of lab coats and goggles, we try to get them every year. Goggles usually go missing, and because they are inexpensive we let kids keep them. We use different glassware for different quantities. As of right now, I think that we have one graduated cylinder.

4. Sen. Rivera: Are there any other sources of revenue?
   a. No, we do not do fundraisers.

**Discussion (2/23):**

1. Sen. Flores: MOTION to reduce line item 14 on DS1 to read $0
   a. MOTION is seconded and passed

2. Sen. Milan: MOTION to reduce line item 16 on DS1 to read $0
   a. MOTION is seconded and passed

3. Sen. Milan: MOTION to reduce line item 15 to read $50
   a. MOTION is seconded and passed
4. Sen. Lopez: sweeping MOTION to reduce line items 23, 25, 26, 27 to read $0
   a. MOTION is seconded and passed
5. Sen. Lopez: MOTION to reduce line item 24 on DS2 to read $0
   a. MOTION is seconded and passed
6. Sen. Lopez: MOTION to reduce line item 22 on DS2 to read $0
   a. MOTION is seconded and passed
7. Sen. Milan: I would like to hear the opinion of the bags that would be taken home after the outreach events.
8. Sen. Lopez: I feel like that is part of the larger questions or not.
9. Sen. Flores: I feel like the goggles are something that are necessary, but I don’t like how she said that they are just something that they take home.
10. Sen. Milan: I feel like goggles are important and necessary. If we ask them to make sure that they aren’t taken home.
11. Sen. Rivera: I think that they goggles should be an appropriation item and to keep them safe. The bags are taken home, but I am on the fence about that.
   b. MOTION to table
      i. MOTION is seconded and passed
16. Tabletop Tavern
 a. MOTION to open Tabletop Tavern
    i. MOTION is seconded and passed
   1. **Sponsorship:** We are a recently started org to play board games, or fantasy games. Our club provides the space for people to hangout with other like minded people. We have listed things that we need to operate, like name tags and food. We have listed 5 erase markers, and some classic games but some midrange games.

   ii. **Questions:**

      1. Sen. Lopez: With the name tags, would you be able to reuse them?
         a. They are different than what we asked for. Our name tags are the sticky ones. These are different than our appropriation as those name tags are for our events.
2. Sen. Rivera: With regard to low and midrange board games, would this be bought every year? How many games do you have?
   a. Our plan is to buy a different game every semester to build our library.
   b. We are currently in the middle of doing inventory. We currently got a couple of games from the Anime club. We have about 10 games that we have.
3. Sen. Milan: I think this club is so cool! Are these t-shirts for the members to keep?
   a. Yes, the members are allowed to keep the t-shirts.

iii. Discussion:
   1. Sen. Lopez: MOTION to reduce line item 11 to read $200
      a. MOTION is seconded and passed
   2. Sen. Lopez: I think that we should cut the T-Shirt item.
   3. Sen. Rivera: MOTION to reduce line item 13 to read $0
      a. MOTION is seconded and passed
   iv. MOTION to table
      1. MOTION is seconded and passed
   v. Discussion (2/23)
      1. Sen. Milan: Sweeping MOTION to reduce line items 14 and 15 to read $0
         a. MOTION is seconded and passed
      2. Sen. Milan: MOTION to reduce line item 18 to read $40
         a. MOTION is seconded and passed

17. Bengal United Sports Club
   a. MOTION to open Bengal United Sports Club
      i. MOTION is seconded and passed
         1. Sponsorship: We try to organize different indoor and outdoor activities within the Bangladeshi Community. Our goal is to organize soccer and volleyball tournaments next year. Every year we have an annual tour, and you have supported us. We go out of state once a year. We believe our club is integral to UNM because we connect UNM to the SouthAsian diaspora. And we are bringing home to UNM. In addition to the traditional sports, we are bringing native sports

ii. Questions:
1. Sen. Flores: How many of the active members are undergrads?
   a. We have 15 undergrads and 45 graduates

2. Sen. Milan: Have you asked for funding through GPSA? How much have you gotten? What are the training materials?
   a. Yes we do, and we usually get support from both.
   b. We have gotten $1,000 from GPSA.
   c. Those orange cones are the biggest thing that we have to purchase. We have a storage locker, but about 50 groups use that locker.

3. Sen. Rivera: With regards to membership fees, how much is that? How much donations do you get?
   a. We don’t have a fee, and we charge a markup on the things that we fundraise.
   b. It depends on the event, so we have gotten $100 - $300

4. Sen. Hill: How many people would that the honorarium go to?
   a. Not many people.

5. Sen. Flores: Where is the facility that you are renting?
   a. Usually we try to get Johnson, but it can be very busy. Sometimes we can get a discount when we go off campus because we are a student group.

iii. Discussion (2/22):

1. Sen. Lopez: MOTION to reduce line item 17 to read $100
   a. MOTION is seconded
      i. Sen. Rivera: Why $300?
      ii. They only have 15 undergrad
   iii. Discussion:
      iv. Sen. Flores: There was another org that we gave this same amount to and they have 4 undergrads.
      v. Sen. Rivera: We should reduce that one.
   b. MOTION is passed
3. Sen. Milan: I would also like to hear the opinion of educational materials, it is just cones that go missing.
4. Sen. Flores: MOTION to reduce line item 15 to read $50
   a. MOTION is seconded and passed
5. Sen. Flores: MOTION to reduce line item 16 to read $0
   a. MOTION is seconded and passed
6. Sen. Rivera: MOTION to reduce line item 18 to read $0
   a. MOTION was seconded
      i. Sen. Flores: why is that?
      ii. The training materials are usually not replaceable until a few years. It is not our responsibility to keep better watch of these materials
   b. MOTION is passed
iv. MOTION to table
   1. MOTION is seconded and passed
v. Discussion (2/23)
   1. Sen. Milan: MOTION to reduce line item 13 on DS 2 to read $0
      a. MOTION is seconded and passed
2. Sen. Milan: MOTION to reduce line item 14 on DS2 to read $0
   a. MOTION is seconded and passed

18. BA/MD Org
   a. MOTION to open BA/MD Org
      i. MOTION is seconded and passed
         1. Sponsorship: We do support the undergrads who are BA/MD track. BA/MD does a lot of things that we do, but we were established to help. We are asking for money for our LoboTHON banner to help join into LoboTHON. We do have monthly meetings, and we would like to feed them. We also like to have a monthly event where we talk about what we have accomplished. Something that we have enacted this year is the honorarium, where we have speakers that come in and talk to the
students. We do have copying services which are used to get the word out about our events. The second thing that we enacted this year is doing workshops for our students. I had chaired the medical outreach, which is hosted on North campus. I do know that student enrollment is down, but hopefully with the proposed student fee will help and will fix the problems.

ii. Questions:

1. Sen. Lopez: Is this org only open to people who are BA/MD? Does the university support you?
   a. I wouldn’t say that it is exclusive, but we serve a specific population.
   b. We do fundraising activities, UNM does not support us.

2. Sen. Milan: Is the banner a yearly expense? Do you already have the speakers in mind? Why is the Suture charge so high?
   a. Yes, the students make a new one every year. Volunteering is a part of the BA/MD program. The banners could be reused, but it is more on an engagement thing.
   b. We try to tailor the speakers to what the students need and what they are interested in.
   c. We have not done the suturing thing, but it will be happening. These would probably stay within the program. The suture kit would be a one time purchase.

3. Sen. Rivera: Why have you guys been getting the intubation for free? Why is it that you guys aren’t going to get it for free? How much are the batcave workshops?
   a. I work with the North campus very closely and they give it to us for free. Beyond that, we like to do a lot of simulation dummies.
   b. The state is making doctors for New Mexico, the things that they are doing cost money, and we have to pay for things.
   c. It’s about $25 a session
4. Sen. Flores: You have two units for this, why are there more than one session?
   a. It would be better to offer more than one session, as the intubation workshop does not hold a lot of people.
5. Sen. Lopez: How many of the BA/MD people go to the events?
   a. It really depends. The monthly meetings are usually for freshman and sophomores.

iii. Discussion (2/22):
   1. Sen. Milan: MOTION to reduce line item 13 to read $0
      a. MOTION is seconded and passed
   2. Sen. Milan: MOTION to reduce line item 18 to read $0
      a. MOTION is seconded and passed
   3. Sen. Lopez: I think in general, we should take a close look at the food. Every single person in the BA/MD program has a fully paid for meal plan.
   4. Sen. Hill: They get food for free?
   5. Sen. Lopez: Every person in the BA/MD program has a fully funded meal plan, but not a lot of them take that.
   6. Sen. Flores: I feel like this funding is more for their meetings
   7. Sen. Rivera: The monthly meetings are different than their meal plans. I would like the hear discussion on the BatCave
   8. Sen. Flores: I feel like line item 17 is something that is beneficial to their whole organization. This would help them figure out what they would want to go into.
   9. Sen. Hill: I feel like if any group was to come in and display what they want to do with their honorarium. And I feel like this group know what they're doing with their honorarium

iv. MOTION to table
   1. MOTION is seconded and passed
v. MOTION to recess until 2:45
   1. MOTION is seconded and passed
vi. Reconvened at 2:45
vii. Discussion (2/23)
1. Sen. Hill: Sweeping motion on line items 16 and 17 on DS1 to read $0
   a. MOTION is seconded and passed

19. Biology Undergraduate Society
   a. MOTION to open Biology Undergraduate Society
      i. MOTION is seconded and passed
        1. Sponsorship: BUGS has been established for 10 or more years. We provide resources, like a Kaplan partnership, and networking. All of our budget goes to WolfFest. WolfFest is to raise awareness about the Grey Mexican wolves. We have news sources broadcast this event. We need facility rentals for tents and tables for this event. We also need a budget for that. This is the event with the wolves on campus. We do this event to educate people about the grey mexicana wolves. This is a costly event to put on. We have to provide shade. We also have to get parking passes. We have to get insurance for this event. 2 years ago we were featured on KOB4. For our org, all of our money, except refreshments, goes towards this event.
        
        ii. Questions:
            1. Sen. Lopez: Out of the 43 undergrads, how many go to the weekly meetings?
               a. It depends. We changed our meeting times, and approx. between 15-20 people come.
            2. Sen. Rivera: How many tables and tents do you need? Where do you get these tents?
               a. We usually provide tents for the wolves, but we also have other orgs come to this event and table. We have about 6 tables at our last event.
               b. We get our tents from ABQ tents.
               a. One thing that we have been doing is hiring a Henna artist and all the money that they make goes to the Wolf Sanctuary. The honorarium will go to the Henna Artist.
            4. Sen. Flores: What is the date for this event?
               a. April 11th, 2021 but that is a tentative date.

      iii. Discussion:
1. Sen. Hill: MOTION to reduce line item 15 to read $0
   a. MOTION is seconded and passed

iv. MOTION to table
   1. MOTION is seconded and passed

20. Healing Harmonies
   a. MOTION to open Healing Harmonies
      i. MOTION is seconded and passed
         1. Sponsorship: This club has been around for four years. We go around to different retirement homes and play music for the people that are there. We go to certain nursing homes and assisted living homes to come sing. We volunteer at different places, we have increased our membership to some instrumentalists. We would like to increase our repertoire. We had moved some of our money around, we needed to print out music. Our request is about the same as it was last year.

   ii. Questions:
       1. Sen. Lopez: How many places do you visit?
          a. We try to go to about one place monthly. We have been trying to go to more places.
       2. Sen. Flores: I know that you guys do retirement homes, have you thought about doing things more on campus?
          a. We have not planned things before, and we do not see why not. We have never thought about doing that yet.

   iii. Discussion:
       1. Sen. Lopez: All emotions aside, they did ask for only what they need
       2. MOTION to table
          a. MOTION is seconded and passed

b. MOTION to recess until 8:45 on 2/23/20
   c. MOTION to reconvene at 9:06 AM on 2/23/2020

21. Panhellenic
   a. MOTION to open Panhellenic
      i. MOTION is seconded and passed

b. Sponsorship
   i. We are here because we need the help because we are trying to table at high schools and we are trying to table, and it's hard to do it with just the dues. We send out things to prospective students. We also have an
educational speaker that takes up a large part of our budget. For greek week we are helping pay for some food so we are asking for some help

c. Questions

i. Sen. Lopez: How much do you collect in membership dues per chapter? What is the biggest amount of money that you receive? How much do you collect in fines? How much do you have left over in your accounts at the end of each semester? Are the President’s meetings just Panhellenic?

1. In total from each chapter we do $12 per member and right now we are a little above $300. It varies each semester. Last year we got about $3,000.

2. We don’t do fines unless it's a recruitment infraction and it is about $50.

3. We usually don’t end up with anything, maximum about $200 or $300.

4. All presidents from all chapters. since Panhellenic is slightly larger, panhellenic will take about 45% of the food costs and then IFC and MGC share the rest

ii. Sen. Flores: Do you share your office supplies with the other orgs? The website maintenance, is that shared with other councils?

1. We all have our own cubicles so we each have our own materials. Some of the marketing materials will be for all councils. Right now we are working on a marketing team so right now it looks like it will only be panhellenic.

iii. Sen. Rivera: Why is the speaker so expensive? How important is that educational speaker for Panhellenic?

1. Bringing in someone who is qualified and doing something good for our community costs a lot of money, we have to be sure they have a place to stay and have to pay for the program.

2. Those are really important for us because now we don't have “Standards events” where we have to keep chapters accountable, but it's still important to give that resource to the community. This helps reinforce the purpose of our community. We also do a speaker for the New Student Summit and we want to educate them correctly so that they can properly represent us.
iv. Sen. Milan: What are the each dates for the post cards? Do you have any stats on how many interests you’ve gotten by mailing people? When is the membership experience for Panhellenic women? Do you always know the cost for the event?
1. We do day 1, 2, and 3 for recruitment so that's for the materials they need each day, that includes the budget sheets
2. I have talked to our advisor and most of it is for advertisement, so were not sure what's going on but think we should keep doing it since we haven't gotten much feedback about online advertising
3. It depends, last year it was an event for Panhellenic women and we talked about issues that we are all facing. We ended up having to buy a few things, but this depends each semester. It's always about that much because we have over 300 women so we have to provide those materials
4. Sen. Rivera: I see that you are requesting 45% for the greek social, why 45%?
   a. We split the cost with IFC and MGC and since we are the biggest council we put more money towards this, if we go up in numbers we will be in charge of 50%
5. Sen. Lopez: Are the receptions held during the summer? How many people actually go to those events and who are officers?
   a. Yes, usually we have our exec group which is 5 members and 8 rho gammas. At each of these, it varies based on who is there, and about 20-30 prospective members will be there per reception. Sometimes their parents come as well.

6. MOTION to table
   a. MOTION is seconded and passed

d. Discussion (2/23)
i. Sen. Lopez: sweeping MOTION to reduce lime items 13, 15, 17, 19, 21, and 23 to read $0 on DS1
   1. MOTION is seconded and passed
ii. Sen. Lopez: MOTION to reduce line item 11 on DS1 to read $300
   1. MOTION is seconded and passed
iii. Sen. Lopez: on DS2, MOTION to reduce line item 14 to read $2,275, 15, to read $130  
   1. MOTION is seconded and passed  
iv. Sen. Lopez: MOTION to reduce line item 11 on DS2 to read $50  
   1. MOTION is seconded and passed  
v. Sen. Lopez: MOTION to reduce line item 20 on DS2 to read $75  
   1. MOTION is seconded and passed  
vi. Sen. Lopez: MOTION to reduce line item 22 on DS2 to read $25  
   1. MOTION is seconded and passed  
vii. Sen. Lopez: MOTION to reduce line item 17 on DS2 to read $0  
    1. MOTION is seconded and passed  
viii. Sen. Lopez: sweeping MOTION to reduce line items 13, 14, and 22 on DS3 to read $0  
     1. MOTION is seconded and passed  
ix. Sen. Lopez: MOTION to reduce line item 12 on DS3 to read $100  
    1. MOTION is seconded and passed  
x. Sen. Lopez: MOTION to reduce line item 16 on DS3 to read $200  
   1. MOTION is seconded and passed  
xi. Sen. Lopez: MOTION to reduce line item 19 on DS3 to read $1,755  
     1. MOTION is seconded and passed  

c. Old Business  
   i. Deliberation on previous student organizations  
      1. MOTION to vote on 2020 budget bill  
         a. MOTION is seconded and passed  
             i. Passed  

d. Closing  
   i. ASUNM Senators  
      1. Sen. Milan: Good job everyone! Thank you for everything!  
      2. Sen. Rivera: I feel that this was very efficient and I am very proud of each of you and glad to work on such a great committee.  
      3. Vice President Lucas: Good job, you guys were very efficient. I would recommend going to speak to your agencies before the budget bill is passed. If you think of anything before, we can talk about the budget bill before it goes through.  
      4. Sen. Hill: This has been a nice experience  
   ii. Vice Chair:  
      1. Sen. Flores: I feel like we didn’t get off guard. I think everyone did a really good job of sticking through this!
iii. Finance Chair
   1. Sen. Lutz: I am really proud of everyone. This is the quickest spring budget hearing cycle ever and I have sat through 4 budget hearing and this has been the most efficient committee. Good job being thoughtful with all of this. The budget bill will go through next Wednesday and I would encourage you all to talk to fellow senators so if they have concerns have them talk to us.

iv. Adjournment
   1. Chair Lutz adjourns the Budget hearings at 6:47 pm
