1. Opening
   a. Call to order
      i. Vice President Lucas calls the February 26th, 2020 Full Senate Meeting to order at 6:00pm
   b. Roll Call
      i. All senators are present
   c. Approval of Minutes
      i. MOTION to approve the minutes
   d. Approval of Agenda
      i. MOTION to approve the agenda
2. Preliminary Business
   a. Guest Speaker: Brian Colón, State Auditor for New Mexico
      i. I have spent some time in this room in the past. It is always great to be here with the leaders on this campus. I come with gratitude. I want you to think about what you are doing right here for this campus, and what you do as leaders. There was a senator at NMSU who made many connections. This senator was the first in his family to go to college on very limited means. His father had passed away, but he did not have the means to get to Florida to bury his father. The relationships that you build today will be there for years to come. What you do today will be remembered 20 years from now. I can tell you the names and the faces of the senators that I had worked with. When I graduated from NMSU, I was able to live my father's dream and bring my family out of poverty. I had the privilege of serving on the GPSA, and I had helped the people that I had worked with. You will be the people that will determine public policy for the State of New Mexico. The relationships that you have today will help you work at something that you are passionate about. The work that you do tosya matters. The experience that you have today will serve you, no matter where you go. I had the privilege of working with Ryan Lindquist, and I am so pleased to see that he is your advisor. You all inspire me, you take me back to the days where no one could tell me no. When they put up
those barriers, we have to keep that fight and respectfully tell them no. We have lots of grants on campus to do research, but we realized that there was very little dollars to a lot of research that actually matters to the people. We were successful because we worked with ASUNM. Any work that you can do with GPSA, your power and capacity will exponentially increase. If you all can find a unified agenda, no one can stop you. I have been on both sides of the table, and if you continue to go on, you have to have the tenacity to live your dreams. I live a life of gratitude and service each day, and I know that you do as well. Be intentional about the news that you are spreading. Thank you for stepping up, thank you for running, and thank you for being part of the cultural centers. I urge you to increase the diversity of the voices at the table. I do not give my number out as a throw away, if you reach out to me I will respond as soon as I can. If you find a way to engage me, I will be so happy to work with you. Let me know what I can do to be helpful to your success. If people are not being responsive, let me lean in and do what I can to help.

1. Sen. Rivera: Thank you for being here. When it comes to politics, there are times where it feels overwhelming. What do you tell yourself to overcome those feelings?
   a. Everyday I get, they have all been an opportunity to inspire others. You will never hear me say that I am busy, it is just an opportunity to do a little bit more. When you have been on the life path that I have, you realize that everyday if a gift. The lense that we look through matters.

2. MOTION to increase speaking time until the end of Q&A
   a. MOTION is seconded and passed

3. Sen. Mondloch: I come from a similar background. Was there some advice that you got that inspired you?
   a. The relationships that you build day, make tomorrow better. Just know that the work you do today will work for tomorrow.

4. Sen. Olaguir: Did you say you did advocacy work for the resource centers? What work did you do?
   a. I was a big advocate for El Centro and the other ethnic centers. It was a little bit more of a struggle to increase diversity on our bench. We have made so much progress in this state. It was about funding, but mostly about giving them a voice. Giving people a place at the table is just as important as the dollars.

5. Sen. Lopez: As state auditor, what situations do you face that are specific to New Mexico?
a. The work that we do is critical. We talk about government accountability, but we haven’t put a lot of money behind it. Because of my limited resources, I am afraid that I am triaging the wrong cases. My staff is built on government wages, which is not competitive to private firms. There is no indication that we value civil service from the tone at the top. It was a big deal to be a civil servant for our grandparents, but that does not exist anymore. These servants choose to invest in our state.

6. Sen. Flores: What kind of changes would you like to see in New Mexico?

a. I think that we need to continue our transparency in government. For me, when I change public policy about transparency about private settlements. I am going to continue making people uncomfortable in the service that I do to engage the people with their servants. It is about engaging populations. My time is limited, and I want to mentor as many people as I can. Me pouring into others is the best thing that I can do to carry on this legacy. Our success in life will always be directly proportionate to the success that you help others achieve.

b. Guest Speaker: Associate Provost for Curriculum and Assessment, Pamela Cheek

i. Thank you very much for inviting us, and for getting me here on short notice. I have an action item that will go nicely with the previous speaker. This is a project that is critical to make people have access to opportunity at UNM and further. I want to identify the people who are at the heart of this project. You may have thought that I.T. is just for coding, but they are the most radical people for student support. For some of the incoming students, they are totally lost once they come into UNM. We have studied the issues that they have, and some students can find help, some students cannot. Structurally disadvantaged races have trouble finding the help that they need, as well as first gen students. Accessing resources is a huge problem that is inhibiting some students from succeeding. One of the biggest issues is actually through MyUNM. The login to UNM is very direct. There are some things that are on this website that are not necessary for all the students. What are the three most important things for students that are coming to UNM? New Student Orientation, and that is a challenge for these students to sign up. Housing is another important thing, but not all students have to live on campus. Students might want to connect with places on campus to help students find the emotional support and have the functional service support for all parts on this campus. Juniors and seniors have this whole thing down, and you need a different set of information
than the new students. We are trying to find a process that will show the road map of the different faces of students at UNM. The people that know what is supposed to be on the road map, is you. You are the people who will tell us the way that is the most effective way to design this. We are hoping to engage ASUNM in creating roadmaps to provide you with the information that you need for your life cycle. This would guide you through important things, including emotional support. There would also be a mobile version of it. In addition, we would be trying to implement some reminders and some success tips. We are asking for partnership with ASUNM, specifically in identifying students for student focus groups. We are looking for a dedicated team member, some beta testing and troubleshooting. We cannot anticipate everything, which is why we are looking for you. We can’t do everything, but we can build something that will provide equitable access.

1. MOTION to extend speaking time
   a. MOTION is seconded and passed

2. Sen. Jaffe: Would this be personalized to each of us, or for each year? Would this be able to check for different scholarships?
   a. There is not a typical student, which is exactly why we need this. Students come in with a variety of credit hours. We are looking to build this for basic cohorts, like transfer students, new students, students with credits, etc.
   b. The financial aid is specific to the people, and the other things are specific to the cohort. We are in the beginning that will be able to allow you to set this up for you. We need your input on what those cohorts will look like. I get passionate about what will work for you. This will not be a one-time roll out of a project, this will have the opportunity to update throughout the years, but we have to start with something. We will have an initial customization. These students will have to indicate that they have completed this task. Ultimately, we would love to have the website tell you that you completed this task, but that will take time.

3. Sen. Flores: I think that LoboTrax would help a lot of students, will the site help the students access that site?
   a. We have some great programs out there like LoboTrax, but they are hard to access. Students have challenges finding these websites. It is the first gen students, the financially disadvantaged students who have these issues. We need to be providing the students with this information.

   c. ASUNM President’s Report
i. President Biederwolf: For monthly initiatives, we are partnering with the LGBTQ and the Women's Resource Center for March. We are shooting for late March for our outreach event. For the agencies, Neon Skate down is tomorrow in the ballrooms, and this Friday is Lobo Day. They will be giving out 300 free t-shirts, this is a partnership with UCAM. They are doing a new graphic. Be there at noon for the photo. The President and VP debate will be March 2nd. NO ELECTION TALK IN THE OFFICE! The Budget Leadership Team will be meeting tomorrow. We have been working on this budget since September, and we will be presenting it to President Stokes. I would appreciate it if you all would come to this Budget Summit. With the ASUNM fee, we have lowered the student fee increase to 5.45%. This will provide a reserve for different departments on campus. We will be getting the approval for the ASUNM student government fee increase. The Central and Girard renovation was fully funded. Governmental Affairs did an incredible job on this project. We will be holding a student forum for the project designs. I will let you know when we will be having the forum.

1. Sen. Flores: For the Central and Girard renovation, is there a certain time that this project will start?
   a. We are trying to get this project rolling as soon as possible. I would say that this project will be done within the next year.

2. Sen. Jaffee: Are we supposed to go to the fee proposal?
   a. If you can, yes.

d. ASUNM Vice President Opening Remarks
   i. I have a list of senators that sent out their emails, please send those out! If you don’t send those out, you will receive a demerit. If you are going to be late to office hours, please let me know. Be sure to make up those office hours if you miss them. Please speak up! Shout out to everyone that showed up with the Budget Hearings. The Finance Committee did a great job.

ii. Senator Accountability
    1. none

e. ASUNM Executive Agencies
   i. Arts and Crafts Studio
      1. Sen. Hotz: They host ceramic workshops. They will be having tiling workshops March 4th and April 1st from 12-3 pm.

ii. Community Experience
1. Sen. Jaffe: The Ronald McDonald House went really well. The Blood Drive went amazing, there were a lot of walk ins. We have two tickets to Popejoy to give away, as well as a Chick-Fil-A gift card. There is the You Deserve day coming up, so keep your eyes peeled.

iii. Elections Commission
   1. Sen. Corona-Castañeda: Exec. Director Moe said that you cannot talk in the office about the election, and submit questions to him for the forum.

iv. Emerging Lobo Leaders
   1. Sen. Musa: The ELLers have met with the executive office last week. They will be picking mentors soon. Please come to the meetings.

v. Governmental Affairs
   1. Sen. MacSaveny: They will be working a lot with the Census. They are working to have an event to have people come fill out the census and do outreach.

vi. Lobo Spirit
   1. Sen. Zank: They have a really busy week. They have their Neon Skate down, they are still looking for volunteers. Friday is Lobo Day at 11:00, get there early if you want a T-Shirt!

vii. Student Special Events
   1. Sen. Milan: They locked in the Fiestas line up and are finishing up their contracts. During April 1st, they will be having a co sponsorship with El Centro. They will be having a cultural stage at Fiestas. They will be sending out tabling info for orgs for fiestas.

viii. Southwest Film Center
   1. Sen. Molinar: They will be showing the Graduate. They also have the Reel Club for people interested in film. They will be having a campus movie fest to give people the ability to create their own movie.

f. Joint Council
   i. Speaker Knight: I would like to thank the senators who came to the Joint Council last week! I do not have any updates for you, but SSE and GEO will be cosponsoring the International Fair. There wasn't discussion on Bill 6S. We did not get to talk about finance appropriations because I did not have them. When I looked over the appropriations, everything seemed to be following standing rules. That was all that we discussed!

g. Boards and Committees
i. Sen. Regalado, with the Student Publication Board: This Friday, I got an update to the Best Student Essays. They are reviewing submissions for that. We discussed Daily Lobo articles, the student fee, and more business. We will be going through editor applications. If you would like to speak with the Daily Lobo, please let me know!

h. Public Comment
i. Justin Garcia, Mikayla Grabhaling, Daily Lobo: We are here to talk about a bill that will decrease the funding for the Daily Lobo. This decrease would take away student salaries. If you look through the articles, you will see things that you will probably have already seen. You can see that the page views show that the students are engaging. 2015 was an increase of views because that is when we stopped printing daily, now we are printing twice a week. If you have any questions about anything that we do, please let me know! We are trying to be as transparent as possible. This is here to support students. If you have any suggestions for us, please let us know. We are here to support the students and the community. What is not on our highlights is UNM administration articles. The Daily Lobo has filed 250 ippers this year, when we request for documents from the University. There are a lot of transparency issues that go on that we report on. Without funding, who will report on important things that happen? If this bill were to pass, you will be hearing a speech from me multiple times if it passes through. This sucks that we have to do this. We are here until midnight every Wednesday. Student publications are not just the Daily Lobo. This is a whole group of students that are getting credit.

1. Sen. Harris: One of the article examples that you are using, I would appreciate it if you were more sensitive when someone passes away. That day was pretty rough. How someone passes away affects a lot of people.

ii. Bella Davis, Limina: We are previously Best Student Essays. We have existed at UNM since the early 80s. We have been publishing student nonfiction work. Most of the students that we have published have never been published before. The experience that the training experience gives is amazing. A lot of journalism jobs require one year of experience, and I have gotten that with Student Publications. We are here to show you how valuable student publications are. For the students that have been involved with this is an important experience that they will have later in life. This situation allows for students to gain a better relationship with their professors. UNM is great, but if you want to have public engagement, student publications on campus is a great way to do this. Part of the
ASUNM mission statement is “strive to enhance and enrich the experience... we are a body that will keep every student informed.”

1. Sen. Rivera: Where do I get this magazine? What would be the impact that you foresee with the decrease in student publication?
   a. All of our magazines are free. We are working on broadening our range of distribution. This was part of our rebranding effort. The past editions are free, and we have a digital archive.
   b. We are operating on a very small budget. If we lost this funding, I do not know how this funding would continue on. We would have to fundraise, and that could take away from the purpose of the magazine. The less funding that we have, the less students that can be involved.

2. Sen. Flores: Why use the vocabulary to “defund” instead of “decrease” the funding? A lot of student orgs have to face cuts as well, and that is only fair.
   a. That was the wrong word.

3. Sen. Flores: MOTION to extend the speaking time until the end of Q&A
   a. MOTION is seconded and passed

4. Sen. Hill: I have personally spent a lot of time rearranging the funding. There are a lot of groups that have faced extreme cuts and no longer exist because of the lack of funding. I think that this is a sacrifice that this school has to go through.

5. Sen. Olaguir: I am a big supporter of the arts, but I have not heard of this magazine, how do you spend the name?
   a. LIMINA

6. Sen. Musa: Do you currently have any fundraising efforts?
   a. We do not.

iii. World Affairs Delegation: I am here tonight to represent the World Affairs Delegation. We are among the older student groups on campus who are involved in Model UN. We go to conference events and work really closely with HS around the state. We are a robust org. We do a lot, and I am sure many of you have seen our bake sales. I think that this is a really valuable program. This has helped me build my public speaking. This has also expanded my knowledge of the UN. We have a really strong presence on campus. We are requesting funding for a third collegiate conference. We have only attended two conferences every year in the past. In addition to those two conferences, we are expanding our program this year to have people attend when they cannot make it to the international conference. We have been weighing this and trying to get to a third conference, but we are really excited to offer this to our people this year. The total amount is...
$810, mostly for conference fees and travel fees. This is a shockingly small number of items, as we usually have to request for a lot of money. I just want to impress upon you how much of an opportunity this is for the students. This has helped me. I hope that you pass our appropriation in full, as it was passed in full in the Finance Committee. Thank you all for the work that you do. I would like to thank some of our members that have come out. If you have any questions about our organization, please let me know!

iv. Delta Sigma Pi: We are a professional co-ed business fraternity on campus. We are going to a national conference in Denver. Unfortunately, not many people have been able to go to our past conferences. We were able to have a low cost way for many people to go. Our appropriation is asking for travel expenses. This would make it easier for everyone to come to the event. The event that we are going to is the Lead Provincial Conference. Many members of this fraternity will be going to lectures and congregate and have a good time.

v. TableTop Tavern: We are a rather new club at UNM. I do understand that there are a lot of budget constraints. This org allows for a different ability of the students. We are fun organized. This is for students who would not take the time to go and fund the opportunities and meet with other people. We offer the opportunity to go and meet with others. This helps people relax in a very different way. Our appropriation is mainly for expanding. We are hosting a board game event night, with other clubs.

1. Sen. Flores: When are your meetings?
   a. Friday, 4-6. We have a website, discord, and social media accounts.

i. ASUNM Senators
   i. Sen. Zank: Originally this bill would be a complete cut, but we have changed it to 5% decrease. I sent the best student essays the wrong email.
   ii. Sen. Olaguir: For the volunteer event tomorrow, who do I contact?
      1. Jacob Chiefus, he is the volunteer coordinator for Lobo Spirit
   iii. Sen. Regalado: I would like to thank all of the students that came for public comment, I appreciate your input.
   iv. Sen. Rivera: If you have any questions about the finance business, please ask us. Our hours are posted on the website.

j. Attorney General Law Book Edits
   i. None, but if you are interested in getting involved in a Law Book change with abstentions, let me know!

3. Business
   a. Finance Committee
      i. Sen. Lutz: Before I go into business, we did finish the budget hearings. We went over 70 orgs, we have to cut a lot. The decisions that we had to
make were not easy. If you have any questions or concerns about the budget bill, please let me know. It is hard to hear bad discussions about the finance committee. We had heard 18 appropriations. If you had asked for funding through the budget, you cannot get funding for theatre in an appropriation.

ii. Appropriation 16S - Society of Physics Students
   1. MOTION to open
      a. MOTION is seconded
         i. Discussion:
            1. Sen. Hotz: I encourage everyone to fail this motion so we can block vote the appropriations
      b. MOTION is failed
   2. MOTION to block vote the appropriations
      a. MOTION is seconded and passed
         i. Sen. Lutz: This is for the Society for Physics students in the four corners business conference. We had to change a category. We made changes to comply with standing rules.
         ii. Sen. Regalado: This is great, lets move to the next bill.

iii. Appropriation 17S - InterVarsity Christian Fellowship
   1. Sen. Flores: They are requesting funding for a spring break trip. We have cut their travel airfare as they only had one member traveling by train, which was not fair to the rest of the group.
   2. Discussion:
      a. Sen. Flores: This group always does a great job with their appropriations

iv. Appropriation 18S - UNM American Nuclear Society
   1. Sen. Hill: They were asking for money to go to a conference, We cut down travel per diem to comply with standing rules.
   2. Discussion:
      a. Sen. Lutz: They were really detailed and ready for the meeting.

v. Appropriation 19S - Nepali Students Association
   1. Sen. Milan: They are requesting money for their Holi Festival. We had cut the funding for refreshments and food, as they already have that in the budget. We also decreased other costs as GPSA is funding them as well.
vi. Appropriation 20S - Bangladeshi Student Association
   1. Sen. Rivera: They are requesting money for refreshments and food for an event that they are trying to hold. We reduced the amount for food and rentals as they had already requested these funds in their account from their budget.
   2. Discussion:
      a. Sen. Lopez: With a lot of these groups, we recommended that these groups do a budget revision as they are unable to request funding for the same event.

vii. Appropriation 21S - Trumpet Guild
   1. Sen. Lopez: We heard from this org, they are pretty cool. They do a trumpet week that allows for different musicians in the music department to meet with a professional.

viii. Appropriation 22S - Tau Beta Pi
   1. Sen. Lutz: This is an engineering honors fraternity. They are requesting fun signs for two different events. We had to cut to follow standing rules.

ix. Appropriation 23S - Muslim Student Association
   1. Sen. Flores: This group is new on campus. They are funding for a fast-a-thon. This is a huge event during Ramadan. I would recommend checking this org out. They filled this out perfectly.
      a. Discussion:
         b. Sen. Lutz: I have seen a lot of orgs, but they are extremely organized. They stressed that anyone is welcome to come to these events.

x. Appropriation 24S - Iranian Student Association
   1. Sen. Milan: They are having a new year event on March 28th. We had to make cuts because they had already asked for this funding in their budget, and their request was not in standing rules.

xi. Appropriation 25S - College Democrats
   1. Sen. Rivera: They are requested funding for climate activism in New Mexico. There will be various speakers at this event. We had to cut the honorarium due to our standing rules.

xii. Appropriation 26S - Health Professions Symposium
   1. Sen. Lopez: they put together a giant event for all the people who are interested in the health professions. They need supplies for their event. They had asked for food in their previous budget, We gave them funding for advertising. We lowered the educational materials as they had gotten a sponsor.
2. **Discussion:**
   a. Sen. McKim: I am confident that the committee had made smart cuts.

xiii. **Appropriation 27S - Women In Computing**
   1. Sen. Lutz: They are requesting funding for the grace hopper conference. They are asking for a conference guest speaker, who is not a UNM employee. We had to cut the registration fees. We also had to reduce funding for t-shirts, as we are not allowed to give funding to orgs that will give things out for free.

xiv. **Appropriation 28S - LoboTHON**
   1. Sen. Flores: This is a year long philanthropy event. They are requesting funding for their Miles For Miracles event. I encourage everyone to go. They are also requesting funding for their conference in Atlanta Georgia. They do get outside funding, so we did cut some things for that.

xv. **Appropriation 29S - Delta Sigma Pi**
   1. Sen. Hill: They are requesting funds for two vehicles for a conference in CO. They were funded in full.

xvi. **Appropriation 30S - UNM CKI**
   1. Sen. Milan: UNM CKI asked for two different trips. One in AZ, and one in DC. We funded them in full.

2. **Questions:**
   a. Sen. Chioda: Is that 50% of the registration?
      i. Yes.

3. **Discussion:**
   a. Sen. Lutz: They filled this out perfectly

xvii. **Appropriation 31S - World Affairs Delegation**
   1. Sen. Lopez: This is the world affairs delegation. They have always come into full senate. They are specifically talking about AxeMUN. We funded this in full.

2. **Discussion:**
   a. Sen. Jaffe: I really respect that this org came and spoke to us.

xviii. **Appropriation 32S - Tabletop Tavern**
   1. Sen. Lutz: We recommend that this appropriation get funded in full. We feel comfortable funding him in full.

2. **Discussion:**
   a. Sen. Flores: They are relatively new, but they have really gotten their numbers up. I really recommend going and
checking out their meetings. They had a Cards Against Humanity tournament.

xix. Appropriation 33S - Black and Gold
   1. Sen. Flores: They are just requesting funding for a grill to have some quality time. Their appropriation is very straightforward.
   2. Discussion:
      a. Sen. Regalado: They had come in for a budget, but it did not pass.

xx. With a vote of 18-0-2-0, the Appropriations are passed

b. Steering and Rules Committee
   i. Sen. Regalado: Constitutional Amendments are due by this Friday or they can get on the Senate election.
   ii. Bill 6S: Revision to Scholarship Committee in Definitions Code
      1. MOTION to open Bill 6S
         a. MOTION is seconded and passed
            i. Sen. Regalado: This is a change to the definitions code. Previously, when I had transferred last semester's business, I had realized that the Vice President is the chair of the Scholarship Committee, so we just made it official.
            ii. Discussion:
               iii. Sen. Maus: We did have a lot of good discussion in committee about this. I think that we should pass as is.
               iv. Sen. Lopez: MOTION to vote by acclamation
                  1. MOTION is seconded and passed
                     a. Bill 6S is passed

c. Outreach and Appointments Committee
   i. Sen. Musa: We had three appointments this week
   ii. Sen. Hotz: MOTION to block vote the appointments
      1. MOTION is seconded and passed
   iii. Appointments
      1. Gregory Romero, Boards and Projects Director
         a. Sen. MacSaveny: He has shown that he is very organized, has good time management and will do a great job. He can hold both positions because they are stipend positions.
      2. Jacob Chicas, Lobo Spirit
         a. Sen. Harris: He has experience with programming for events. He has work experience and he has a lot of excitement for this position.
i.  Sen. Zank: He has been doing a great job with all of the volunteer meetings!

3. Tanner Bollinger, Lobo Spirit
   a. Sen. Jaffe: CE shares the office with Lobo Spirit. He is a really good guy, his resume is really packed. He would be a great fit.
      i. With a vote of 17-0-3-0, the appointments are passed

iv. Outreach
   1. Sen. Musa: We just finished up tabling, and we felt like we were able to outreach to students. We are hoping to have one more event to talk to the students about the fee increase.

   d. Joint Committee Reports
      i. none

4. Closing
   a. ASUNM Closing Comments
      i. Sen. Lutz: Please please please come talk to us about the budget bill. The only people that can really help you with understanding the budget bill is a finance senator. If you bring up potential changes to the bill in Full Senate it will be a long meeting
      ii. Sen. Lopez: Come to the Center for Financial Capability to get your taxes done for free, hit me up, look at our website CFC.unm.edu
      iii. Sen. Flores: You should feel free to contact us. If you want to meet outside of office hours, please let me know. Thank you to the non-finance senators who came to the budget hearings! If you want to make a pot, please let me know, I love the arts and crafts studio! They are doing a partnership with CE to make self care items, they are also having therapy dogs from the SHAC.
      iv. Sen. Jaffee: To follow up, the treat yourself day is also coming up, it is on March 11th in the SUB atrium, SHAC will also be there. I did not get a template to fill out for the outreach hours? Also contact me for the opportunity to help kids with cancer.
      v. Sen. Rivera: I always tell myself that I am better than a shameless plug. College Democrats meet before senate every wednesdays. We would love to have people to come to our meetings!
      vi. Sen. Flores: One more thing, there is a facebook page, if you are not on it, let someone know, and President Pro Tempore Hotz put this on Facebook so you can also look for it there.
vii. Sen. Zank: I’ll be submitting my bill on Friday, if you have any questions for me, please let me know.

viii. Sen. Regalado: Thank you, I want to commend the finance committee for doing budgets last week. I also am sorry for overreacting, I still don't fully agree with them, but I do recognize all the work they put into them.

b. ASUNM President Pro-Tempore
   i. Sen. Hotz: If you have not been attending your office hours, please send the email to the pro temp email and the VP email. Also please have proof. I posted the outreach hours form in the Facebook Group, but I know that not everyone has Facebook. I attached a screenshot of the lawbook to break down what the lawbook said.

c. ASUNM Vice President Closing
   i. I want to shout out everyone in the public who came and I want to shout out our ELLer in the back as well. O&A is going to be tabling to educate about the student fee, so if you are able to help out remember you are there to educate people, not to sway them one way or the other. Make sure that whenever you have people in the room or we are going over business, be sure you pay attention. All of these things are important. Also, thank you everyone.

d. Adjournment
   i. Vice President Lucas adjourns the February 26th, 2020 Full Senate meeting at 8:35 pm.
