   a) No questions

4. Discussion
   a) Sen. Modloch: Seeing as in our Pre S&R discussion we decided to fail this, I do think that the crux of it is really important but there are a lot of technical changes, so I think we should fail and re-submit this.
b) Sen. Molinar: I commend the author as it is very important but think we should fail this because there are so many changes.

c) Sen. Mondloch: MOTION to vote
   (1) MOTION is seconded and passed

5. Resolution #1S is failed with a vote of 0-5-0-0

3. Questions
   a) Sen. Zank: Why is it being sent to ASUNM and so many other people at the University?
      (1) Sen. Mondloch: I think the intent behind it is to promote ASUNM support of the Census and by sending it to marketing directors, it can be promoted

4. Discussion

      (1) MOTION is seconded is passed

      (1) MOTION is seconded and passed
   f) President Pro Tempore Hotz: I think we should discuss line item 24 some of the wording does not make sense
   g) Sen. Zank: I agree, grammatically it does not sound right
   h) Sen. Maus: MOTION on line 24 to change “inform” to allocate
      (1) MOTION is seconded
         (a) Sen. Mondloch: Friendly amendment to change this to “allocation of”
(i) Author accepts
(b) Sen. Corona Castañeda: Maybe “allocating” could work too
(c) Sen. Mondloch: If we change this to allocation of, it will be in the future tense
(d) Sen. Maus: Technically, I think it should stay with allocate, to go along with the tenses of the other verbs.
(e) Sen. Mondloch: I brought forth allocation of because the verb “will determine” applies to the following actions, which is why I proposed it this way
(f) Sen. Zank: Friendly amendment to add “the” before “allocation of”
   (i) Author accepts
(g) President Pro Tempore Hotz: I think this is still unclear
(h) Sen. Mondloch: While it does make sense, I think it would have to be in a separate clause, so I think in its current form, this is the correct grammatical form of the sentence.
   (i) Sen. Zank: MOTION to vote
      (i) MOTION is seconded and passed
   (2) MOTION is passed
   i) Sen. Mondloch: Sweeping MOTION to replace census with “U.S. Census” on lines 20, 24, 31, 34, 38, 41, 44, 47, 51, and 53.

      (2) MOTION is passed
   j) Sen. Molinar: MOTION to strike “(SNAP)” on line 36
      (1) MOTION is seconded
         (a) Sen. Zank: Why?
            (b) Sen. Molinar: This is the only time it is mentioned so I don't think it is necessary
      (2) MOTION is passed
   k) Sen. Mondloch: MOTION to strike “US” before Constitution on line 20 and replace it with “U.S.”
      (1) MOTION is seconded and passed
   l) Sen. Mondloch: MOTION to add “U.S.” on line 61 before both instances of Senator
      (1) MOTION is seconded and passed
   m) Sen. Mondloch: I would encourage someone on the committee to explain how we should address Representative Deb Haaland.
n) Sen. Zank: I think it would be best for us to say “U.S. Representative”
o) President Pro Tempore Hotz: I think either U.S. is fine or NM District 1, but I think U.S. Representative sounds better.
p) Sen. Zank: MOTION to strike “District 1” on line 62 and add “U.S. before Representative”
   (1) MOTION is seconded and passed
q) President Pro Tempore Hotz: On line 24, you could say “as well as” instead of “and” so it is more clear
r) Sen. Zank: MOTION to add “and” before “the allocation of” on line 24 and “as well as” on line 25 before and provide
   (1) MOTION is seconded
   (a) Friendly amendment to strike the “,” after representation on line 24 and strike the word “And” before provide on line 25
      (i) Author accepts
   (b) Sen. Maus: I think we could say “and will provide”
   (c) Sen. Mondloch: I think that this could work but I worry about the run on sentence
   (d) President Pro Tempore Hotz: VP Lucas suggested this so it's not a run on
   (e) Sen. Mondloch: This is becoming a personal preference thing, and it is grammatically correct so we should pass this as is
   (2) MOTION is passed
s) Sen. Zank: MOTION to add “(UNM)” on line 28 after University of New Mexico
   (1) MOTION is seconded and passed
t) Sen. Mondloch: I would encourage adding “UNM” before Chief Marketing Officer and other titles

   (1) MOTION is seconded
   (a) Sen. Molinar: On line 65, It reads UNM University Marketing director?
   (b) President Pro Tempore Hotz: I think the official title is UCAM Chief Marketing Officer. We could instead say “UNM Director of Marketing”
   (c) Sen. Molinar” Friendly amendment to strike “University” on line 65
      (i) Author approves
(d) Sen. Zank: Friendly amendment to strike “the” before Vice President of Student Affairs (i) Author approves

   (1) MOTION is seconded
   (a) Sen. Molinar: Are we ready?
   (b) Sen. Maus: Given that we struck “the” on line 62, should we also strike it on 63
   (c) Sen. Zank: I suggest we fail this so we can fix a few more little things
   (2) MOTION fails
y) Sen. Mondloch: I believe “the” can stay on line 62, because it is a board, not an individual
z) Pro Temp Hotz: On line 44, we need a comma after staff
aa) Sen. Zank: MOTION to add a comma after “staff” on line 44
   (1) MOTION is seconded and passed
bb) Sen. Zank: The UNM Alumni is also a group, so I think we should just take out the “the” in line 62 all together
cc) Sen. Maus: MOTION to strike “the” in line 62 before “Board of Regents”
   (1) MOTION is seconded and passed
dd) Sen. Maus’ MOTION to vote
   (1) MOTION is seconded and passed

5. Resolution 2S passes with a vote of 5-0-0-0

IV. Closing
A. Closing Comments
   1. Members of the Committee
   a) Sen. Mondloch: Good job today, I think it was important we passed this because we are an entity that should care about this!
   b) Sen. Maus: I think we did a lot of good work on Resolution 2S tonight, and I think we did a good job editing it. I'm glad we got through it quickly and I look forward to next committee meeting
   c) AG: Great discussion, although it is not ideal to be editing this much in committee, it was a good opportunity for us all to know what a resolution should look like. Remember for next time we only want the best legislation in committee so we don't have to make as many changes. I do want to commend everyone who worked on this as it is important
   d) President Pro Tempore Hotz: It is important that we get this out before the Census begins so I commend you for sticking through this. For all of you here, please talk to the
other authors of Resolution 1S so we can get that back through will fewer changes. Great job today!

2. Vice Chair
   a) Sen. Zank: Good job tonight everyone, I think in the future we encourage senators to send this to more people, so I commend the authors but in the future, i think this needs to be done outside of committee.

3. Chair
   a) You all did an awesome job tonight, we were really efficient. It's not ideal to make all these changes but seeing that the census is quickly approaching, it was important to get this passed. For S&R business, since we have spring break off, all bills need to be submitted Friday of spring break. You rocked tonight, and doing it really helps you learn.

B. Adjournment
   1. Chair Regalado: I call this meeting to close at 6:56 PM.

3. New Business
   a. Appropriations
      i. Appropriation 34S – Deviate
         1. MOTION to open Appropriation 34S
            a. MOTION is seconded and passed
               i. Sponsorship Speech: We are a campus ministry. We are asking for funds for our spring retreat. We will be leaving Friday, March 13th, and we will be there Saturday and leave on Sunday. We have 25 people going, 23 undergrads. This is to get away and to meet with other groups and to connect.

               ii. Questions:

               iii. Sen. Olaguir: Is the registration the full amount?
                    1. Yes, that is the full amount. This is all inclusive of meals, lodging, etc.

               iv. Sen. Flores: How do you choose who gets the money from the registration fees? Do you have a quote for travel? Will the food go to the food on the road?
                    1. We have students who go and pay out of pocket or fundraise. The extras that we have that are going, or the people who cannot pay will get some extra funds. The $500 would be divided up among the people who sponsor them
                    2. Yes, I can scan them and email them, or I can give it to you now.
                    3. Between the 14 combined hours of driving, we will be stopping for food.

               v. Sen. Rivera: What are you guys going to do on this retreat? You are leaving on Friday, staying Saturday, and leaving Sunday?
                    1. This is a time to get away from Albuquerque, but there are structured classes and time to build awareness, education, understanding, and faith during this time. The students get the time to build meaningful relationships.
                    2. Yes, that is correct.
vi. Sen. Olaguir: Has there been sponsors who have given money yet? Would this money go directly to the sponsors?
   1. Not of my knowledge, there have not been sponsors yet.
   2. Yes, that money would go to the sponsors. The money would be divided up among the people, but the sponsors would also get some of the funding.

   1. The sponsors have always been outside sources. If the person can find the time, we will fund the funding. We will ask people from our church to help pay for the people. Typically, they do not want the money back.

viii. Discussion:
ix. Sen. Flores: I would like to hear discussion about 8 and 15, mostly 8, as they are getting food.
x. Sen. Lopez: With line item 8, I think reducing it by at least 1 unit. Lodging is covered with the fee.
xi. Sen. Rivera: I feel that we should cut it one unit as they are there two nights.

xii. Sen. Lopez: I think in total, maybe $50-$100, as Friday they are not getting a meal, and they will need to eat on Sunday.

xiii. Sen. Flores: MOTION to reduce line item 8 to read $0
   1. MOTION is seconded
      a. Sen. Hill: Friendly amendment to have line item 8 read $150?
         i. I was planning on doing that in a different motion on another line item.

ii. **Questions:**

iii. Sen. Milan: Is the event free?
   1. Since this is an education event, we are keeping it free.

iv. Sen. Flores: Where is this facility located?
   1. It is located on Morningside and Central.

v. Sen. Rivera: What exactly is going to be talked about at the workshop?
   1. Since we are an Asian org, we are basing things on our culture. We are talking about consent, talking to friends about abusive relationships, empathy based active listening, and LGBT relationships.

vi. Sen. Milan: Do you know how many people are planning on going?
   1. There are two nonprofits that we will be working with, one with the University and one that is city wide. We are estimating about 25 people, but there could be more.

They will learn more about what is expected of them when they enter into this field.

ii. **Questions:**

         a. The budget revisions are passed

4. Old Business
   a. Review Spring 2020 Budget Bill
      i. Sen. Flores: I’m pretty sure that we have gone through the recommendations, I think that this time slot was for those people to come and speak with us, but they are not here. I think that we should move into our closing comments, or we can fix some things.
      ii. Sen. Lopez: I completely agree with a previous senator. We were as fair as we could be. We put a lot of work into this, and they did not show up tonight.
      iii. Deputy Chief of Staff: I know that Sen. Regalado would like to come but he is a little busy, as he is still in committee. We had looked at taking out the $28,000 and redistributed back to the salaried positions. We understand why those cuts were made, but we would like to relook at that. Decreasing the amount of jobs decreases inclusivity. We would like to reinstate those positions. We would like to fund those salaries in full. We
know that we have to allocate money to the new minimum wage. One cut that we had looked at was lowering the tuition coverage for the Vice President and President. We also were thinking about taking some of that money from balance forwards. We did want to keep the Elections Commission Commissioners as stipends. One thing that was reiterated to us was that the agencies did not know that they had to fight for the positions, not just the events.

1. **Questions:**

2. Sen. Flores: How many, if any, budget hearings did you attend? I noticed that the new budget revision for SSE is a lot less than what they have been cut, and with the budget that you have provided cut them so that they cannot fund Fiestas. A lot of the agencies were comfortable with the cutting of positions as they were not necessary.
   a. I was unable to attend any. I did go through the minutes though. I was also getting feedback from Senator Regalado and Chief of Staff Silva. I do not want to discredit the Finance Committee, but we also need to look at checks and balances.
   b. I understand that the cuts were harsh, but they could do balance forwards. A lot of the discussion from SSE could be them getting money from Balance Forwards.
   c. The only talk was about SSE, and they did say that. Executive Directors were not able to differentiate the different duties of the positions, but they overlap the positions. The only questions that were asked about the positions were SSE and not the other agencies.

3. AG Montoya: We do not want you guys to feel that we are not appreciative of all the work that you are doing. We are trying to look at the legal standpoint of things. My question is the justification for not funding the minimum wage increase that will happen in January?
   a. Sen. Flores: One thing that was also brought up was decreasing the funding for tuition for Prez and VP which is against the lawbook. Every agency asked us about the minimum wage increase, which is why we did not put that into it. We are not relying on balance forwards, we are making a special appropriation.

4. Sen. Regalado: the funding for tuition is not in the Lawbook
   a. Sen. Flores: I had to look that up, in the past, the Finance Committees have tried to take away.

5. Sen. Regalado: I do not remember any questions being asked about the positions.
   a. Sen. Lopez: I made sure to ask the difference between the positions and which ones overlap.
6. AG: The Lawbook does not say that we have to fund any position. Was it just asking them which position did what?
   a. Sen. Lopez: We asked to see which positions do what and where the overlap was.
7. Sen. Rivera: Your main concern is the lawbook, my question is why we can’t change the lawbook?
   a. AG: We implemented this rule because the balance forwards are not reliable. I would not recommend changing the lawbook about the balance forward salaries.
8. Sen. Rivera: We aren’t guaranteed the increase in student fees either. There could be a justifiable change in the lawbook.
9. AG: I don’t think that we should do something, then change the lawbook. If someone were to bring something to ASUNM, I would have to find a backing to this and I currently do not.
10. Sen. Rivera: ASUNM does get a lot of money, and reverting this money to ASUNM looks bad. I do not hear any fight to put this back to the orgs. ASUNM gets 85% of the funding, and the orgs get 15%. I feel that's kinda iffy to me.
11. Sen. Regalado: With the orgs, the cuts were made to the standing rules. We cut every org fairly and evenly.
12. Chair Lutz: The Agencies do not have Standing Rules.
13. Sen. Rivera: We tweak the standing rules depending on what funding we have.
14. Sen. Hill: Less than 10% of our student body participates in our elections, and you talk about inclusivity. And to me, Inclusivity would be giving the funding back to the students instead of giving it back to us. The orgs do not get the same opportunity that the agencies do because they are not directly a part of ASUNM. I sat in that room for two weekends. The Agencies do get a say, but the orgs did not.
15. Sen. Flores: Sen. Regalado, You were there for all of the conversations, I am wondering why you did not say anything during the deliberations.
16. Chair Lutz: There was not $28,000 left over, that money was CUT from SSE, so that they would be able to function. This is still LESS money than they have received in the past four years.
17. Sen. Flores: When we had cut positions, we had brought in the timesheets and it shows that they are not working the full amount that they are budgeted. If the people are not using the money that they have been given, why would we keep funding that, if they have not needed it. A lot of agencies will copy and paste their budgets year after year. The money for SSE was not extra money, that money was already cut from their budget. We had to sit and make these really hard decisions. SSE gets around the same
amount of money every year. The “extra money” that they were
given was money so that they could function.
18. AG: For the budgets that they had put together should be a
reallocation of funds. This money was to reallocate funding to the
salaries. I know that student orgs are a whole different story. SSE
can get funding through balance forwards.
19. Sen. Lopez: We did not fund salaries in full because we did not
know how the University was going to handle it. Also it wouldn’t
matter until Jan 1, when the law takes place. I also did not like the
secrecy behind this, and this firestorm you created is not real, and
they understood the cuts, and the next time I hear about it is when
you email us all your revisions. I do not appreciate the secrecy. I
do not appreciate it.
process would be a lawbook change. There is a surplus that the
agencies have. It is a waste of money when we could give this
money to chartered student orgs.
21. Chair Lutz: We are talking about funding salaries and events from
funding that we are not guaranteed. As a finance committee, we
are checking the agencies about what positions are being used and
are completely useful.
22. Sen. Flores: Reallocating money from balance forwards to Fiestas,
instead. This is the same amount, just switching which money goes
where is guaranteed.
23. AG: I’m coming from the point of view that we cannot guarantee
any money, so that we can give money to the salaries, and the
money that we can give from balance forwards to Fiestas. We have
more flexibility with the programs.
24. Chair Lutz: Did anyone who came up with this new budget
actually speak to the agencies about why these positions were
essential?
25. Sen. Regalado: Why do we have these positions now if they are
not necessary?
26. Sen. Flores: All of these positions come from the director. If the
director next year needs these positions, they can make this
position. In the end, it is what the director feels. We take into
consideration what the director needs.
27. Sen. Regalado: The lawbook has these positions, so they are
necessary.
28. Sen. Hill: If we are not being in compliance, let’s find a solution
29. Chair Lutz: I know that you have said that you appreciate the work
that we did, but it feels like this is a way of negating the work that
we have done. It just feels that our work is not appreciated.
30. Sen. Regalado: We do not have to agree on this, and if we were not
passionate about this, then we would not be here. My solution is
sitting down with each agency and seeing exactly what they need. We are not being productive going back and forth.

31. Sen. Hill: I am not just trying to argue, we have talked to the agencies twice. They have not come to us and talked to us.

32. AG: On this end, we are going in circles.

iv. Discussion:

v. Sen. Flores: I think that we should start moving into our closing. This isn’t an issue that we should discuss right now. All of our office hours are online and you all have our personal numbers. This is not something that should be brought up in our committee. This should be discussed in Full Senate or in an outside meeting.

vi. Sen. Rivera: I think that this would be something that both sides work with. I feel that the budgets that we passed were as sparse that we had made them. These problems could be fixed with a lawbook change. In the way that agencies told us. We did not come up with these conclusions ourselves.

vii. Chair Lutz: We did encourage all senators to reach out to us, which none have. But we are planning on doing a presentation on the cuts that we made and why.

viii. AG: There is a really good reason why we cannot fund things through balance forwards. Changing the law book seems like a temporary fix to a permanent problem. With lawbook changes, make sure to go through the correct people.

5. Closing

a. Members of the Committee

i. Sen. Rivera: No hard feelings, let work as one. There should not be any reason for any hard feelings.

ii. Sen. Milan: I just want to congratulate the Finance Committee because we know that we made the decisions as best as we could.

iii. Vice President Lucas: You all were faced with a big challenge this year. There are going to be multiple solutions proposed, just keep your minds open. I know that you all had to face a very tough situation. We still have time to work on this.

iv. Sen. Olaguir: The Finance Committee did a really good job on deliberations. I think as ASUNM, our goal is to serve an undergraduate population.

v. Sen. Lopez: I want to apologize for getting so heated. I really think that if we work together, we will make something great. I stand by my committee.

b. SGAO

i. I appreciate the passion and all the hard work that you did. You did your homework. The decisions that you made did not make you popular, but you did what was right. You were fair to make sure that the smaller orgs were funded. The passion that I am seeing makes me proud. You guys
were very serious, the figures that you have asked me for were informed. I applaud everyone's passion.

c. Vice Chair
   i. Sen. Flores: I think that all of the appropriations that went through were great. We worked very efficiently. I am proud that everyone did their homework. I think that everyone did great today. I think that the budgets were passed in the correct amount.
