- b. [Appropriation 1F](#) - American Nuclear Society  
Motion to open APP 1F  
Seconded and passed

Peter MacDonald (Undergrad/presenter) & Ethan Krammer(Q/a)  
representing "ANS"

Asking for an appropriation for a trip later this fall.

- To promote and expose students within the program to the upcoming Student Conference.
- Larger Trip than the usual fall trip.
- Will not be asking for a spring appropriation.
- Offers learning opportunities and presentations for skilled development and networking.

- Not asking for funding for student memberships.

~ Benefits for sending these students would include uplifting the reputation that UNM has. 540 Students will be attending in the spring of next year for this conference and will bring a decent amount of attention to our school. This would foster many opportunities for students such as learning and presentations that students would be able to sit in on. The booking group overview has a discounted rate of 1288\$ per unit – 2577\$ total for two units. Students may choose to lodge elsewhere. Students would be charged 450\$. Asking for funding to get student memberships and the justification for funding is that UNMANS wants students to apply for ANS federal grants. Especially encouraged to apply for a D.I.A's. Expected to have a positive net revenue of 20,000\$. 15 students wanted to go. Number set by student planning committee.

**President Pro Tempore Montoya** asked if this organization receives any other funding from the department if cuts are needed?

“Although UNM Nuclear Society is excited for this opportunity, funding options are low so this appropriation is relying mostly on what ASUNM can fund.”

**SEN Gonzales** asks questions and clarifications: Asks for clarification of traveling funding.

“Since the conference is being held in Albuquerque, hotel and airfare for the spring conference is not needed.”

**SEN Holly** asks questions and clarifications: Asks for clarification on the number of how many undergrads and post grads will be attending.

“The split is about even... focusing our finds on undergrad students. More than 10 based on the standing rules.”

**Chair Rutherford** asks questions and clarifications on airfare and hotel price discrepancies.

The chair entertains the motion to recess until 6:45 PM  
*Seconded and Passed*

- Needs 50\$ to be able to print flyers to be able to hang around campus.
- 100\$ for fee's for the SUB 5% fee's.

Senators ask questions:

I. Both - understands the standing rules for funding just for undergraduates but both groups will be in attendance.
- **Sen. Gonzales** asks how many undergrads are planned to attend?

- Sen. Ward: I want to get things done finish business and be generally effective.

c. Public Comment

The lawbook does have legislation or things that need to be fixed or edited. The chair does have the list of legislation and items that need to be fixed. Last note, please address Sen. Zinsmeyer as chair not senator due to the rules of this meeting.
- Ryan Linqvist: Looking forward to working with you guys. I provide an open invitation to talk to you guys about the past, future, or anything else. Utilize me, I am a resource and my office is right next to ASUNM. My door is open and you can ask to see me or you can get an appointment to see me.
