 1. Thank you, Vice President Pacheco. I like to hear everyone making motions and I'm looking forward to a great semester. Everyone has a real passion for helping UNM. We talked a lot about the 4-year plan, but we are still working on it, stop by and ask questions about it. My advice is that people are rooting for you and want you here. If you ever have a great idea or a question everyone is a resource, please reach out. I want to call Sen. Chessman out for her well written resolution last semester, she spent a lot of time on research and reaching out. Also, Sen. Moon

on her resolution, keep doing good work and I look forward to the legislation this semester. Remember why you're here and keep working towards it. We want to make student experience better. I stand for questions.

I think really keep it close to you, know your "why" and why you're here. Remember the reason why you ran and approach this semester while focusing on your passions and don't be afraid to reach out to others. Find a support system this semester, know it is ok to make mistakes, and we will all be here to support you.
